Midland's Goal $29,940

Charity Fund Drive Opens

The Midland Area Charities united fund campaign was launched Monday night with a kick-off dinner attended by about 100 in the American - Yugoslav Club.

Directors, team captains and members and representative of the 18 participating agencies attended. The goal is $29,940.

Atty. Edwin Wallover, general chairman, starts the drive by presenting his personal check to Harvey Sponsor who, with Paul McGeehan, at left, are campaign committee co - chairmen. Edward B. White, right, keynote speaker, looks on.

White, of Ohio View, is president of the Board of Supervisors of Industry Township and assistant to the marketing manager of the Westinghouse Corp. of Beaver.

He explained that persons contributing to the drive would give but once for all the agencies and not many separate times.

"Everyone should give a fair share and as he can afford," he said.

He said he is in a position to believe that business and industry are on the upgrade and the drive should be a success.

He cited the many uses of the funds in helping the people of Midland and the area "now and in future years."

Atty. Wallover, who introduced White, told the group the meeting "should be an inspiration for all working in the drive."

"Someday, your efforts will help some child to find a place to be housed and a place to be loved or help some adult find happiness," he commented.

McGeehan introduced each block captain, who in turn presented members of his team for the solicitation.

The invocation and benediction were given by Fr. Francis E. Paul, pastor of the Presentation Catholic Church.

Nationalists Shoot At 8 Red Planes

Communists Did Not Attack And None Of Aircraft Was Hit

TAIPEI, Formosa (AP) — Nationalist Chinese antiaircraft guns on Quemoy punctuated the cease-fire in the Formosa Strait this afternoon, firing on eight Communist planes which flew over the offshore island.

The Nationalist Defense Ministry said the Red aircraft did not attack and were not hit by the Nationalist fire. They flew back toward the mainland.

The Quemoy antiaircraft batteries were the first guns to go off in the area since the Communists proclaimed a seven-day cease-fire, effective 40 hours before.

Observers in Taipei did not consider the Quemoy truce had necessarily been broken, since the earlier Communist announcement had spoken only of halting the artillery bombardment against besieged Quemoy and the neighboring Nationalist islets.

U.S. Navy ships escorted more supplies to Quemoy today, again defying the Red demand that the cease-fire be accompanied by a halt to the American convoying.

The Reds had announced they would halt their attacks on the islands for a week beginning Sunday midnight if the Americans stopped escorting the Chinese Nationalist supply ships. But Monday and again today they offered no opposition to Nationalist convoys which still were shepherded by ships of the U.S. 7th Fleet to the three-mile limit off Quemoy.

Supplies also were dropped on Quemoy from Nationalist C46 transports.

Reports from Washington said it was expected there the American escort operations would be suspended in a day or two, and that the suspension would continue as long as the cease-fire did.

The Nationalists had virtually no expectation that the Reds would prolong the truce beyond the one-week period they set themselves. The local air was filled with predictions of major Communist military action when the period expires Sunday midnight — or even before.

Nationalist intelligence sources reported that the Communists had been commandeering motorized junks along the China coast from Hong Kong area northward for a possible invasion of the Quemoys. The Reds were reported to have ordered that none of the crewmen should be under 25 years of age because only experienced men were wanted.

Cautious Hope Expressed

Pope Pius Continues To Improve, But His Condition Is 'Grave'

Thousands Send Hopes Of Recovery

Medical Report Says Pontiff Took Solid Food, Senses Lucid

CASTEL GANDOLFO, Italy (AP)—Pope Pius XII continues to show improvement, an official medical bulletin announced today.

The bulletin, third released since the 82-year-old head of the Roman Catholic Church was felled by a cerebral stroke Monday, indicated the pontiff's tremendous continuing resistance to the inroads of illness.

For the first time since the stroke partially paralyzed the Pope some 26 hours before, there was cautious expression of hope that he could recover.

Even so, his condition continued to be regarded as grave.

The bulletin, read in the square outside the Pope's summer residence, said:

"The condition of His Holiness, in general, continued to improve throughout the night. His senses appear to be completely lucid. There are no signs of failure of the movements. Last night the hiccups (with which the Pope has been troubled for a week) again reappeared, but they disappeared early this morning. . ."

The bulletin added, "There are no signs of motor deficiency." This indicated that the partial paralysis which accompanied the stroke had ended.

Earlier Msgr. Angelo dell'Acqua the Vatican substitute secretary of state, told newsmen the Pope had spent a quiet night and "his improvement is satisfactory and progressive."

One of the attending doctors, Prof. Ermanno Mingazzini, said the Pope this morning had been able to take solid food — some shredded chicken in thin broth—for the first time since the stroke. Mingazzini also said a kidney block which developed Monday had been overcome.

The bulletin was signed by the Pope's personal physician, Prof. Riccardo Galeazzi-Lisi; Antonio Gasbarrini, a specialist from Bologna; Mingazzini; and Ferdinando Corelli.

Scores of persons maintained a vigil outside the palace in this hill town 18 miles south of Rome. Thousands of messages of hope for his recovery poured into the Vatican. Around the world prayers were said.

The Pope suffered a blocking of blood to the brain soon after saying mass and receiving communion Monday. He fell into a coma and was partially paralyzed. Extreme Unction, the last rite of the Roman Catholic Church, was given, and members of his family were summoned.

Later in the day the pontiff rallied, and a bulletin at night said his condition had "appreciably improved" so far as the circulatory disturbances were concerned.

Eisenhower Set To Risk His Prestige

Pep Meeting Shows He's Set To Face Democratic Critics

WASHINGTON (AP)—President Eisenhower apparently is eager to lay his prestige heavily on the line in a stepped-up congressional campaign he says may decide the fate of "moderate government."

His White House pep meeting with GOP leaders Monday produced strong signs that he will bear down on the twin issues of socialism and higher taxes in a forthcoming chins-up tour to stir up Republican voters.

At the same time, he made it clear he is ready to take on all Democratic critics of the manner in which he has handled the crisis over Quemoy and Matsu.

GOP National Chairman Meade Alcorn reported Eisenhower was "very vigorous" in condemning those who contend the Nationalist-held islands aren't worth fighting for. Alcorn quoted the President as saying his critics missed the point that the principle of halting possible Communist aggression is involved.

However, a joint statement issued by the conferees after a 2½-hour session with Eisenhower laid heaviest stress on the contention that continued Democratic control of Congress would point the country "down the left lane which leads inescapably to socialism."

Alcorn said the statement was revised to include some presidential suggestions. This led to an assumption that Eisenhower may be pigeon-holing his theme of "Modern Republicanism" for the time being in favor of an attack on the old-line GOP's target of "socialism."

In the past some Republicans have grumbled that Eisenhower himself was too much of a New Dealer to suit them because of his proposals for expansion of social and welfare services of the government.

The presidentially approved statement pictured a black future for private enterprise if the Democrats win in November.

It said that because the Democratic party is "dominated by certain politico-labor bosses and left-wing extremists" any future Congress controlled by the party "would be far to the left of the New and Fair Deals."

"Taxation for political purposes would again become a harsh reality with an increased Democratic majority in Congress," the GOP leaders said. "Imposition of higher federal taxes to finance grandiose spending schemes would become a reality."

Alcorn quoted Vice President Nixon as expressing the belief at the conference that peace and economic recovery are the principal campaign issues.

Burton To Retire On Monday From U.S. High Court

WASHINGTON (AP) — Justice Harold H. Burton is retiring next Monday after 13 years on the Supreme Court—opening the way for the court's first Eisenhower-appointed majority.

The White House announced the 70-year-old jurist's unexpected request for retirement Monday night a short time after the court opened its regular fall term.

The announcement gave no indication of whom President Eisenhower might name as a successor to Burton or how soon he might act.

Burton, a Republican, wrote Eisenhower he was retiring "with regret but in accordance with competent medical advice and with a desire to serve the best interests of all concerned." Burton's two-paragraph letter didn't elaborate.

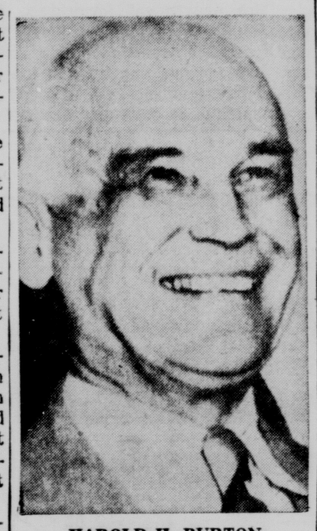

Approving the request, Eisenhower praised Burton for "devoted and dedicated public service."

Eisenhower's appointment of a successor will be his fifth to the nine-man court.

Except for his selection of Chief Justice Warren—a former California governor and twice an aspirant for the Republican presidential nomination — Eisenhower has picked Supreme Court judges from other judicial posts.

Of the three other Eisenhower appointees, Justices John M. Har-

$8,689 Income Tax Funds To Go To Streets

Council Releases Money To Finance Seal-Coating, Repair

Council appropriated $8,689 out of income tax revenue Monday night to finance seal-coating and repair of blacktop pavement and oiling of unsurfaced streets.

Acting on a request for funds made Sept. 15 by Safety-Service Director Dan Maggianetti, Council provided $5,000 for seal-coating and oiling and $3,689 for blacktop repairs and other miscellaneous maintenance of surfaced streets.

In a companion measure, Council authorized the director to advertise for bids for material needed for the seal-coating and oiling project — 14,000 gallons of bituminous asphalt mixtures and 400 tons of slag. In the seal-coating, the blacktop street is covered with a sprayed coat of liquid asphalt emulsion and then fine slag is scattered on the fresh mixture.

The project will be handled by city crews and equipment. A few weeks ago, the city took delivery of a tank-type distributor truck with which it can apply seal-coating material and oil.

Early in the summer, 19 streets were seal-coated and about 55 were oiled under contract.

The amended appropriation ordinance also provides $60,993 in additional salary funds in all city departments to cover the general 10 per cent pay increase voted for all employes in mid-summer.

The additional appropriation also provides for the salaries of 9 men added to the police department and 5 men named to the fire department.

When the pay raise was voted, Council did not appropriate additional funds for payroll purposes. It was necessary to provide additional money in each department representing the difference between old and higher scales.

The two largest amounts in the appropriation are for higher salaries and pay of new men in the fire and police departments. The ordinance provides $21,998 for the

Firemen Begin Fund. Campaign At Newell

Newell volunteer firemen launched their annual campaign Monday to obtain funds for upkeep and maintenance of the fire department.

Firemen, who will conduct a door-to-door campaign during the month, have urged Newell residents to contribute generously so that new equipment can be purchased and worn-out hoses and pumps can be replaced. Firemen also cited the increased costs of equipment in their appeal for substantial donations.

Fire Chief Carl Durham is chairman of the annual campaign, which will be held the remainder of this month or until the entire community is contacted.

Senk Prefers Beaver Cell To Florida Jail

BEAVER — Florida may be a winter vacation spot for many but Frank Senk of Aliquippa apparently would rather stay in Beaver County Jail as a suspect in the mysterious disappearance of 15-year-old Becky Triska than return to a Florida prison as a parole violator.

His attorney, Harry Garrett, said he has dropped plans to seek Senk's release on a writ of habeas corpus. "Senk doesn't want to go back to Florida," his counsel declared.

The attorney said even if he obtained Senk's release he would be returned to Florida for violation of his parole. He did not disclose the nature of the violation but accounts of his movements the night the Baden girl disappeared placed him outdoors after midnight — a technical parole violation.

Although urged by his counsel to take a lie detector test, Senk has refused because of his previous experiences with Florida police.

Garrett discounted the similarity of strands of hair found in Senk's car and on Becky's hairbrush, explaining the 25-year-old unemployed clerk has three nieces and a sister with red hair who have ridden in his car.

There still is no trace of Becky, who was last seen Sept. 19 at a drive - in restaurant. Senk was picked up after witnesses said Becky was in a car similar to his.

Heart Attack Fatal To Ohio Legislator

AKRON, Ohio (AP)—John L. Smith, a member of the Ohio House of Representatives died today of a heart attack. He was 45.

Smith, a Barberton Democrat, served in the General Assembly in 1949 and 1950 and was elected again in 1956. He was running for re-election.

U.S. To Quit Escorting Of Chiang Ships

Order To 7th Fleet Based On Red China Letup Of Shelling

WASHINGTON (AP) — The United States, taking its time, is expected within a day or two to quit convoying Nationalist Chinese supply ships in the Formosa Strait.

The order to the U.S. 7th Fleet is to be based on the absence of Communist shelling — not on the condition laid down in Red China's offer Sunday to cease firing for one week provided U.S. convoy operations halted.

Officials drew that fine line of distinction to emphasize two points:

1. That Red China started the trouble with six weeks of almost continuous bombardment of Quemoy, and could ease tensions any time, without conditions, simply by stopping the shooting.

2. That U.S. convoying has been strictly in international waters, and nobody tells the United States what to do on the high seas.

Officials were gratified at the Red Chinese offer. But they were not unaware that it contained a number of diplomatic-propaganda hookers.

A determination to avoid getting snagged on any of them explained why the United States was taking its own good time about ordering a suspension of the convoy.

That was clear in a State Department statement welcoming the Peiping bid. Noting that no firing would mean "no further necessity for the convoy," the statement said: "This question is being given careful consideration."

Man, 35, Fined In Check Case

Ex-North Carolinan Facing 4 Charges

A 35-year-old auto salesman was taken into custody Monday by East Liverpool police on charges he passed four fraudulent checks for a total of $100 on East Liverpool business places.

He was identified as Darwin S. Sessions, who came here about a month ago from Greenville, N. C. He had been residing at the YMCA.

Charges were filed in Municipal Court alleging Sessions passed a $10 check Sept. 22 on the Travelers Hotel and a $30 check Saturday at the Turf Bar on Broadway. In addition, police said, Sessions cashed a $20 check at the Vi-Jon Bar on E. 6th St. and a $40 check at the Central Service auto agency on W. 7th St.

Richard Forzano, manager, signed the charge accusing Sessions of passing the check at the hotel and Mrs. Bernice W. Patrick, 820 St. George St., filed the charge in connection with the check cashed at the Turf Bar.

Sessions pleaded guilty this morning in Municipal Court in connection with the checks passed on the Turf Bar and the Travelers. Acting Judge Robert A. Kapp fined him $100 on each count and ordered him remanded to jail pending payment. However, any amount that Sessions pays in restitution will be deducted from the fines, the judge ruled.

All the checks were drawn on the First National Bank. The charges allege that Sessions wrote the checks "well knowing that he had no account" at the bank. Three of the checks were turned over to police by the bank last week. The fourth, the one passed at the Turf Bar, was given to officers yesterday morning.

Police said Sessions worked until yesterday as a salesman for a downtown auto agency. He took a new job Monday morning at an East End agency. Sessions was taken into custody by Patrolman Thomas Walker of the police special services bureau.

Promises Action In 1959

Board Member To Seek September Time Change

Leo C. Lawrence, a member of the Board of Education, announced at its meeting Monday night he will attempt to have city schools return to Eastern Standard Time by the last Sunday in September 1959, unless Council makes an official change in the city time before then.

Lawrence told fellow members at the board that he will make a motion for schools to return to slow time unless Council has acted by Sept. 1.

He said the board did right in presenting the problem to Council recently but added that its first responsibility is for the safety of the children and secondly to the community.

Although the time problem "has been kicked around a long time," Lawrence said it would be impractical to make the change now since there are only 14 school days remaining before the city drops Daylight Saving Time.

A change now "would disrupt our own system," he said, explaining it would require several days before the change could become effective.

James Lowe, president, who urged a time change at the meeting Sept. 15 said he is for a change immediately "regardless of the number of days involved." An immediate change might save lives, he added.

The time problem first came up for a discussion at the meetings

Deck Officers 6-Day Strike Comes To End

1,300 Will Return After Walkout Tied Up 60 U.S. Ships

NEW YORK (AP) — A six-day strike of ship deck officers has ended and the issues in dispute will be arbitrated by AFL-CIO President George Meany.

Meany said the 1,300 strikers would resume work today.

The strike tied up about 60 American passenger and dry cargo ships berthed in Atlantic and Gulf Coast ports.

Meany announced Monday night that the strikers' union and management had agreed on the issues he is to arbitrate.

Arbitration sessions will start here Oct. 21.

The deck officers are members of the International Organization of Masters, Mates and Pilots. The 23 shipping companies involved

Congressman McGregor Of Ohio Claimed

Heart Attack Fatal To Legislator, 62, At Coshocton Home

COSHOCTON, Ohio (AP) — U. S. Rep. J. Harry McGregor, Ohio Republican, died today at his home here. He was 62.

His body was found by his administrative assistant, Robert W. Bruning, when the latter reported for work this morning at the McGregor residence.

Dr. Floyd W. Craig of Coshocton, who was called in, said death apparently was due to a heart attack. He said McGregor had been dead about six hours.

McGregor entered Congress in 1940. He was elected at a special election to fill the vacancy caused by the death of William A. Ashbrook. He had served continuously since and was a candidate for re-election at the Nov. 4 election.

British Unemployment Reaches 11-Year High

LONDON (AP) — British unemployment last month was the highest in 11 years, 476,000 persons out of work. The Ministry of Labor announced today that one of every 50 workers was jobless. A year ago there were only 267,000 idle, or one in every 83.

The record unemployment is in the midst of general British prosperity unequaled since the war.

The trouble is a minor recession in various manufacturing fields, due partly to overseas competition. Output in the manufacturing industry is running about 5 per cent below last year's.

LONDON (AP)—Fifteen policemen have hit the jackpot with a world record football pool win expected to be worth nearly $700,000. And the take isn't taxable.

Council Clarification Asked

'Yes' And 'No' Vote Seen Misleading On Tax Ballot

Because of "ambiguous" and "misleading" wording of the ballot voters will mark Nov. 4 on the city income tax question, "yes" means "no" and "no" means "yes," F. D. Erwine, 323 Thompson Ave., charged in an open letter he read to Council Monday night.

"Unless some action is taken by this Council to clarify the language on this ballot, the citizens of East Liverpool are not being protected and the City Council will not be doing the job that every voter has the right to expect," Erwine charged.

Councilman George E. Willshaw and President B. E. Warner pointed out to Erwine that Council had no control over the wording on the ballot. The wording was based on an initiative petition circulated by Trades and Labor Council, they explained.

"I just want you to know about it," Erwine replied.

In his letter, he said the ballot asks the voter to vote "yes" or "no" on this question: "Shall the proposed ordinance of the City of East Liverpool repealing Ordinance No. 19, 1958, of the City of East Liverpool, Ohio, commonly referred to as the 'City Income Tax Ordinance,' be adopted?"

A "yes" vote would be for adoption of the new ordinance, repealing the tax ordinance, and a "no" vote would be against repeal and in favor of retaining the tax.

Early Ballot Requests Show Election Interest

Indicating unusually strong interest in the Nov. 4 general election, 21 Columbiana County residents already have obtained absentee ballots from the Election Board.

The ballots are for persons who will be outside Columbiana County and at least 10 miles from their home precincts on election day. Issuance of the ballots began Monday.

Frank R. O'Hanlon, clerk, said the board is receiving many requests for applications for the absentee ballots. Meanwhile, 61 have been issued under the Ohio "soldier voting law" to persons in the armed forces and civilians residing temporarily outside the United States.

'Tides Of Opinion'

Numerous Angles Figured In Vote

WASHINGTON (AP)—A candidate's flashing smile...a lingering memory of past scandals...a worker out of a job...a boss who hated unions...a candidate who worked around the clock, another who sat on his chair cushion...split party organizations...John Foster Dulles.

Put them all together, add your own reason for voting as you did, throw in a couple of other factors at random and you have the kaleidoscopic explanation for Tuesday's election results.

Unquestionably there were some tides of opinion felt throughout most of the nation: the normal midterm wish for a change; some dissatisfaction with the Eisenhower administration's leadership or lack of it; strong union activity.

But in hardly any two states or congressional districts was the story the same. Sometimes identifical factors produced opposite results.

This is shown by on-the-spot reports from Associated Press Bureaus in nine states which had contests of more than usual interest. The reports point to local men and local conditions more than to national issues as the determiners of victory or defeat.

Running down the list of these states:

NEW YORK—Biggest single factor undoubtedly was the emergence of Nelson A. Rockefeller as a spectacularly popular figure, a millionaire with a million-dollar smile, who came down from his skyscraper office, mingled with the voters, patted babies' heads, and beat the daylights out of his Democratic opponent, Gov. Averell Harriman.

"Rocky" — a nickname that would have appalled grandfather John D.—whisked Rep. Kenneth B. Keating into the Senate on his coattails. Ample campaign funds didn't hurt, of course.

CALIFORNIA — Edmund G. (Pat) Brown is well enough liked, but no glamor boy on the Rockefeller scale. Still, he won the governorship overwhelmingly for the Democrats, in large part because (1) his opponent, Sen. William F. Knowland, favored a right-to-work law and the unions mobilized to beat him, and (2) there was widespread resentment of the political byplay which forced GOP Gov. Goodwin J. Knight to abandon reelection hopes and run for the Senate instead. Knight lost too — to Rep. Clair Engle. A Knowland-Knight feud hurt both men.

ARIZONA—Much union activity here too—against conservative Republican Sen. Barry Goldwater. But a lot of it came from outside the state and a good many voters resented it. Besides, Goldwater waged a far more vigorous campaign than his opponent, Gov. Ernest McFarland. Result: Goldwater won and the Democratic tide was washed back again.

WISCONSIN — Democratic Sen. William Proxmire, who never stops campaigning, beat Republican Roland J. Steinle, who never really started campaigning. It was almost as simple as that. Another factor: Some people just plain wanted to vote against Republicans.

PENNSYLVANIA — Another easy one to figure. Pittsburgh's Democratic Mayor David Lawrence is a well-known political figure, widely known too for civic accomplishments such as a lead-

Jury Will Try 3 Ex-Officers

Jury Selection Set Monday At Lisbon

A Common Pleas Court jury is to be selected at Lisbon Monday in the scheduled trial of two former policemen and an ex-special officer on a 1956 indictment for burglary of the Burbick Hardware Store.

Ira Cunningham and Robert Carroll, former officers, and Jerry Raimond, ex-special officer, will be co-defendants in the eighth of a series of police burglary trials.

A special venire of 50 prospective jurors will report for the start of the trial, which was continued from Oct. 20 when the defense counsel challenged the jury array.

Ira Burbick, co-owner of the store, had been serving as juror in other court cases, and it was contended his acquaintance with the prospective members of the jury might be prejudicial to the defendants.

A trial for Cunningham and Carroll ended last Friday when a jury could not reach a verdict on a charge of burglary of the Smith & Phillips Co. Prosecutor G. William Brokaw scheduled a retrial to begin Monday, but the case was continued when Atty. Hugo Alexander of Steubenville, defense attorney, reported he was ill.

Russia Fires Two A-Tests, U.S. Claims

President Declares U.S. Suspension To Continue At Present

WASHINGTON (AP)—The United States announced today that Russia has fired two nuclear weapons tests since this country halted testing. President Eisenhower said, however, that the American suspension will continue for the time being.

In a statement, Eisenhower appealed to the Soviet government to join in a temporary ban on experimental nuclear explosions.

At the same time he warned:

"If there is not shortly a corresponding renunciation by the Soviet Union (of testing), the United States will be obliged to reconsider its position."

Announcement of the new nuclear explosions in the Soviet Union was made by the Atomic Energy Commission.

There was an implication in the AEC statement that the Soviets might have thought the two tests would not be detected, although this was merely a speculation.

The AEC statement said:

"The Atomic Energy Commission today announced detection of two nuclear weapons tests which occurred in the U. S. S. R. on Nov. 1 and Nov. 3, respectively.

"Both explosions were of relatively low yield. They were conducted at a test site in the southern part of the U. S. S. R. rather than at the Novaya Zemlya test site north of the Arctic Circle where most of the tests in recent weeks have been held."

Eisenhower in his statement said that "this continued testing by the Sovite Union has occurred despite the fact that negotiations for the suspension of testing of nuclear weapons have since Oct. 31 been under way at Geneva."

The United States, he recalled, announced Aug. 22 that concurrently with the opening of the Geneva negotiations it would suspend the testing for one year "unless testing is resumed by the Soviet Union."

Russia suspended tests March 31 and had not yet resumed them in August. Soviet scientists started a new series at the end of September, Moscow arguing that this was necessary because the United States and Britain had not accepted the Russian proposal in

Dramatic Plane Landing By Light Of Flares

20 Marooned Scientists, Airmen Rescued From Ice Floe In Arctic

ANCHORAGE, Alaska (AP) — Drifting Station A's 20 marooned men were snatched to safety Thursday night in a dramatic arctic rescue carried out by the light of flares.

All 20 of the rescued scientists and airmen were reported to be in excellent condition despite five days of isolation.

They were stranded Sunday on the Arctic Ocean 300 miles from the North Pole when an unseasonal polar storm ripped their mile-square ice floe apart.

The scientific station they were maintaining was an International Geophysical Year project.

A C123 from Thule, Greenland, guided only by flares set out by the men themselves, landed and hustled them aboard. There is no daylight during the arctic winter.

The 11 Air Force men and nine civilians will be flown to Thule and then to Ladd Air Force Base, Fairbanks, Alaska, the base of operations for most of the civilians and the home base for the Air Force personnel.

The Air Force first reported 21 men on the floe but later changed it to 20 when it was discovered that one airman, believed to be aboard the station, still was on leave.

The 10-foot-thick ice floe, first manned as an IGY scientific station in the spring of 1957, was ripped into two 1,000-foot-square pieces by the storm.

The men were marooned on the campsite half. The runway used to supply the station was on the other half.

The marooned men were informed of the rescue plane's approach by radio. They made a dash by small boats across a mile and a half of open water to the runway half of the island.

The scientific station, under command of Air Force Capt. James F. Smith, Oklahoma City, was engaged in a wide variety of IGY studies.

The chief scientist was George Cvikanovich of Columbia University, New York. Another one of the civilians was Father Thomas Cunningham of Barrow, Alaska, an expert on polar ice conditions.

The Air Force said there probably would be no attempt to get personnel back on the island this winter, because of the danger of carrying out such an operation in total darkness.

The Air Force said the abandoned floe or another like it would probably be manned next April.

Geneva Blast, Fire Loss Put At $100,000

None Injured As Explosion Touches Off Downtown Blaze

GENEVA, Ohio (AP)—An explosion touched off a fire that raced through two buildings in downtown Geneva early today. No one was injured. Damage was estimated unofficially at more than $100,000.

The explosion, of undetermined origin, occurred as a cruiser of the Ashtabula County sheriff's office was passing a two-story brick building housing Turner's Restaurant.

When Geneva firemen arrived a few minutes later the fire already was out of control, Fire Chief Edwin Jones reported.

Jones said the restaurant and unoccupied offices on the second floor were gutted. A three-story brick building next door, occupied by Central Hardware, Village Grill an appliance store and the Odd Fellows lodge, was almost destroyed, the chief said.

Jones gave the damage estimate which he said did not include water damage.

Fire companies from eight communities fought the blaze for three hours before it was brought under control.

Geneva City Manager R. P. Salisbury said a heavy firewall protected a third building occupied by the Geneva Federal Savings and Loan Co.

Salisbury said the explosion was at the rear of the restaurant, which was closed at the time.

Shortly after the call went to the fire department across the street from the burning buildings, "The whole place burst into flame." said Salisbury. "The fire must have hit a gas line because the front window blew out."

In a matter of minutes the second building "was like a furnace."

Chief Jones said the fire "went right up into the third floor where the Odd Fellows have their lodge."

Roofs of both buildings caved in, and three walls on the first building collapsed.

The buildings face on Main street, which is also U.S. 20. Traffic on the busy highway was routed through side streets.

The restaurant, recently reopened after being vacant about a year, was to have held a grand opening celebration today.

Mercury Dips To 22 As Season's Lowest

The lowest temperatures since last winter prevailed over the Tri-State District today with a 22 reported at Millport and 30 at Dam 8 at Newell.

Some sections of Eastern Ohio reported snow flurries but the East Liverpool area got by with only frost. The highest reading Thursday was a 51 recorded at the dam yesterday afternoon.

Today's high is expected to range between 50 and 55 and tonight's low will be 30 to 35 but a warming trend is due for Saturday.

X MARKS THE SPOT where 20 men, marooned since Sunday, were removed safely early today from an ice floe in the Arctic Ocean by a rescue plane from Thule, Greenland. The men were reported in good condition after the rescue carried out in 20 below zero weather. The plane will be refueled at a Royal Canadian Air Base and then returned to Thule. The men later will be flown to Ladd Air Base at Fairbanks, Alaska. (UPI Telephoto)

Public Offices And Banks To Mark Holiday

In observance of Veterans Day, East Liverpool financial institutions and federal and state offices will be closed all day Tuesday. Some schools will close but East Liverpool's will remain open, including the Parochial School.

The Post Office will follow its usual holiday schedule with no delivery or window service, but mail will be received and dispatched as usual. It will observe regular closing hours Wednesday.

The Ohio State Employment Service office also will be closed with Tuesday claimants reporting on Monday. The City Hall will be closed.

Financial institutions will be closed all day Tuesday and will observe their normal closing Wednesday noon. The Carnegie Public Library, Ohio State Liquor Store and Ohio Valley Business College also will be closed.

The Courthouse at Lisbon will be closed, as will the Post Office and banks at the county seat.

Wellsville public schools will close for the holiday, but the Immaculate Conception Parochial School will conduct classes.

Beaver Local schools and other schools in the Columbiana County rural system will close. Lisbon schools will remain open.

All schools in Hancock County will close, along with the Courthouse in New Cumberland. The New Cumberland City Building will also be closed Tuesday.

Will Meet Him Halfway

Ike Gets Promise From Democrats

WASHINGTON (AP)—Sen. Lyndon B. Johnson (D-Tex) pledged victorious Democrats today to meet President Eisenhower at least halfway to avoid partisan warfare in the two years ahead.

The Senate majority leader said that a nation "cannot exist in the field of foreign affairs and defense when it speaks with two voices."

At the same time, Johnson sketched the broad outlines of a 12-point legislative program, some parts of which are certain to draw Eisenhower's fire.

Johnson also took obvious note of Eisenhower's campaign speeches calling some Democrats spendthrifts, radicals, boondogglers and gloomdogglers, but said his party would not seek revenge.

"Every campaign, of course, produces its exaggerations and its heated remarks," said Johnson, who with House Speaker Sam Rayburn will lead the next Congress.

"Some people will say things—when they see a few votes fading away—which they would never say upon reflection."

Johnson's speech was prepared for a Texas Business Education Day at Big Spring, Tex. Copies of his address, his first since Tues-

Who Is She?

Yesterday we asked you if you knew Ann Landers.

She's an attractive Chicago housewife. She's the mother of a 17-year-old daughter. There's nothing so unusual about that.

But what IS unusual, she receives hundreds of letters a day from all parts of the country. One of these days soon she may even be getting a letter from YOU!

Why? How?

You'll be learning more about her . . . and meeting her in print . . . soon in The Review.

U.S. Delays Shot At Moon

Knock Cited; Reset Saturday Or Sunday

CAPE CANAVERAL, Fla. (AP)—A strange knocking noise inside the missile early today caused postponement of the latest Air Force attempt to shoot a satellite around the moon.

The huge Pioneer moon rocket glowed in the rays of floodlights for more than two hours in a driving rainstorm before the launch was called off at 12:34 a.m.

The Air Force has two more chances to shoot for the moon this month — in the early morning hours of Saturday and Sunday and then only within a critical time period of 18 to 20 minutes.

The time on a moon launching is critical because the earth and moon are in the opportune position for just brief periods each day.

If the missilemen fail to fire within the specified time, they will have to wait until early in December.

Levy Office Acts To Halt Operations

Refund Measure's Legality Doubted; Test To Be Required

The city income tax ordinance, "born" May 1, will die officially at midnight Thursday.

Although the death blow was dealt at the polls Tuesday, state law sets up the procedure that determines the effective date of the demise.

Curiously enough, it's predicated on action of the County Election Board.

The state law says an initiative ordinance adopted by the voters will become effective five days after the election result is certified officially by the County Election Board.

The board started its official canvass of the returns Thursday morning. The count still is moving along on schedule, and the board expects it will be completed in time for the official certification to be made Saturday to Secretary of State Ted W. Brown at Columbus.

That means next Friday will be the effective date of an ordinance which voters adopted at the polls, repealing the income tax legislation enacted by Council late last spring.

With the new ordinance becoming effective Friday, the city's income tax law will die at midnight Thursday.

Two more initiative ordinances also will become effective Friday, but their constitutionality still has not been decided.

One would require the city to refund all the money it has collected in income taxes. The other would prevent Council from enacting an income tax again without a vote of the people.

From the outset, the administration contended the two were contrary to the Ohio Constitution. The showdown on refunds may move into the courts if someone files an application for the city to return his money.

Meanwhile, the city's income tax office is preparing to close out its operations.

Forms will be sent to each employer who withholds the tax from his employes' earnings. The employer will report the total amount of wages and salaries paid and the tax withheld in the period from Oct. 1 to the official cut-off date of the tax. Previously, the withheld tax funds were paid to

Beaver Local May Resubmit Bonds, Levy

Recount Also Seen On New Waterford Sewer Finance Plan

As an aftermath of the apparent defeat of two fiscal measures at the polls Tuesday, Beaver Local School District is considering a special election to resubmit a combination $209,000 bond issue and half-mill tax levy and New Waterford village officials have indicated they will seek a recount attempting to reverse the 5-vote margin by which a $35,000 sewer bond issue was turned down.

The possibility of resubmitting the combined bond issue-levy will be discussed by the Beaver Local Board of Education Monday night at 8 at the Beaver Local Public School.

The 2.1-mill combined issue, designed to enable the district to receive additional state funds for a continued building program, failed to gain approval in Tuesday's election in a narrow margin of 1,180 to 1,010 votes.

The state has tentatively approved a $326,000 grant for the dis-

City Will Push Work Despite Defeat Of Tax

Work on a street seal - coating program and scheduled replacement of overhead doors at Central Fire Station will move ahead despite defeat of the city income tax by voters, Safety - Service Director Dan Maggianetti said today.

The current projects can be completed because the necessary funds already have been appropriated out of the tax revenue, the director explained.

The current seal - coating program, covering 14 streets, is about 50 per cent complete, the director pointed out. Major thoroughfares on which the blacktop surfaces already have been treated include Wyoming and Idaho Aves. on Pleasant Heights, Anderson Blvd., E. 2nd St. and State St.

"The program will be continued as long as favorable weather prevails and money is available," Maggianetti said.

He also emphasized that the defeat of the tax "will not mean any let down in law enforcement."

The Board of Control expects to let a contract totaling approximately $4,000 today for replacement of overhead doors on the Broadway side of Central Fire Station. One overhead door on the St. Clair Ave. side will be replaced and another will be bricked up half way. Smaller doors on a garage housing the chief's car also will be replaced.

The director explained the city will be able to go ahead with any improvement for which funds already have been set aside. But it will be forced to cancel any improvement that was scheduled, but for which funds are not actually on hand, he said.

Trials Await Tax Violators

Ordinance Repeal Won't Halt Charges

Repeal of the city income tax ordinance will not halt prosecution of violators, City Solicitor Joseph W. Cooper said today after Municipal Judge George L. Brokaw granted a request for a jury trial made by a man accused of failing to file an income estimate prior to the deadline July 15.

The judge granted the jury trial request of William F. Azdell of Harding Ave., which had been under advisement since a hearing Oct. 29. The charges against Azdell were filed about two weeks ago, alleging that he did not file an estimate of his income for the year before the deadline set by ordinance.

No date has been set for Azdell's trial.

The solicitor's statement said:

"There has been some comment on whether the city would prosecute Mr. Azdell as well as other cases of violation of the income tax law. It will be the policy of the city to prosecute.

"The income tax law was duly enacted and Mr. Azdell violated that law. To excuse him for the violation because the people repealed the law would be unfair to those citizens who obeyed the law, filed returns and paid their taxes."

Boy Burglars' Hearings Set

3rd Youth Held For Hancock Violation

Two 17-year-old East Liverpool district boys were scheduled for hearings today before Juvenile Judge Louis Tobin at Lisbon in connection with the weekend burglary of a Beaver County American Legion post home and the third suspect in the case was turned over to Hancock County authorities as a probation violator.

Hearings are scheduled at the Courthouse for a Sub - station youth and a Lisbon boy, who admitted breaking into the home of South Side American Legion Post 952 on Route 168 between Georgetown and Laughlins Corners. The alleged probation violator turned over to Hancock authorities is a 16-year-old East Liverpool boy.

Howard Leeper of Georgetown R. D. 1, commander of the post, today denied that the boys obtained three bottles of liquor in the burglary. He pointed out the post home is in dry territory. However, all three boys gave police a statement in which they said the Legion home was the only place they entered.

Leeper said the burglars entered by breaking a window, then rifled the coin containers in a cigarette vending machine, a telephone and a music box. The loot recovered by East Liverpool police included a bottle of whisky, a fifth of gin and a bottle of vermouth, plus four bottles of beer.

Leeper theorized the boys burglarized another place before or after entering the Legion home. Questioned on that particular point, the boys denied a second burglary, police said.

Assali Quits, Nasser's Hold On Syria Firm

CAIRO (AP) — President Nasser's hold on Syria tightened today with the elimination of a vice president of the United Arab Republic who hindered close Egyptian rule of the province.

A sweeping reorganization of the U.A.R. government to centralize control of both provinces in Cairo was expected to be announced soon.

Sabri Assali, the last premier of Syria before it voluntarily joined Egypt under Nasser last February, said he had resigned the vice presidency he got when the two countries merged. The government-controlled Middle East News Agency said he was dropped.

Assali was removed to clear the way for a central government instead of the present system of dual ministries for the two provinces, the news agency said.

A representative of the old school of Syrian politicians, Assali was a brake on Nasser's plans to extend Egyptian control over the new province.

police department and $11,640 for the fire department.

The additional payroll funds, by departments are: General fund, $2,151; safety fund, including the fire and police departments, $35,157; health fund, $1,742; service fund, $768; incinerator department, $5,406; Civil Defense fund, $176; water works fund, $5,688, and sewage revenue fund, $265.

The appropriation also provides: $250 for a clothing allowance for new firemen, $600 for City Hall maintenace, $250 for a fire department training program, $300 for fire department incidentals, $150 for fire department laundry, $400 for police department radio rental, $300 for fuel and light in the fire department and $200 for lands and buildings in the water department.

Time

(Continued from Page One)

Sept. 15 of the board and Council and the two agencies worked out plans for a conference on Sept. 19.

At the conference, councilmen agreed informally to set up machinery at last night's meeting for a survey of area communities to determine how they feel about ending fast time on the last Sunday in September in 1959.

However, Council took no action last night. Near the close of the meeting, Councilman H. A. Tullis reminded members of the conference with the board and asked if any communications had been received from other communities.

Lowe also brought up the possibility of erecting an administration building, declaring it should be considered in the near future.

He said the construction would provide space in the high school for about 90 more students and give teachers adequate lounge facilities. The board president pointed out the long - range prediction on school enrollment indicates the high school will house more pupils by the mid-60's in three classes than it did when four grades were in the building. All of the administration offices are housed in the high school.

Asked for his opinion, Supt. Ralph W. Betts replied, "The system needs so many things that it might not be the soundest expenditure of money."

The board earlier had heard a request from a Glenmoor delegation to have dirty walls and ceilings remedied. James Blazer spokesman, told the board the building was washed last summer but spots still can be seen.

"It was a lack of proper equipment or proper supervision," he commented. Betts agreed it was "a miserable job" of washing but said two other school interiors had been washed and no trouble was encountered.

The superintendent said the spots can't be removed without taking off the paint and the board lacks the funds to have the building repainted at this time. The building committee was asked to investigate.

Tax Ballot

(Continued from Page One)

"Because the wording is so positively misleading, a high percentage of the voters (approximately 90 per cent or more) who are definitely against the city income tax ordinance actually will vote to keep this tax, not knowing that they have done so," Erwine's letter said. "These voters will believe they are voting against the tax because they will be completely misled by the wording.

Erwine said he checked with 18 people he knows are opposed to the income tax. He said he read the language of the ballot to them "and in all 18 cases these individuals voted 'no', which means that they would vote for the income tax law when actually they are against it."

After Erwine read his letter, Willshaw commented: "I think Mr. Erwine has come to the wrong place. Council didn't instigate the initiative petition."

"This is not a problem for Council," Warner added. "It was an initiative petition of an outside organization. The wording on the ballot was determined by their petitions. It's out of the hands of Council."

Class Of 89 Initiated

700 Attend DeMolays Installation

A charter class of 89 was initiated Saturday afternoon and some 700 attended the installation of officers Saturday night at Memorial Auditorium as Harding Chapter, Order of DeMolay, was reactivated.

At the afternoon program, the initiatory degree was conferred by the Niles chapter and the drama section by the Salem chapter after which dinner was served the candidates at the Masonic Temple.

William L. Juergens, 6th District governor, presented the charter to Homer D. Hoffman and Herman E. Miller, co-chairmen of the Advisory Council, at the public ceremony in the evening.

The Harding Chapter officers are headed by John Starkey as master councilor; Garry Hicks, senior councilor, and Marvin McKenzie, junior councilor.

The three new chapter officers are pictured in the first row in the above photograph. Left to right are Hicks, Starkey and McKenzie. In the rear row, left to right, are Juergens, Hoffman and Miller.

The installing officers were headed by William Lipp of Salem, with George McCoy of Alliance as senior councilor and Ronny Garber of Canton as junior councilor. Tom Wagoner of Niles was marshal and Bob Reddy of Youngstown was chaplain.

Brenton Elkins sang "My Task" and "The Lord's Prayer". Robert McMahan was organist.

The invocation and benediction were given by the Rev. William A. Hewitt, pastor of the Central Methodist Church of Wellsville.

The noon luncheon will be under the direction of Mrs. Webb and Miss Isabell Hinton of the Weirton Steel Co. will speak on industrial nursing.

Speakers Saturday afternoon will include Miss Callie Tsapsis of Weirton, Chester attorney, who will discuss "How to Make a Will."

Besides Mrs. Webb, others from here scheduled to attend are Mrs. Margaret Congrove of the Edwin M. Knowles China Co., Mrs. Mary Rardin of the Taylor, Smith & Taylor Co., Mrs. Rhea Nile of the Sterling China Co. and Mrs. Edna Davis of the Harker Pottery Co.

4,000 Attend Program On 'Scouting In Action'

LISBON—Over 4,000 attended two sessions on scouting held at Lisbon Fairgrounds Saturday afternoon and night, according to Leonard McDaniel, Shawnee District scout executive.

Seventy-four booths were open to the public from 2 to 6 p. m. They showed "Scouting in Action". The narrated program, in which scouts participated on the stage in front of grandstand, was titled "Scouting's Big Show of 1958".

The show was such a success it will be made an annual event, McDaniel said.

A share of the proceeds will go to all the troops and packs participating for purchase of equipment.

60 At Clubs' Joint Dinner

Lions And Rotarians Hold Annual Session

Some 60 attended the annual joint dinner of the Midland Lions and Rotary Clubs Thursday evening at Deramo's Restaurant, sponsored this year by the Lions.

The presidents, Emeric Davis of the Lions and David Schwerha of the Rotarians, introduced their officers.

Louis Gengarella, program chairman, introduced Nick Covato of Bruno - Lenchner, Inc., and Phillip R. Covato of the McKelvy & Co., Pittsburgh brokers, who provided the entertainment.

Covato, a comedian, wisecracked, sang, told tall tales and performed a Mexican skit. His brother, Phillip, accompanied him at the piano.

During a simulated raffle, Gengarella gave out presents to Dr. Frank Benedict, Dr. Joseph Helfrich, William Moll, James Migliore and Victor George, Rotarians, and Lloyd Murphy, a Lion.

The next meeting for the Lions will be the annual Faculty Appreciation Night for teachers and school supervisors Nov. 20, at 6:30 p. m. at Deramo's. Charles P. Henderson will be program chairman.

Rotary will meet Thursday at 6:15 p. m. at Larry's Restaurant with Ernest Gengarella as program chairman.

ing role in cleaning up the once smoky city. Republicans ran a politically inexperienced pretzel manufacturer against him. Lawrence won handily. Likewise the Washington experience of GOP Rep. Hugh Scott undoubtedly figured in his defeat of Gov. George M. Leader for the Senate. Leader in addition had antagonized some bigwigs in his own party and a lot more rank-and-file voters in one term as governor.

OHIO—Another case of a governor, this time Republican C. William O'Neill, who antagnized too many voters. They replaced him at the first opportunity with Democrat Michael V. DiSalle. Ohio has been hard hit by unemployment and there was a widespread feeling O'Neill dragged his feet on special aid to the jobless. On top of that, O'Neill took the stump for a right-to-work amendment. The voters buried it and him too.

INDIANA—All sorts of factors: recession; unease over foreign affairs and weapon development; echoes of a highway corruption scandal in the previous Republican administration; state tax increases. A typical Hoosier GOP split. All these added up to defeat for Harold W. Handley in his bid to leave the governorship in midterm in favor of the Senate. The winner: Democrat Vance Hartke.

NEW JERSEY—The idea that one candidate can ride in on the coattails of somebody else has been disputed lately, since President Eisenhower's coattails have shown little pulling power. But it happened in New York and in some measure in New Jersey, where Democrat Harrison A. Williams benefited in his Senate fight from aggressive campaigning on his behalf by Gov. Robert Meyner. Williams' youth (he's 38), his liberal views and his personality also helped in his victory over 65-year-old Rep. Robert Kean. So did the state's strengthened Democratic organization.

MINNESOTA — Another who gained coattail support was Rep. Eugene McCarthy. His 50,000-vote margin over Sen. Edward Thye for a Senate seat was helped along by the personal popularity of Gov. Orville Freeman, who won reelection by 125,000 votes. But McCarthy, 42, also was helped by his own 10-year record as a representative from St. Paul where he scored heavily.

Lewisburg Man Dies Of Traffic Injuries

DAYTON, Ohio (AP) — Hollard James, 48, of Rt. 1, Lewisburg, died late Thursday in Good Samaritan Hospital here of injuries he received in a collision Oct. 31.

The crash occurred at the intersection of a Preble County road and U.S. 40 near Lewisburg. The State Highway Patrol said the car driven by James pulled out of the county road and was struck by a tractor-trailer truck.

Army Offers New Fight To Keep Missile Experts

CLEVELAND (AP)—A two-star general wheeled out a new argument Thursday night—the artillery program—in the battle to keep Army missile scientists in the Army.

Development of artillery - type missile weapons, said Maj. Gen. John B. Medaris, would be crippled if the Army's missile research team is turned over to the new civilian space agency. Transfer of Army researchers to the National Aeronautics and Space Agency is being studied by the Defense Department.

Medaris, Army missile chief, said in a news conference that loss of the scientists would also hurt the Army's outer space projects. But development of missile support for the infantry was his main theme.

The transfer, he said, "wouldn't take us out of missiles completely, but it would affect the Army's capability to carry forward its weapons jobs, certainly not for the better."

He added, however, that he thought the transfer situation would be resolved satisfactorily. Medaris heads the missile command at Restone Arsenal in Huntsville, Ala., where most of the Army's research is carried out.

Yellow Creek Grange Gives Service Awards

Service awards were presented to two members at the meeting of the Yellow Creek Grange Thursday night.

Jack Pozenel, deputy master, presented the awards to Frances Jack, secretary, and Lawrence Mick, chairman of the community project committee.

A large class of candidates from Yellow Creek, Mt. Nebo and Liverpool Granges received the first and second degrees. Charles Morlan, Pomona master, was a guest.

Refreshments were seved by the Juvenile Grange.

The third and fourth degrees will be conferred at the meeting Nov. 20.

EAST PALESTINE — John Jordan Jr., 51, of 240 E. North Ave. is in "fairly good" condition today at Providence Hospital at Beaver Falls with chest injuries suffered when struck by a truck tailgate while at work at the Sunnyside Coal Co. strip mine Thursday.

Jordan, employe at the coal tipple, had completed the loading of the truck when the large tailgate flew open, striking him in the chest, fracturing several ribs, The mine is on Route 51 about two miles west in Beaver County.

Midland Pep Assembly Will Feature Awards

Midland High School students will hold a "pep assembly" Monday afternoon when John Petchel, head football coach, will award varsity letters to the season's outstanding players.

The assembly will start at 12:45 p. m., Principal William Walters, said.

A record hop will follow in the school gymnasium and last through the rest of the school day. No school will be held on Tuesday, Veterans Day.

Columbianan Unhurt In Ditching Of His Car

Peter Drewnoski, 19, of Columbiana escaped injury Thursday night when his car skidded backwards into a ditch on Route 7 about 5 miles south of Rogers.

The State Highway Patrol at Lisbon said Drewnoski lost control on a curve, went left of center and the auto spun around backwards into the ditch, damaging a fender. He was cited for driving left of center.

Tests

(Continued from Page One)

March to halt all testing permanently.

Later about Aug. 30 the Soviet government refused the U.S.-British call for tests to halt for a year on Oct. 31, and said it would be free to continue nuclear explosions until its total equaled that of the United States and Britain since March.

Eisenhower said the United States and Britain during the past week have maintained their Oct. 31 suspension.

The fact that the White House statement was upcoming had been announced Thursday night.

Until the new Russian blasts were announced, there had been some apparent hope that the Soviets would go along with a tacit suspension dating from Oct. 31.

The Geneva talks were deadlocked during their first week. The Soviet Union has insisted first on an agreement to outlaw tests, to be followed by work on an international inspection system to police the agreement. The two Western countries have contended the inspection system should be agreed to as the first step.

Britain sought to break the deadlock Thursday with a proposal that discussions proceed on the assumption that a tacit test suspension already exists. It was argued that this could be extended indefinitely if progress toward international control is made at the Geneva talks.

City Will Sell Cruiser Damaged In Collision

Safety-Service Director Dan Maggianetti today invited informal bids from prospective purchasers of a police cruiser that was damaged heavily in a traffic mishap in East End about two weeks ago.

The director said the city has decided not to repair the 1957 Plymouth four-door sedan, which was donated for police use by American Legion Post 4. He said it has not been determined if the cruiser will be replaced, but if it is the money derived from the sale will be applied on the purchase price.

He pointed out state law does not require a legal advertisement and sealed bids in the case of disposal of property worth less than $1,000. The right front of the car was damaged when it was involved in a collision with a private auto at Pennsylvania and Virginia Aves.

Man Who Must Demand Recount Off On Mission

URBANA, Ohio (AP) — Champaign County Democrats want a recount, but the man who has to demand it is off on a secret mission.

He's William Gregg, Democratic candidate for county auditor. An Army Reserve lieutenant colonel, Gregg was called to six weeks of active duty Oct. 3 and wasn't around when he lost Tuesday's election to incumbent Carey Barger by only 19 votes.

He isn't expected back until Nov. 14. The Democratic executive committee chairman says Gregg is on secret maneuvers in the Pacific, and no one knows how to get in touch with him.

Neither the chairman nor the party can file for a recount. The request must originate with the candidate within five days after official tabulations are completed. The Champaign County tabulation starts today and may only take a day. That would make the deadline Nov. 12.

Unless Gregg gets wind of the situation in the meantime, he'll miss his chance by two days.

"If Gregg knew only 19 votes separated his total from Barger's he would assuredly ask a vote recount," the Democratic chairman insists.

Vote Yes On State Issue No. 1

Ohioans last year approved a proposal that would let certain large counties bring their governments up to date by adopting charter forms of government.

This year, they will have a chance to approve a companion proposal that would extend the same privilege to modernization groups in smaller counties.

These steps are the logical followup to a movement that began in this state more than 25 years ago, to permit changes in county government whose needs had outgrown the laws passed by the legislature when most Ohioans lived on farms and in small agricultural communities.

They no longer are opposed, because they are logical. It is recognized in Ohio and in all other states that dispersal of urban populations over wide areas has created many new problems of government that can be solved only by authorizing new approaches.

THERE IS NO opposition to the modernization plan on the ballot this year, other than that offered by certain officeholders who are afraid they might lose their grip on public jobs they have been clinging to through thick and thin. Both candidates for governor are for the plan, which is merely a permissive authority for communities to join together in performing services like fire protection, water supplies and sewage disposal.

This is State Issue No. 1 on the ballot this year.

The only thing that might defeat it is the fact it is being overshadowed by the hotly controversial State Issue No. 2 — the anti-union-shop proposal. It may not be clearly understood.

In former times, there was a sharp division between urban and rural Ohionans on proposals for the benefit of cities. The division has been obliterated by the never-ending dispersal of urban populations and the ever-growing industrialization of Ohio.

There is no "cornstalk bloc" any more to thwart the efforts of those who are trying to make sense of the vexing problems of providing public services for metropolitan areas. Every single one of the state's cities today is surrounded for miles in every direction by built-up areas whose residents need the services that traditionally were performed by city governments.

This is the problem that State Issue No. 1 proposes to solve by permissive authority to set up charter commissions. The commissions, in turn, would make plans for area-wide government and submit these plans for local approval, giving residents of the area a chance to modernize their public services on a basis of population reality.

State Issue No. 1 should be approved on Nov. 4.

People Who Blow Up Schools

Damage of a third of a million dollars has been done to the high school building in Clinton, Tenn., where John Kasper showed the possibilities of violence over the school desegregation issue in 1956.

Whether or not the dynamiting of the high school building two years later is one of Kasper's legacies is a moot question that cannot be answered. But the event, occurring at the height of this year's angry debate over segregation, is a grim reminder that people who blow up school buildings for spite can be counted on to run amuck if given enough encouragement by bitter-enders in the segregation issue.

Violence is both a lever and a noose in the hands of the people who believe in it as the best way to squirm out of difficult places.

Those who resort to it possess a powerful lever against those who are trying to maintain social order and dignity, as was proved by Gov. Faubus of Arkansas in the Little Rock incidents of 1957, when he invited violence by announcing that he expected violence to occour.

But those who resort to it put their heads in a noose by showing what they are capable of doing and thereby stirring the misgivings of people who prefer to stop short of violence.

This is a dilemma for Southern segregationists doing everything in their power to generate bitterness and anger. They want the threat of violence as a lever in their attempts to create obstacles to integration, but with rare exceptions they do not want violence to be practiced, for fear they would become its victims.

In Tennessee, since the Clinton furor in 1956, violence has been held in check. But Kasper, the white supremacist, had shown how easy it would be to get the bully boys on the warpath. Apparently, they learned their lesson well.

People who like to blow up buildings are never hard to find. The trick is to keep them from doing what they are inclined to do anyway; they are one of the headaches of government. Anything that encourages them is a threat to society as a whole.

It will be surprising if there are not more explosions in the wake of the Clinton explosion—explosions set off by a fuse that is kept burning by the inflammatory words and deeds of the kind of people who would rather destroy school buildings than curb their race prejudice.

The United States Wants Peace

Washington is pleased, even elated, over the prospect of a cease-fire in the ticklish skirmish over the Chinese offshore island.

There is no pleasure and certainly no elation in Taipei, where Chinese Nationalists say Red China's offer to stop its bombardment if the United States will stop convoying supplies and Premier Chiang Kai-shek will open direct negotiations is a shabby trick.

This illustrates the difference between U.S. policy and the aim of Nationalist China. It is wide, and it may be irreconcilable.

Nationalist China wants to regain control of mainland China, if it can. If it cannot go all the way, it wants to remain in a military position to threaten the de facto government of the mainland.

Nationalist China is a military government in exile, maintaining itself by military force on an island it subdued by military force and hoping to return to the Chinese mainland by force.

The United States, on the other hand, is dedicated to preservation of peace wherever peace exists and restoration of peace wherever it has been disturbed by war.

IT IS NOT the objectives of militarism that the United States and a like-minded voting majority in the United Nation presume to criticize and oppose when war breaks out, but war itself. Their objection is to aggression as an instrument of national policy, whether the aggression is committed by friend or foe.

Aggression was condemned when it was committed by Britain, France and Israel against Egypt in the Suez crisis — solely because it was aggression. Aggression was opposed with military means when it was committed against South Korea.

The United States would condemn aggression if it were committed by the Nationalist Chinese. It has a treaty obligation with Nationalist China to resist aggression by Red China — and this may well be the reason for Red China's decision to give up aggression against Quemoy.

THIS HAS BEEN a difficult concept to understand. Americans do not understand it much better than their international neighbors, some of whom do not understand it at all and never have really tried to understand it.

The aim is to liberate mankind from the scourge of war by developing collective security against acts of aggression, wherever they occur and for whatever purpose aggression may be undertaken.

The Once Over

By H. I. Phillips

At this writing, Nelson Rockefeller is three up on Averell Harriman in cheese blintzes and in a photo finish on knishes in New York gubernatorial race.

Mr. Rockefeller, political analysists agree, threw out the first matzoth ball. But Averell gets around gastronomically in a tight political battle, and, appreciating the headway to be made through indorsement of nationality dishes, is reported ready to come out as the best friend of spaghetti, chicken cacciatore and veal scaloppini, following this up closely with an indorsement of smorgasbord, corned beef and cabbage, Puerto Rican pepper pot-pie, and weiner schnitzel.

Tammany has been in conference ever since Nelson scored heavily in Delancey St., munching cheese blintzes with sour cream, putting himself squarely behind the kosher cornedbeef sandwich and yielding to no man in his stand for fair play for salami.

This week may see Gov. Harriman knee deep in lox and gefulte fish in his determination to hold the East Side, and up to his neck in ravioli, Danish pastry, London broils, Spanish chili con carne, German fries, Irish stews, Indian curries etc. The guvnor is an international thinker.

NEITHER CANDIDATE is repudiating the Yankee potroast, Maine codfish, southern fried chicken or the "western sandwich" and will take a stab at them from time to time. This is a campaign in which every vote counts.

Our political analyst says it is now conceded Rockefeller has the salami and knishes vote. It was one of the smartest moves in American political history, when he purchased an entire roll of salami to take home. The remarkable factor is that while you may doubt that he ever saw a piece of salami until this October, Nelson has a sincerity of manner that is convincing.

It is up to Gov. Harriman to tie himself into knishes, pizza pies and kippered herring with similar conviction.

Our political expert puts it this way: "Averell must now start eating for real. Mr. Rockefeller can't rest on his salami. The public reaction is 'May the best case of acidosis win.'"

And All That Talking To Do

Local Issues Trip Auto Pact

By Victor Riesel

LINDEN, N. J.

It was not so merry at the Oldsmobile plant here even after word flashed from the summit meeting of GM, the wordl's largest corporation, and the world's most famous union, that a national strike which could have cost 65 million dollars weekly was off. Why? Because for once the far-off summit was far less important than the union's lower echelons.

Victor Riesel

Why? Because for once, the United Auto Workers union's national leaders—and informed labor circles, too—knew that there really could be no effective settlement in Detroit without the word flashing back from local bargaining tables over which there has been intense argument here as well as in the other 125 GM plants.

This time the UAW rank-and-file had told their leaders they would not automatically take the signal from the summit.

WHEN THAT SIGNAL came from on high, company and union regional officials had been up for almost 20 hours. They were as groggy as they were deadlocked.

Rank-and-file union officials wearily said they had argued over many issues which would hardly seem to shake more than their own world in this New York suburb—mostly the amount of "personal time" a worker could spend away from the Buick-Oldsmobile-Pontiac assembly line.

To understand what such an issue, and several hundred other "local" demands, mean to the men in plants like this one is to understand, however, the UAW's reason for threatening to shake the nation with the grand-daddy of all strikes—a GM walkout with 126 plants shut down.

To the curious, and to his colleagues, Martin Gerber, one of Walter Reuther's stalwarts, and leader of the Auto Union's Region Nine, said that he and the company people had fought hard over whether assembly-line workers could average five per cent of their working time off for personal needs. This comes to 3 minutes an hour or 24 minutes away from the line. To the company it means a maximum of two hours "break" a week.

THIS IS CALLED "relief time." To get it, there must be a relief man to take the place of the workers who go out to the washroom or break the tension of the throbbing, whirring belt noise by slipping out for a smoke.

To get regular relief time from the assembly line without having to explain each time why they are leaving, the men are willing to fight on the picket line. To the company it means filling up the maximum two hours of "break time" with more relief men and, as explained to an inquirer, it perhaps means slightly slowed production.

There the issue rested when word came from the summit. But there were other important local demands which had passed up the chain of comment to Reuther.

You ask another local union official—why GM and not Ford? He picks an issue without hesitation. At Ford, he says, the union has grievance committeemen who handle the complaints of union workers. These committeemen are paid by the company. They spend the bulk of their time on this grievance-handling business and don't have to rush back to the assembly line or the parts department or whatever their job is when they are finished.

AT GM, THE UNION grievance commiteeemen are paid by the company for the time they spend working things out with a foreman or the management's grievance group. But GM then expects the grievance committeemen to go right back to the assembly line after these discussions.

There have been disputes over the amount of time grievance committee people spend on these matters. Now the union wants it worked out so they can spend all the time they really need straightening out disputes in the plant.

Another demand is for "one job, one wage." Why? Because in some plants within the same GM division, one fellow will be earning six or seven cents more or less for the same work as a union brother in another plant. The union wants tighter agreements on local seniority and promotions. This means that the pact will spell out just who will be entitled to what higher paying job or who can move into a more desirable shift.

THUS RUN THREE of the major demands which the GM locals argue over on the home lots.

When the dispute began early this year, Reuther's home staff at Solidarity House in Detroit counted 9,719 local demands roaring up from the 126 plants in 71 cities. Reuther wrote the locals telling them to trim it down, fellows. They did, but there are still hundreds of such issues being fought out across the country.

These "little" local issues sure add up to a massive national industrial battle.

Campaign In Arizona

By Raymond Moley

PHOENIX, ARIZ.

In the fiercely contested campaign here for the offices of United States senator, governor, and First District congressman, national issues seem to be momentarily overshadowed by the immediate concerns of the state.

The Democratic candidate for U.S. senator, Ernest McFarland, presently governor of the state, features the idea that he can do more for Arizona in the Senate than he can in Arizona. There are those who suggest that after his two terms as governor it is clear that he could do more almost anywhere than in that office.

His purpose in this appeal is to hold as a mark of reproach that Sen. Barry Goldwater has become a national statesman and has forgotten "poor little Arizona."

The idea is to pose the question, "What have you done for Arizona?" Or to quote the unforgettable quip of Alben Barkley, whose shoes as Senate majority leader Gov. McFarland once rather inadequately filled: "What have you done for me—lately?"

THIS NOTE CREEPS into the campaign for Arizona's governorship with perhaps a shade more justification. In that contest Paul Fannin, a respected Arizona businessman and civic leader, is running against Attorney General Robert Morrison whose interests have been limited to holding political office.

It is true that Sen. Barry Goldwater is known over the nation. As a senator he has been highly articulate, fearless, and indefatigable in committees and on the floor.

It is also true that as a member of the McClelland Committee he has earned the enmity of the union bosses who have been under investigation. Hence, the bosses of the national unions' political machine have put him at the top of their purge list, just as they did Sen. Taft in Ohio in 1950. Gov. McFarland is the beneficiary of that powerful help which is, ironically enough, national in its scope. The labor bosses know they have nothing to fear from a McFarland back in the Senate.

GOLDWATER HAS forcefully answered the appeal to local concerns. He has published a long and impressive list of his actions in the Senate which have been of notable help to the state. He has always kept close to the state, realizing that not only duty but political concern requires that a senator should not only serve the nation but adequately represent his state.

Thoughtful citizens of Arizona are questioning the McFarland line of reasoning—if it be reasoning. There is such a thing as state pride —in its resources, it's people, and its climate.

States are also proud of their representatives. They want their men in office to stand high in the ranks of national statesmen. "Men to match my mountains" is an expression that has currency out in the West.

IT IS AN INTERESTING matter of history that senators from small states have generally stood equal to or above their colleagues from such states as New York.

A half century ago, Sen. Newlands of Nevada was outstanding. He was literally the father of reclamation. He was outstanding also in legislation affecting railways and interstate developments. The senators from New York of that period are forgotten, but Newlands' name is on legislation still significant in national policies.

Another angle occurs to me. The state of Arizona deservedly has attracted national attention of late. It has grown prodigiously in population and wealth.

The state deserves representatives in Congress who have vision and capacity. This something that is ignored in the "little Arizona" appeal of McFarland.

Challenge To Democrats

By David Lawrence

Partisan Politics Endangers Peace

President Eisenhower has challenged the leaders of the Democratic party to tell the nation whether they favor appeasement and surrender to the Communists. He has asked them, in effect, to speak out and say whether they really believe the United States is going to be deserted by its allies and hence faces military defeat if it stands up for its principles.

David Lawrence

The President's views were expressed in a letter to Sen. Theodore F. Green of Rhode Island, the sturdy 91-year-old chairman of the Senate Foreign Relations Committee, who holds his post by reason of his seniority of service and the Democratic party's control of Congress.

The issue before the American people in the November elections is whether Democrats or Republicans shall control Congress and the selection of committee chairmen. If the Democrats retain control, will the Communists take this as a signal that the American people repuditate the position taken by the President in the Far East and endorse the defeatist and surrender ideas which the administration attributes to the chief Democratic spokesman on foreign policy in the U. S. Senate?

The President points specifically to Sen. Green's statement that if the United States should become engaged in hostilities, there would not be "that support of the American people essential to successful military action." This an extraordinary statement for the chairman of the Senate Foreign Relations Committee to make in the middle of an international crisis.

"You say," wrote the President to Sen. Green, "that in the event of hostilities we would be without allies 'in fact or in heart.' . . . not only do I believe that our friends and allies would support the United States if hostilities should tragically, and against our will, be forced upon us, but I believe that most of them would be appalled if the United States were spinelessly to retreat before the threat of Sino-Soviet armed aggression. . . .

"I deeply deplore the effect upon hostile forces of a statement that if we became engaged in battle, the United States would be defeated because of disunity at home. If that were believed, it would embolden our enemies and make almost inevitable the conflict which, I am sure, we both seek to avoid provided it can be avoided consistently with the honor and security of our country."

SEN. GREEN'S LETTER was couched in polite phrases. He did not give out the full text of his communication originally, but extracts from it appeared nevertheless in the press and were seized upon by Communist radio stations throughout the world as proof of American disunity.

What is at the bottom of this episode? Politics—petty partisanship—and the temptation to make an issue out of war talk in the newspaper headlines. It was too much for some politicians to resist.

While former President Truman by his statements had been supporting Mr. Eisenhower's policy in the Far East, various Democrats in Congress have been assiduously cultivating the impression by their public statements that the President is trying to drag the nation into war because of a couple of unimportant islands off the coast of Red China.

Democratic leaders in Congress know better, because the resolution passed in 1955 by both houses with the overwhelming support of the two political parties specifically gave the President the right to use U.S. military forces to defend Formosa and protect the offshore islands, only if they were likely to be used as a base in an attack on Formosa, itself.

Is the Democratic party now going back on its word, and, for the sake of politics, is it willing to withdraw what it authorized in the resolution?

Evidently, 10 Democrats in the House who have just petitioned the president to summon a special session of Congress to discuss the Far Eastern problem want both houses to reconsider the vote. This kind of vacillation and retreat could drag America into war just as vacillation in the 1930s on the part of the West encouraged Hitler to attack.

THE HEROIC ANSWER to present-day appeasement has been given by the president. In his letter to Sen. Green, Mr. Eisenhower declares, "Firmness in supporting principle makes war less, rather than more, likely of occurrence." The President adds:

"I feel certain, beyond the shadow of doubt, that if the United States became engaged in hostilities on account of the evil and aggressive assaults of the forces of Communism, the American people would unite as one to assure the success and triumph of our effort."

But it's not enough to achieve unity within a country only after war has broken out. Losses in life and treasure must then be incurred anyway. The important thing is, by a manifestation of unity and resoluteness, to prevent war from breaking out in the first place.

Opposition politicians in the Labor-Socialist party in Great Britain are today playing the same game as Democrats here in the United States. Yet, there are two conspicuous reminders in history of how weakness from within and disunity have led the potential enemy to decide it was an opportune time to make war.

Will history repeat itself now and will a third world war come from the same misguided counsels of overzealous politicians inside the Democracies?

Weather Yammer

By Truman Twill

The weather, like too many things in modern life, has been taken over by statisticians and theorists, at the expense of direct knowledge.

We are told until our ears ring what is supposed to happen according to statistics and what did happen according to statistics. But as to what really happens, we are still dependent on our own observation. Most of what we hear is yammer.

Weather, like advertising, is local, despite a scientific approach to weather phenomena that puts it on a broadly objective basis of patterns, trends, graphs and charts.

Rainfall, winds, temperatures and cloudiness are still things that happen to people, not to gauges, machines and records kept in books.

Frost, which frequently is a local occurrence, occurs when things that are susceptible to freezing are killed by freezing. It is of no consequence if the official report says it did not freeze when it actually did freeze in a particular locality.

The autumn frost season at the Twillery began many nights ago, while official reports were insisting it had not yet begun to freeze.

Regardless of temperature readings, which may be affected in official reports by a variety of local factors, it frosts when the windshields of cars standing in the open are covered with ice at sunrise.

Killing frosts occur when zinnias, which are sensitive to freezing, turn black after a cool night. They occur when in the fall when tomatoe vines wilt, or when the new leaves on strawberry plants and the new leaves on grapevines curl up their toes and call it a night in springtime.

The first fall freezeup occurs when there is skin ice on the watering trough and when chickens peck disconsolately at the glass-over surface of water in their watering pans. Winter begins when auto radiators freeze.

Humidity in summertime, by this same method of personal observation, is high when doors stick and windows are hard to open. It can be detected more accurately by the smell of a dog than by percentages reported by the Weather Bureau, just as the pollen count can be determined more reliably by the number and violence of sneezes in the first hour after waking than by any scientific report.

Wind velocity is high when the weatherstripping on a door whines, or when a tree that normally stands erect bends before wind pressure. A wind is blowing at gale velocity when a house shudders on its foundation.

Drouth occurs when the leaves on field corn turn brown at the end. There has been too much rain when oat sprouts look yellow and when rose leaves show symtoms of black-spot.

It is a heat wave when an old dog with savvy digs a hole in a thicket and spends the midday hours curled up in it.

The weather is invigorating when it invigorates, gloomy when it depresses morale. Snow is deep when it stalls a standard-shift automobile equipped with snow tires. There has been a sleet storm when single-wire telephone lines sag and barbed-wire fences are bejeweled. And so on.

With due respect to the fact weather-predicting and reporting has been taken over by science, weather is still personal. Statistics do not reveal what kind of a day it was.

Sir Winston Churchill is credited with having originated the popular phrase, "Iron Curtain," when he used this term in a speech at Westminster College, in Fulton, Missouri, March 5, 1946.

Savers vs. Spenders In Politics

President Eisenhower has turned back his political clock to 1952.

When the votes had been counted and predictions of a Democratic landslide confirmed last Tuesday, the President said the electorate had voted for spenders and he promised to fight for economy with all his strength in the last two years of his administration.

The only way to stop diluting dollars, he said, is to stop spending.

WHAT CAUSES Mr. Eisenhower, who apparently had forgotten that he was elected six years ago as a budget-cutter, to be stressing his original theme in 1958?

Could it be that at long last the Republican party, which has been floundering with a me-too policy of outspending the spenders who dominate the Democratic party, is going to return to a sound-dollar position?

In the two-party system, when it is working properly, one party proposes and the other party opposes. Every hint of bipartisanship on a controversial policy is scotched on sight, because there is no place for bipartisanship in a genuine two-party system. Every proposal must win on its own political merit in an unrigged showdown.

The two-party system has been suspended on spending.

Both parties have been watering down the value of dollars with support for schemes and projects to make voters think Washington owns a money tree.

Both parties have been spending not only everything the government could collect but plunging the government into debt to maintain the happy illusion of an endless supply of cash.

Does a school district need another building for the children its adults are raising? Is it a bitter pill to swallow another tax levy? How about letting Washington supply the money, instead of raising it locally? That's the old refrain of the spenders.

Washington would love to supply the money. It doesn't have it on hand, but it can always print some more by issuing a few more billion dollars' worth of bonds and selling them for ready income, repayable in the indefinite future, plus interest and handling charges.

THAT HAS BEEN the style. What used to be called "cheap money" when William Jennings Bryan was watering down the dollar, today is called inflation, which means deflating what a dollar will buy in order to fool millions of people into believing more dollars will make up the difference.

It seems to work, for a while, especially in relation to politics. Harry Hopkins may or may not have quipped, "Spend and spend, elect and elect," but it was worthy of his intellect.

The catch is that spending finally sows an inflationary whirlwind that whisks away the security of all persons on fixed incomes. It is ruinous to savers, who have had no voice in federal policy-making since the early '30s when the spending spree began.

Among the savers are, by necessity, all citizens who are approaching or have reached retirement age, all teachers and public employes, all small-income Americans. They are a formidable bloc in politics, and they have found a voice — Dwight Eisenhower's. They hope this time he will shout their plight from the housetops.

Inflation is wiping them out — and they go to the polls and vote on Election Day, too. They will be there in 1960, after the new wave of spenders has washed away even more dollar purchasing power by spending more money the federal government doesn't have.

It Tranquilized The Bananas Too

Confusion is being added to confusion by people who are trying to put U.S. intervention in Lebanon in a favorable light—now that all the troops have been pulled out of that turbulent country.

Lebanon, they point out, is more stabilized than it was when the first U.S Marines waded ashore the middle of last July. Political events have stayed on the track.

Not only in Lebanon, itself, but throughout the Middle East the impact of the intervention has had a sobering effect. There appears to have been a letup in the intensity of Nasserism, meaning the kind of pan-Arabism that is panting to get everybody into the main tent without further delay.

Jordan, which had been tagged for early collapse, is still doing business at the same old stand. Other weak-sister nationality movements have been reassured by a demonstration of U.S. interest in their sometimes chaotic affairs. It is almost as if the Union Jack were flying again from one end of the Mediterranean to the other, with the sun never setting on the British Empire, which nearly always could be relied on to fight for its friends and against its friends' enemies.

There is danger in this rationalization, because it ignores the issue of intervention in Lebanon last July, which was whether the United States had a moral right to do what it did—not only to the Lebanese but to the Middle East and, not least, to its own people.

Half a century ago when U.S. Marines were being ordered here and there to bring stability to the banana republics of Latin America, they were eminently successful. They brought tranquility to many troubled countries. They shored up the underpinning of many a wobbly government. They got results.

But they violated the American principle of nonintervention, and eventually it was more important to save the principle than to continue the practice that was making a mockery of it.

To this day, Latin Americans can be infuriated by reference to U.S. intervention—and it will be many long days into the future until the Middle East forgets and forgives U.S. intervention in Lebanon last July.

The Once Over

By H. I. Phillips

The Democrats won everything back in the election except Fala, Blue Eagle and fireside chats. All the Republicans won was a two-year supply of skin-diving equipment. Nixon says the GOP will now roll up its sleeves for 1960, but when you lose your shirt to the opposition what do you use for sleeves? Nelson Rockefeller can't help but be the Republican White House candidate in 1960. He is the lone survivor.

In the New York election, one multi-millionaire threw another multi-millionaire out of work. Nelson Rockefeller put Averell Harriman on the unemployment role. It could have been more embarassing if Rockefeller had handed Harriman a bright new dime, in the tradition of his grandpaw, John D., to express happiness. Voters gave both boys a run for their money. They were not especially sore at Averell, but were just following a growing American custom and turning in an old governor for a new model with a little more glitter.

NELSON MADE the best looking gubernatorial candidate in the business, possessing something close to Hollywood glamor. He is the sort of public servant who could play the Paramount Theater for three weeks and get mobbed by autograph fanatics. In person and in pictures Nelson seemed to flash some of the qualities of Rock Hudson, Perry Como, Bob Turley, Ike Eisenhower and Art Linkletter. He got the votes of all "if I Had A Million" fans, millions of women and all voters who enjoy the novel experience of helping the extremely rich get along.

Many voters liked Harriman, but felt that Rockefeller would be of greater assistance in case of an empty gas tank. There was also a wide belief that in case of serious state financial troubles Rockefeller would step in and handle the problem through a foundation with suitable endowment funds. The very name "Rockefeller" is associated in the mass mind with skyscrapers, radio centers, de luxe skating rinks, oil, gas, the effort to keep the Dodgers in Brooklyn and Rockefeller Center's biggest Christmas tree on earth. It suggests bigness.

THIS IS THE first time a member of the Rockefeller family has sought to take over the Albany State House, and his supporters thought he might establish a chain of them with self-service public benefits, and green stamps.

The Democratic sweep in many places is being explained in various ways, but it probably reflected widespread disappointment with Canaveral moon rockets, Ike's golf score, GOP ghost writers, coupled with belief that under Democrats more new autos would adopt the swivel seat. Or it may mean that so many people are behind in time payments for things they can't afford that they are angry and want to blame somebody.

Arthur Godfrey has Jackie Gleason on his morning show. It will be good to see the two together up to a point where Godfrey lets him fly a plane. Possible program:

Godfrey! Welcome to this morning's program. What got you up?

Gleason: I haven't been to bed yet.

Godfrey: It's nice to see you in daylight.

Gleason: Is that what this strange illumination is?

Godfrey: You look different in daylight.

Gleason: I feel different. How long has sunlight been going on:

Godfrey: I've performed in it all my life.

Gleason: How did you manage to have any fun?

Godfrey: It's not bad and it eliminates the need for writers who aim everything at night audiences.

Gleason: You don't use many writers.

Godfrey: No, and it's a wonderful protection.

Gleason: This is a new audience to me. Think of appearing before people who are up and around this early!

Godfrey: How does it feel?

Gleason: Very strange. Toots Shor won't be able to see me. Want to know something? If I was told I was awake at this hour I wouldn't believe it.

Godfrey: Have you ever listened to me?

Gleason: Yes and I never could understand how a man could speak so well of iced tea.

Godfrey: Your shows might go better with a mention of a soft drink.

Gleason: I saw you on TV on horseback one night. I suppose the horse went on later to fame on his own program.

Godfrey: That's the usual routine, but I haven't lost any equines yet. Did you ever spend any time in the saddle?

Gleason: I tried to once, but the horse saw me first.

There's Always The Morning After

Industry Plans Political Defense

By Victor Riesel

From Gen. Eisenhower's White House inner sanctum to the executive suites of influential men whom one still thinks of only as captains of industry, they are wondering how labor could do it — all within 15 years. And as they ponder, they already are planning to stop labor's pile driving political machine in the next two years.

Victor Riesel

As the final ballots are counted, the nation will find that this wondering, this pondering, this planning is the biggest political story of all — the building of a new industrial political machine to match labor's techniques.

To match them, industry studies them, especially the early days, for on the beginning depends the end. And in the beginning, exactly 15 years ago, there was Sidney Hillman.

It all started on a dog-day in Washington on the afternoon of July 7, 1943.

It began at a special meeting of the full CIO Executive Board in their old headquarters.

THAT SOFT Scottish - burred voice of president Phil Murray announced a new group — something called the CIO Political Action Committee.

It would have five members. Its chairman would be Sidney Hillman, president of the Amalgamated Clothing Workers Union.

When Phil Murray later described PAC, whose significance was little noticed even by the militant union chiefs who approved it in the still and stifling Washington heat, he said:

"It is the function of the committee to conduct a broad and intensive program of education for the purpose of mobilizing the five million members of CIO and enlisting the active support of all other trade unions — AFL, railroad brotherhoods and unaffiliated, for effective labor action on the political front."

There was one man who saw the inherent force it could give labor. That was Sidney Hillman. Ten days after that board meeting, he hit the road out of Philadelphia with his public relations aide, Dick Rohman, and a lawyer.

The Democratic party never was the same again. The trio moved through Chicago, Birmingham, Detroit, Minneapolis, out to the coast and back. Everywhere, they sought new faces.

THEY FOUND one in Minneapolis. He soon became one of the vocal, mellifluous, militant young thunderers who were to sweep the high-button shoe, bowler hat traditionalists out of control of much of the Democratic party. He was a young educator by the name of Hubert Humphrey.

When Hillman met Humphrey on that first reconnaissance sweep, the labor leader dispatched word to Washington that Humphrey's Democrats should merge with the Farmer-Labor party.

They did. In a short time Humphrey, who had lost one race for mayor of Minneapolis by over 4,000 votes, won the next campaign by more than 30,000.

Today Sen. Humphrey is welding his machine together for the fight for the presidency of the U.S.

Back from that trip, Hillman reported to the President of the U.S. and the president of the CIO.

THE UNIONIST assured both that labor political action was here to stay. But if it wasn't to be threatened again by the whims of John L. Lewis and his Republican proclivities, CIO-PAC would have to bed down with merged units of liberal and citizens' organizations in every state where a union local existed.

Franklin Delano Roosevelt said hurry with it. Phil Murray gave the word.

On Nov. 15, 1943, at the CIO national convention in Philadelphia, Phil Murray reported on PAC's activities and plans. They were officially approved.

In a few months Hillman had an auxiliary going — the Citizens Political Action Committee.

In 1944, the Republican opposition ran against Hillman and "Clear it with Sidney." This year the battle is against Walter Reuther and the "radicals."

In mid '46 Hillman died. But PAC rolled on to help Harry Truman win in '48. Later it merged with the newer AFL Labor's League For Political Education.

Finally it became the COPE organization now active in over 40,000 precincts, operating as a decentralized street-by-street vote-getting network.

Today industry seeks the manpower to match what began in '43 for the battle of the century in '60.

A Time For Thought

By James Marlow

WASHINGTON

The Democrats had better watch their steps.

They're riding high after Tuesday's elections, with visions of a repetition in 1960. But they face problems these next two years. So does President Eisenhower in dealing with them.

These past two years the Democrats have outnumbered the Republicans 49-47 in the Senate, and 235-200 in the House. In the next two years they'll outnumber them 62 to 34 in the Senate, and at least 281 to about 153 in the House.

With these overriding majorities in both houses they'll be in a far better position to shape and put through the kind of programs they want. And, if Eisenhower falters in his leadership, they may wind up doing most of the leading.

But these big majorities mean they'll also have to take more responsibility for any failures to put through Congress what the people want. When their margin over the Republicans was smaller, the two parties could blame each other for what went wrong.

By the same token, of course, the Democrats can claim more credit for the good things. It would seem that by sticking together on programs with voter appeal the Democrats can grease their way towards the 1960 elections.

But the balance among the Democrats — between Southern conservatives and more liberal Northerners and Westerners — was changed Tuesday in favor of the latter.

This may mean sharper in-fighting between the two groups, and it certainly will in the field of civil rights. The spectacle of Democrats split and wrangling won't increase their 1960 appeal.

And no matter how good the Democrats' legislative record is these next two years, there's still a chance the party will split wide open at the 1960 convention over civil rights.

If that happens — if the Southerners walk out or rally around a third party in the South — the door is opened for a Republican victory. The Southern members of Congress will think twice before letting that happen. For this reason:

In this Democratic Congress Southerners hold a majority of the committee chairmanships, which are prize plums. They'd lose the chairmanships if the Republicans won.

From the standpoint of party harmony the Democrats are lucky to have as their leaders — Sen. Lyndon Johnson in the Senate and Speaker Sam Rayburn in the House — two Texans who are two of the best congressional generals in this century.

They're real pros. If anyone could keep the party rolling smoothly, they should. But it's going to be tougher for them to call the shots these next two years than in the past two because they have more Democrats to handle now.

Because of their Tuesday victory the Democrats — if they stick together — are in a more dominant position than in any Congress since early New Deal days to tell a president what kind of programs he can have, and how much.

For just that reason Eisenhower — if he hopes to get his programs through — will have to work even harder at getting along with the Democrats. He's been pretty successful at it ever since they took control of Congress in 1954.

But, since he'll have to try to get along, he won't be in a position to play partisan politics with the Democrats. So the Republicans, if they hope to find leadership that will carry them to victory in 1960, must look elsewhere than to Eisenhower these next years.

And Vice President Nixon, even though he has presidential ambitions, can't very well take a rough role with the Democrats while Eisenhower plays it nice. The Democrats are not dumb enough to stand for a double-play at their expense.

Down Through The Years

From The Review Files

THIRTY YEARS AGO— Members of the East Liverpool and Chester High School football squads were guests of the Kiwanis Club at a luncheon in the Travelers Hotel.

Twofold Discontent

By David Lawrence

Recession, Resentment Hurt GOP

Discontent — blamed on the party in power in the White House —has won another congressional election in the middle of a presidential term. It happened against Taft in 1910, against Hoover in 1930 against Eisenhower in 1954, as well as against Wilson in 1918 before the end of World War I and against Truman in 1946 just after World War II ended.

David Lawrence

This time it was a two-fold discontent. It involved not only economic issues such as unemployment, cost of living and high taxes, but also emotional resentments over several questions unrelated to the economic controversies of the day.

Millions of conservatives on the Republican side didn't vote. They were alienated by so-called "modern Republican" doctrines which they consider radical or by the use of federal troops in the Little Rock schools or by bitterness stirred up in some states during the anti-McCarthy battle.

New Jersey lost a chance to elect a Republican senator and so did Wisconsin because of the deep-seated friction over some of these emotional questions.

In Utah, due to a party split, Sen. Watkins, Republican, who was chairman of the Senate committee that "censored" Sen. McCarthy, was defeated. The combined vote of the two Republican candidates exceeded that of the winning Democrat.

Several members of the House on the Republican side lost votes in those rural districts of Missouri, Kentucky, West Virginia and Maryland where voters condemned the tude on enforced integration in the schools.

THE REPUBLICAN, for examle who won in the 10th Congressional District of Virginia, Joel Broyhill, did so largely because in the opinion of many voters, he appeared to be on the segregation side of the argument.

At Little Rock, by a remarkable "write-in" vote launched in the last 10 days of the campaign, a segregationist candidate, Dr. Dale Alford of the school board, running as an independent, defeated Rep. Brooks Hays, Democrat, a veteran of eight terms in the House. As for any gains for the republican party among the Negro voters in the North, these were almost negligible.

The "recession" really beat the Republicans. Farm income has declined in recent years. This hurt the Republicans in the Middle West.

Although business has been improving slowly, the upward movement still wasn't adequate to overcome the economic discontent, especially in farm states like Nebraska, Iowa, Minnesota and Wisconsin, and also in California, Michigan, Indiana, Ohio and Illinois, where the unemployment issue was almost as much a vote-getter for the opposition party as it was when Franklin Roosevelt swept the country in 1932 due to the depression of that period.

None of this can be said to have been unexpected. When the "recession" began to make its appearance in 1957, and the Federal Reserve Board started curtailing bank credit, this correspondent in May, August, September and October, 1957, wrote several dispatches predicting that the 1958 election would certainly be lost to the Republicans.

HERE IS the appraisal made as of Oct. 27, 1957 — a little more than a year ago:

"If the elections were held today, The Republicans would elect fewer than 100 members of the House — almost as low a number as they had after the 1932 election, when Franklin Roosevelt won his first term.

"As things look now, it is likely the Republicans will lose many seats in the Senate in the 1958 election and that the Democratic majority in both houses will be the biggest in recent years."

The election this week would appear to have brought the Republican total in the House down from 200 to around 153 as compared to 282 for the Democrats.

The Senate Republican total has gone down from 47 to 34 as compared with 62 for the Democrats.

But for the intensive effort of the President and vice president in the last few weeks, the results might have been as bad for the Republicans as were outlined by this writer a year ago.

The Republican party's wounds will not soon be healed. Nelson Rockefeller's victory in New York State for governor — due largely to his winning personality — will give the promoters of dissension among Republicans still more opportunity to cry out that a New Deal or "modern Republican" approach and a big spending program is the best way for the Republican party to get votes and not by the sound economics preached by the conservatives.

THE REPUBLICANS did not have enough money in the national campaign this time. Many conservatives who have contributed generously in the past were alienated. Some came back at the last minute.

Money, of course, cannot buy a national election. But the labor unions which poured millions of dollars into the campaign in key areas throughout the country in the form of services of precinct workers and expensive publicity on television, radio and billboards, did an effective job in getting indifferent voters to the polls.

The right-to-work issue in several states, especially Ohio, brought out a big labor union vote because the proposal was misrepresented by the labor unions as a measure that would eliminate the union shop.

This misleading phrase was used to give the impression that the law would actually prohibit the continuance of unions. The federal law, of course, guarantees a majority of union members legal recognition as a bargaining agent for all members of a shop and state laws can't take this away.

The right-to-work law for states, on the other hand, concerns the right of the minority as individuals to resign as a protest which includes the right to quit paying dues to a gangster-dominated union.

The issue is far from dead, as it will be noted that Sen. Barry Goldwater, Republican champion of right-to-work laws, won a decisive victory in Arizona, though he was the target of heavy attack by the labor unions.

The fight for liberalism and democracy inside the labor unions has just begun, and the fight for sound conservative principles in the policies of our national government will have to be pressed more vigorously than ever before inside both political parties, if an inflationary crash and a real depression, due to unbalanced budgets and excessive spending, are to be prevented.

Letter To Editor

I see in your paper that the Board of Health has refused an out-of-town milk dealer a permit to sell milk.

May I say here that I think local pressure has been brought to bear in this matter. I don't recall anybody in East Liverpool who sells milk giving any millworker milk as cheap as Mr. McAllister.

If the people refused to buy local milk or out-of-state milk, how much longer would they stay in business? In other words, I say look into the conditions of your poolrooms and some of the eating places and leave Mr. McAllister alone. He sure has been a gift to the man who has five and six children who need milk.

Odd Facts

The most important chemical reaction on earth, without which there would be no life, is called "photosynthesis." Prime examples of photosynthesis are green plants. They take water from the ground, along with a few dissolved minerals, carbon dioxide from the air, and with the energy supplied by the sun convert the simple raw materials into sugars and starches and cellulose, and even vitamins, usually having enough oxygen left over to return to the air for animals to breathe. All this wonderful process is still a big secret of Nature.

It takes the average American housewife of today about one and a half hours a day to prepare the food for her family of four, whereas forty years ago she spent five and a half hours a day in her kitchen performing the same task.

Death Claims Farmer At 84

Rites Set Thursday For Elmer Wilhelm

EAST PALESTINE — Elmer Wilhelm, 84, of R. D. 1, longtime farmer, died Monday afternoon at 3:05 at the Cupola Nursing Home at Leetonia, where he had been for some time.

A son of Samuel and Lucy Augustine Wilhelm, he was born Feb. 6, 1874, in Unity Township and resided in this area all his life. He attended the Salem Reformed Church at Unity.

Survivors include nieces and nephews.

Services will be held Thursday afternoon at 2 at the VanDyke Funeral Home by the Rev. Carl Duwe of the Grace Lutheran Church. Burial will be in Glenview Cemetery.

Friends may call Wednesday night at the funeral home.

James Hartman

LISBON — James M. Hartman, 54, of the Lisbon-Salem Rd. died Monday at Salem City Hospital, where he was removed last Tuesday after suffering a heart attack.

Born Jan. 10, 1904, in Terre Haute, Ind., a son of William and Anna Donbar Hartman, he resided near Lisbon since 1955, having moved here from East Palestine R.D.

He was a member of the First Presbyterian Church and East Palestine Carpenters Union 294.

Mr. Hartman is survived by his widow, Mrs. Anna Hartman of the home; a son, Jack L. Hartman of Salem; three sisters, Mrs. Thelma Smith of Salineville, Mrs. Jessie Martin of Darlington and Mrs. Racie McCullough of St. Marys, W. Va., and two grandchildren.

Services will be conducted Thursday at 2 p. m. at the Henry Funeral Home by the Rev. Paul T. Gerrard. Burial will be in Lisbon Cemetery.

Friends may call at the funeral home Wednesday from 2 to 4 and 7 to 9 p. m.

Hot Ashes Cause Fire In Basement Of Home

Hot ashes were blamed for a fire Saturday night that damaged the basement of the Howard Hinton residence, 1021 Claiborne Ave., firemen said.

The ashes apparently set fire to rubbish, firemen said. Occupants at first thought the furnace was smoking. Three firemen answered what was expected to be a still alarm but found the cellar ablaze.

Firemen warned ashes should never be placed in cardboard containers and even if in metal containers they should be set away from articles which might ignite.

School District Stays Split Over Time Zones

IRONDALE — The Stanton District Board of Education met Monday night and agreed to continue the present time status for schools in its district. Dr. William Banfield, president, presided.

Hammondsville, Irondale and Port Homer schools will continue to operate on Eastern Standard Time while the two riverfront schools — Stratton and Empire— will remain on Daylight Savings Time. The time question was the only item discussed, officials said.

County Gets $135,989 In Auto License Fund

Columbiana County's share of the final distribution of 1957 motor vehicle license money was $135,989, State Auditor James A. Rhodes reported.

The sum includes the 47 per cent alloted to counties, 34 per cent for cities, village and counties in the registration districts and 5 per cent for an equalization fund in which all counties share.

Still to be distributed is 9 per cent of the total distribution allotted to counties and 5 per cent to townships on the basis of mileage.

Uninjured In Crash

HAMMONDSVILLE—Miss Kathryn Baker, 24, of Mansfield, daughter of Mr. and Mrs. Stanley Baker, escaped injury in a collision between her car and another at Canton Monday night.

Pilot All Set For Jaunt To Stratosphere

ALAMOGORDO, N.M. (AP) — A 25-year-old jet pilot was ready to take off today in a balloon on a new jaunt to the stratosphere.

Lt. Clifton McClure, jammed in a 3x9-foot metal capsule full of instruments, prepared for another Man High flight.

This third probe of the edge of space, like the second last year, was aimed at about 100,000 feet—20 miles above the earth.

Hopes were that this young military scientist, who holds a masters degree in ceramic engineering from Clemson College, could stay up there 24 hours.

A battery of experts in space medicine, physiology, meteorology, astronomy, space psychology and psychiatry will grill him constantly while he floats high above the earth.

The young airman from Anderson, S.C., got up in the small hours today to get set for the flight.

The plastic balloon carrying him aloft will measure 200 feet in diameter at peak altitude. It was expected to travel about 300 miles and land somewhere within a radius of 100 miles from Amarillo, Tex.

If anything goes wrong, either McClure or the ground crew can cut the gondola loose to float earthward under a king-size parachute.

2nd Man Bound Over In $500 Robbery Case

After a lengthy preliminary hearing today in Municipal Court, a second suspect was bound over to the Grand Jury under $500 bond in connection with the strongarm robbery of a Chester man July 18.

William Drumm Jr. of Chester R.D. pleaded not guilty to the robbery of Clyde Finley of Box 81, Chester, who said $500 was taken from him by three men. Chief witness against Drumm was Ray J. Hess of Kountz Ave., who pleaded guilty to the robbery yesterday and was held under $500 bond.

Police still are seeking a third suspect, Bobby Higgins of Shadyside Ave. A fugitive warrant probably will be issued, as Higgins has left the city, police said. Finley told police he was robbed by three men who took him on a ride to a dirt track auto speedway near Glenmoor.

Chester Restaurant Target Of Burglary Try

An unsuccessful attempt was made to break into the George's Restaurant in Chester early Sunday morning, Chester police reported.

Special Officer Harold Ash investigated a report from John Capous, proprietor, that a rear window was broken at the restaurant at Carolina Ave. and 6th St. between 3 and 5 a. m. yesterday.

To Consider Ordinance

LORAIN, Ohio (AP)—City Council voted 5-4 Monday night to consider at its next meeting in two weeks an ordinance to control smoke and air pollution. The legislation has been in preparation and under study for more than a year.

are represented by the American Merchant Marine Institute.

The union president, Capt. Robert E. Durkin, announced that the union had ordered the officers to return to their ships.

The strike began shortly after last Tuesday midnight, when the work contract expired and negotiations were deadlocked.

Ships tied up by the strike included some big liners such as the United States and the America.

Wages are not an issue in the dispute. Among the union's goals are longer vacations, overtime pay for holidays, premium pay on ships that carry obnoxious cargoes and other fringe benefits.

The union, making a concession as the strike ended, agreed that four of the largest steamship lines could continue to control the hiring of captains. The union had sought to gain control over the placing of captains aboard 120 ships through union hiring halls.

Football Film Shown For Methodist Men

A film on the highlights of the 1957 season of the Cleveland Browns was screened at a meeting of the Methodist Men Monday night at the Orchard Grove Community Methodist Church. Thirty-five were present.

Members of Boy Scout Troop 31 of the church were guests. Fred McManus, president, presided. The next meeting will be Nov. 3.

Lisbon Jaycee Group To Hear National Aide

LISBON — Robert Betts of Barnesville, national director of the Junior Chamber of Commerce will be guest speaker at the meeting of Lisbon Jaycees Wednesday night at the Christian Church.

Gene Tolson, president, said approximately 30 members and guests are expected to attend this special meeting.

Driving On New Road Costs $10

A motorist arrested for driving on the nearly completed section of Route 66 south of Waterford Park Race Track was one of three persons fined at hearings Monday afternoon before Squire John D. Herron at New Cumberland.

Louis Lazear, 48, of Wellsburg was fined $10 and costs. He was arrested by West Virginia State Police for driving on the still-restricted roadway, which is expected to be open for traffic by early next month.

State police at Weirton have warned Hancock County motorists against driving on the new 2-mile section of highway because final stages of asphalting remain to be completed.

David Tomes, 20, of Weirton was fined $50 and costs for shooting a dog and has filed an appeal with Circuit Court. He was arrested on a warrant signed by a neighbor, Glen Reynolds.

Also fined $10 and costs was Charles Helmick, 65, of Weirton, for operating an auto with no inspection sticker.

Missourian 5th Head Of Latter Day Saints

INDEPENDENCE, Mo. (AP) — William Wallace Smith of Independence was ordained Monday night as fifth president of the Reorganized Latter Day Saints Church.

Smith, 57, succeeds his brother Israel, who was killed in a traffic accident June 14.

The new president is the spiritual head of nearly 170,000 communicants in the United States, Canada and several other countries.

lan and Charles Evans Whittaker were federal appeals court judges and Justice William J. Brennan was a member of the New Jersey State Supreme Court.

With Burton leaving, the court has five Democratic and three Republican members, the latter being Warren, Harlan and Whittaker.

Burton's retirement leaves the court with only one justice, Tom C. Clark, who was appointed by former President Truman. The other three were named by Franklin D. Roosevelt. They are Justices Hugo L. Black, Felix Frankfurter and William O. Douglas.

Tabulation Awaited In Hancock Farm Vote

NEW CUMBERLAND — Tabulation of results of an election of Hancock County community Agricultural Stabilization and Conservation committeemen will begin either tonight or Wednesday, following Monday's voting deadline, Mrs. Norma Murray, office manager, reported.

A tabulation board will meet either tonight or Wednesday night to count ballots filed by county farmers through the mails. A county committee, including a chairman, vice chairman, regular members and two alternate committeemen were to be elected.

The ASC office at New Cumberland sent out 210 ballots and at least 60 had been returned today, Mrs. Murray said. The tabulation committee includes Linn Troop, chairman, Charles Rinehart and R. J. Tarr.

Palestine To Get New Police Car

EAST PALESTINE — Purchase of a new police cruiser and radio-transmitter for the police communications system was authorized by Council at a meeting Monday night.

Council allotted $2,000 for the cruiser, and bids will be advertised this month.

The receipt of tax sums due the city placed the treasury balance over $12,000, compared to the $150 balance at the end of August.

In other action, Council accepted the Neely Manor Addition, on the stipulation that Earl Neely apply some 100 tons of slag before blacktopping of roadways at the addition in the northwest section of the town.

Council also approved for recording the application for acceptance of a plat for a new addition of J. D. Madden & Sons west of Neely Addition.

Recalls 350 Workers

LORAIN, Ohio (AP)—About 350 workers are being recalled at the Lorain works of the U. S. Steel Corp.'s National Tube Division. The return to work this week will increase employment at the plant to 8,600. There still are 2,200 unemployed. The boost in employment was to handle demand for semi-finished steel products, a company spokesman said.

Lebanon's Security Forces Turn Back Mob

BEIRUT (AP) — A club-swinging mob of several hundred today attempted to grab control of the coastal village where President Faud Chenab lives. Lebanese security forces smashed the attempt.

It was the 16th day of the general strike and rioting which is being led by anti-Nasser Phalangist party members. Most of their wrath is directed at the Cabinet formed by Premier Rashid Karami, who helped lead the rebellion against former President Camille Chamoun, a Maronite Catholic. The Phalangists, who are Christians, are demanding more representation in the Cabinet.

Director Files Council Request

Fire Hydrant Fund Asked

A $1,000 appropriation to purchase a reserve supply of five or six fire hydrants was requested of Council Monday night by Safety-Service Director Dan Maggianetti.

The city's annual appropriation for hydrants virtually is exhausted and it has no spares in stock, the director told Council in a letter. He said he believes a few hydrants should be kept in reserve for emergency replacements, including cases in which the plugs are snapped off in traffic accidents. The hydrants cost about $150 each.

The director also requested a $350 appropriation to repaint all the existing hydrants. Both requests were referred to the finance committee.

—:—

IN OTHER BUSINESS, Council approved an ordinance to vacate two short sections of alleys in the vicinity of the Patterson Foundry & Machine Co. plant. They are Puritan Alley, from the north line of Ohio Ave. to an unnamed alley alongside the Pennsylvania Railroad Co. right - of - way, and a 40-foot long section of adjoining Brushton Alley.

When the company requested the vacation several months ago, it said the ground will be used to expand parking facilities at its plant.

Council received a letter from Solicitor Joseph W. Cooper requesting a survey by the city engineer's office to furnish him with an accurate description of a section of Maryland Ave. that Council also proposed to vacate.

He said the ordinance will cover a part of Maryland Ave. from Etruria St. south, but he must have an accurate legal description before the ordinance is drafted. Council referred his request to the engineer's office.

—:—

REPORTING for the street committee, Councilman Robert W. Sample reported approval of a suggestion to mark additional traffic lanes on Pennsylvania Ave. at Mulberry St. and Park Way to facilitate left turns. He also reported approval of a request for installation of a street light on Thompson Ave. between Ravine and Vine Sts., an area in which there has been a wave of petty thievery lately.

The committee also has sanctioned a request for repair of a section of storm sewer on Park Ave. at Line St., Sample said. The committee made an investigation of property at College and E. 6th Sts., following through on a petition received Sept. 15 that referred to the premises as "unsightly" because of high weeds, Sample said.

He said the committee concurs with the petitioners and may confer with the solicitor to see what action can be taken. The property-owner was identified in the petition as Miss Dorothy Forster of Dresden Ave.

Reporting for the finance committee, Councilman George E. Willshaw, chairman, said it made an investigation of requests that expense money be paid in advance to police, firemen and other employes sent out of town to special schools.

—:—

"THOSE PAYMENTS are strictly the function of the city auditor's office and will be handled as he sees fit," Willshaw said. "It is his desire to pay on presentation of receipted bills."

At the meeting Sept. 15, the committee was asked to investigate because some city employes complained they were unable to finance out-of-town trips in advance out of their own pockets.

In response to a question from Councilman William Y. Orr, Sample said the street committee has agreed to eliminate a parking ban in a triangular stretch at the junction of Avondale St. and St. Clair Ave. on the North Side. However, before the legislation can be drawn up, the committee must meet with the engineer to draw up an accurate description of the plot, he said.

Councilman H. A. Tullis, claims committee chairman, reported rejection of a claim from John W. Moore, 1011 Florence St., for damage to his auto July 15 on Florence St. The committee is continuing an investigation of a claim from Mrs. Eula Jakes of Cleveland Ave., who submitted a bill for damage to her home when it was invaded by the overflowing East End Run during a storm, he said.

—:—

THE COMMITTEE was given a $44 bill from Probation Officer Chris Pusey of Lisbon for damage to his auto when it was struck by a backing police cruiser outside City Hall.

The finance committee was given a letter from the High School Athletic Board renewing a request for repeal of the 1 per cent city amusement tax, which is applied on admission tickets for high school functions. The letter was signed by George Hargraves, high school principal and a member of the board.

Council rejected a similar appeal about two years ago. The city's theater owners joined in the request at that time.

Dr. J. Keith Rugh of Ohio Ave. appeared to protest the condition in which the street in front of his home was left after an interceptor sewer was installed by the H. W. Hunter Co. of Plymouth, Ind., contractor for part of the new sewage disposal system. Dr. Rugh charged that the street was not resurfaced properly and the drainage system was disrupted.

—:—

SEVEN MEMBERS of the Business & Professional Women's Club attended the meeting, part of their observance of National Business and Professional Women's Week, which opened Monday. Mrs. Gertrude Reese, public affairs chairman, spoke to Council briefly, explaining the reason for the visit.

Councilman A. Stanley Kidder reported on a meeting of the Ohio Municipal League which he and Maggianetti and Cooper attended recently at Columbus.

Councilman Samuel Webber was excused. The meeting opened with invocation by Councilman W. E. Kaiser.

Vocal Music Head Named By Board

Mrs. Janet Davis of Aliquippa R. D. 1 was appointed vocal music instructor for South Side Schools at a meeting of the Board of Education Monday night at the school near Hookstown.

Mrs. Davis will succeed Mrs. Janet Caputo, who is teaching academic subjects full time in the high school. A graduate of Carnegie Tech, she taught two and a half years at Braddock Junior High.

Mrs. Gladys Hoover, a member of the joint board, was named to represent the district at the state school directors' convention Oct. 31 in Harrisburg.

The board will be host to the Beaver County directors' convention Oct. 23-24. It will open with a dinner meeting on Oct. 23 followed by general and group meetings with the program concluding Friday, Oct. 24.

Activities Club Plans Lunches For Gridders

Plans to serve lunches to the Chester High School football team following games were made at a meeting of the Purple and Gold Activities Club Monday night at the high school.

Lunches will be served after the Newell game Friday night and the Powhatan game Oct. 25.

Nov. 19 or 22 were selected as the possible dates for the annual football banquet. The site will be chosen later. The group is selling garment hangers to raise money.

Mrs. Hugh Eberhart, president, was in charge. The next meeting will be Nov. 3.

Sought In Wounding

IRONTON, Ohio (AP)—Sheriff's deputies are seeking James Jenkins, 20, of the rural Pigeon Hollow area in connection with the wounding Monday of Roscue Butts, 32, of Ironton. Sheriff Carl E. Rose said Butts, who is in fair condition, was hit in the left side by a shotgun blast, but the cause of the shooting is not clear.

Improvement Shown In Grade Scholarship

City elementary pupils in the third, fifth and sixth grades have shown an improvement in the last year based on the standard achievement test given in May, Supt. Ralph W. Betts told the Board of Education Monday night.

The testing is part of the program started three years ago and was the second year for the standard achievement test. It covers reading, spelling, language, arithmetic, science, social studies and study skills.

With the test given in May—the eighth month of the school year—the city average showed third and sixth grade pupils were a month ahead of schedule and fifth grade pupils were exactly on the mark.

The sixth grade had stepped up eight months over the previous year with the third grade improving by three months and the fifth grade by two, Betts said.

Mrs. Carpenter Named As Safe Woman Driver

Mrs. Jeannette Carpenter, city health nurse, was singled out by East Liverpool police Monday to receive the first award for safe women drivers that will be presented daily through Friday as part of the observance of National Businesswomen's Week.

It was the third of the annual awards won by Mrs. Carpenter. She resides at 528 Elizabeth St. and is a member of the Quota Club.

Police will select a safe woman driver each day, co-operating in the observance arranged by the Business & Professional Women's Club. The five winners will report to City Hall Friday at 2 p. m. to receive certificates.

Wellsville Kaycees To Plan Columbus Day

Final arrangements for the observance of Columbus Day will be made at a meeting of Wellsville Knights of Columbus Council 507 tonight at 8, (EST).

Sam Amato, general program chairman, will outline the programs planned for November. Following business, Ken Woods, head Wellsville High School football coach, will be guest speaker.

Earl Hitt, lecturer, will be in charge of the program. James Ross is grand knight.

Late Discovery

WEST WARWICK, R.I. (AP) — Kenneth Pelleccione, 4, found out he had been running around on a broken leg 10 days after being knocked down by a car. His parents noticed he seemed to be bothered while riding his tricycle. Doctors discovered a fractured lower right leg.

$8,000 Seen As Fire Loss

Householder Suffers Burns In Unity Blaze

EAST PALESTINE — Damage was estimated at some $8,000 when fire razed the small home of Mr. and Mrs. Roy Mollenkopf of near Unity late Monday morning.

Mollenkopf, 72, was treated by a physician last night for blisters of the face suffered when he attempted to reach a telephone on a flaming wall.

First reports indicated the oil stove exploded, but firemen later learned the stove became overheated and ignited a wall behind the stove. The telephone was on this wall.

The flames burned the telephone wires at the home and disabled the local party line so that firemen could not be summoned in time to save the home, located about a half mile east of Unity.

Mrs. Mollenkopf had been heating water for washing all morning on the stove, firemen said. The couple is staying temporarily with a son-in-law and daughter, Mr. and Mrs. Dale Augustine, of Dungannon.

Testimony Continues On Land Appropriation

LISBON — Testimony continued today in an appropriation case over land taken by the State Highway Department for the improvement and relocation of Route 45 between Salem and Lisbon.

Warren N. Bricker and Lola M. Bricker first asked $19,335 for the 10.48 acres but the state refused and they now seek $37,535 for the land, structures, mineral rights and damages to 5.1 acres residue.

The jury, sworn in Monday morning by Common Pleas Judge Joel H. Sharp, viewed the property before lunch then began hearing testimony. The case is expected to take three days.

Jurors include Nelson Larkins, Alfred Birbick, Marietta Heffner and James M. Huston of East Liverpool; Margaret Horning, John Ulrich, Helen Bloomberg and Eugene Early of Salem; Dorothy Hamilton and Garnet Wurzel of Wellsville, John Miller of Salineville and Temple Eells of Lisbon.

George Wilson of Columbiana is alternate.

Shock Blamed In Death Of Beaver Hunter

Shock claimed Roy T. Bracken, 56, of Darlington R. D. 1 after he suffered a bullet wound while coon hunting Sept. 25, Dr. Thomas Todd, Beaver County coroner, ruled Monday.

Mr. Bracken was found dead with a wound in the left thigh beneath a tree in which he had killed a coon. Another was found nearby.

The bullet slug and a .22-caliber pistol which figured in the hunting mishap are being sent to the Pennsylvania State Police laboratory at Harrisburg for ballistics tests, the coroner said.

Elects First Woman

PORTSMOUTH, Ohio (AP)—The Izaak Walton League, which urges conservation of natural resources, has named a woman to head its Ohio division for the first time. She is Mrs. Ida Kuhlman of Cincinnati, elected during the annual state convention here.

Firemen Speed Remaining Work On Fire Station

Calcutta volunteer firemen met Monday night to air plans for finishing necessary work before the new cement-block fire station can be used by the end of this month. About 14 were present.

Dale Horger was named chairman of a sanding project for the auditorium floor, which is expected to be completed this week. Installation of doors and trim and partitioning of the garage from an auditorium is to be completed within the next two weeks, firemen reported.

In conjunction with Fire Prevention Week now under way, Norman Neal, president, reminded Calcutta residents to check their homes for fire hazards and inspect furnaces, chimneys, gas heaters and attics and cellars for oily rags, paper and old paint.

Firemen said the truck will be on display in the community Wednesday from 6 to 8 p. m. for inspection by interested residents. The group is also planning to attend an annual fire school of instruction at Midland Saturday.

Chief Laverne Seckman reminded residents that permits are still required when kindling fires outdoors in October and November. Permits are free of charge and can be obtained from him at his residence on the Calcutta - Smiths Ferry Rd. The next meeting will be Monday at 8:30 p. m.

County Patrol Cases Pay $5,804 To State

The state's share of fines from motorists cited by the State Highway Patrol in Columbiana County during the summer amounted to $5,804, according to records of State Auditor James Rhodes.

The total of the state's share of patrol fines during July, August and September was $293,262 — 45 per cent of the whole of the fines. This was $15,581 more than the state received during the summer of 1957.

Aliquippan Appeals Fine In Assault Case

Squire Eugene Allison of Chester Monday night fined E. Daryl Campbell of Aliquippa $50 and costs for assault, but the defendant filed an appeal to the Circuit Court at New Cumberland.

Campbell, 22, was charged Sept. 13 by a waitress at the 600 Bar in Chester after a fracas at the tavern in which Campbell was later struck on the head and hospitalized.

A hearing for Campbell was held Sept. 29 by Squire Allison, who withheld his decision until last night.

a NEW IDEA for a NEW ERA

Auto insurance that's actually merit rated

Your accident record sets your rate with the new SAFE-T-RATE plan!

EXCLUSIVE WITH NATIONWIDE—a bold new idea in auto insurance—based on a completely new concept of setting premium rates. SAFE-T-RATE, the plan Nationwide has pioneered, is now available to qualified car owners. Here's real *merit-rated* auto insurance. With SAFE-T-RATE, your accident *record* sets your *rate!*

SAFE-T-RATE: *How it works*

You set your own premium rate—higher or lower—depending on your personal accident record. Using 9 possible rate levels, you start out with a rate determined by your past insurance history.

Then, after the first year, depending on your safety record under the SAFE-T-RATE plan, your rates go *down*—or *up*—from your original rate level. *With each successive accident-free year, your rates go down until you reach a low, low minimum premium!*

SAFE-T-RATE: *Top driving security*

In addition to this new rating method, you get broad insurance coverage—including 20 liberalized benefits...with prompt, friendly claims service. SAFE-T-RATE means quality protection—while your rates go down with each accident-free year!

SAFE-T-RATE: *Our policyholders' idea*

This revolutionary new plan is a direct result of recommendations made by our Advisory Committee of Policyholders. This policyholder group asked for some means to reward accident-free drivers. The result? A bold new idea in auto insurance—SAFE-T-RATE!

The fact is, Nationwide's policyholder-participation program is just one of many such programs designed to stimulate the growth of new ideas. In this way Nationwide continues to implement bold new concepts for the increased security of you and your family. SAFE-T-RATE is just one of many Nationwide firsts—just one of many new ideas for a new era. Phone, write or visit:

Arrested After Landing

Newly Wed Takes Flyer On Holdup, Charters Plane

CHICAGO (AP)—A young newlywed took a flyer at a holdup in Grand Rapids, Mich., Thursday, chartered an airplane to Chicago and two minutes after landing was captured by police.

The captive, Walter Molenkamp, 19, was carrying a revolver in a shoulder holster but he surrendered meekly when he saw four detectives, revolvers in hand, rush at him.

Molenkamp, astonished at the reception, quickly admitted he had obtained $1,400 in a holdup of a Grand Rapids gas station.

"I was desperate for money," he told Detectives James Riley and Mike McCarthy. "I got married last Tuesday and I only make 90 cents an hour at my job as a car hop. I had just needed the money badly and thought I'd take a flyer at the holdup."

The pilot, Robert C. Gable, also was startled when the policemen surrounded the plane. He was unaware that his lone passenger, who had paid $69 for the 200-mile flight, was a fugitive.

"The only thing we talked about was how he could get a scheduled airliner to Clovis, N.M.," Gable said.

Police said they found $1,143 in small bills stuffed in Molenkamp's pockets.

"I planned to go somewhere in Arizona," he told detectives. "When I got there, I was going to send the money to my wife Beverly and then I was going to shoot myself."

Molenkamp, who said he would waive extradition, told police a finance company had threatened to repossess his wife's engagement and wedding rings. That, he said, prompted him to hold up the gas station where he took $1,200 from the cash register and $200 from the attendant, Ed Vanderwerf.

Honolulu Calls Off Alert For Tidal Wave

HONOLULU (AP) — Authorities called off a tidal wave alert Thursday night about an hour and a half after a weak wave hit Hawaii beaches. There was no report of major damage.

Foot-high waves hit Oahu and Kauai islands about 7:30 p.m., observers said.

Residents and tourists, flocking to Waikiki Beach to watch the wave, created traffic jams.

The Coast and Geodetic Survey alerted the islanders three hours after a heavy earthquake rocked northern Japan and after unusual wave action reports came from Wake Island, about 1,000 miles west of here.

Pastor-Educator Dies

CANTON, Mass. (AP) — Dr. Earle H. Baker, 74, Cedar Falls, Iowa, vice president of Cornell College in Mount Vernon, Iowa, until his retirement two years ago, died Wednesday of a coronary occlusion. A Methodist minister, administrator and educator, he was vice president for eight years and a trustee for 31 years. He was born in Edmund, Wis.

Greyhounds Normal After 1-Day Strike

CLEVELAND (AP) — Eastern Greyhound Lines returned to normal operations today following a one-day wildcat strike which halted bus service in 20 northeastern states.

The end of the strike came after tentative agreement on a two-year contract to replace one that expired last Friday. It affects 3,400 drivers, terminal and maintenance employes represented by 12 local unions of the Amalgamated Assn. of Street, Electric Railway and Motor Coach Employes.

A delay in announcing the agreement delayed resumption of operations for several hours Thursday.

Terms of the agreement are subject to ratification by the membership. It provides for raising the mileage pay rate for drivers from a scale of 9.8 and 9.85 cents per mile to 10.3 cents per mile the first year and 10.5 cents per mile the second year of the contract.

The agreement also includes increases of eight cents an hour each year for hourly rated drivers plus wage hikes for hourly rated terminal and maintenance employes of 10 cents the first year and eight cents the next year. The latter class of workers averaged about $2.54 an hour.

Other benefits are improved holiday pay and sick leave and health and welfare, plus a fourth week of vacation for employes with 25 years service.

Fineman New Member Of Local Law Office

Fineman attended West Virginia University and received his law degree from Ohio State University in June. He is a 1952 graduate of Chester High School.

At West Virginia University, he was a member of Phi Sigma Delta, social fraternity, and at Ohio State he was a member of Phi Alpha Delta, legal fraternity, and the Student Bar Association.

Chester Councilmen And Engineer Confer

R. D. McGill of McGill, Smith & Reckers Co., Bethel (Ohio) engineers, conferred with the Chester Council water committee Thursday night concerning plans for a retaining wall at the upper pump station.

McGill offered engineering services for the project designed to protect the pump station when the Ohio River level rises after completion of the Stratton super-dam. The U. S. Army Corps of Engineers has made a preliminary survey for the project to be underwritten by the federal government.

Setup Outlined On Air Defense

Kiwanis Club Hears Colonel In Air Force

A discussion of the nation's air defense system and the roles of various military services was presented by Lt. Col. Robert Fredette of the Air Force at a meeting of the Kiwanis Club Thursday at the Travelers Hotel.

Col. Fredette, Air Force adviser for the 112th Wing of the Pennsylvania National Guard at the Greater Pittsburgh Airport, described the North America Air Defense program (NORAD) in which the U.S. and Canada participate.

He outlined the radar system, manned and automatic, and related the various roles of the Air Force, Army, National Guard, Navy and Royal Canadian Air Force in the defnese program.

Col. Fredette said the role of a jet pilot, in event of approach of an unidentified plane located by the system, was to identify the plane as hostile or friendly and to destroy the plane if hostile.

He said the Air Force handled interception of such planes at long range or middle range distances, while Air National Guard units were responsible for shorter ranges. Army missile units, such as Nike establishments, defend the immediate areas about key cities.

The Air National Guard units are composed of civilians who train for duties and actively serve on occasions. Col. Fredette also explained flight safety procedures and demonstrated pilot equipment.

Richard Emmerling was program chairman.

Brochures were distributed to members selling tickets for the concert of the Don Cossack Chorus Nov. 28 at the Memorial Auditorium.

Patient In Hospital Leaps To His Death

COLUMBUS, Ohio (AP) — A doctor entered a patient's room at University Hospital shortly before midnight Thursday and found a window open with the screen out. The body of William Wilkins, 39, of Columbus, was found on the ground 10 floors below.

He was admitted Oct. 27, but the nature of his illness was not disclosed. The coroner's office is investigating.

$164 Given UNICEF

EAST PALESTINE — A total of $164 was collected for UNICEF Friday and Sunday by Girl Scouts, youths of the Presbyterian Church and pre-school youngsters of Our Lady of Lourdes Catholic Church, the Rev. Chalmers Goshorn, chairman, said today.

Toledo Children Appreciate Milk As Strike Ends

TOLEDO, Ohio (AP) — Many Toledo children sipped their milk with unusual appreciation today after a one-day strike by 500 milk truck drivers.

The unauthorized walkout against seven dairies Thursday stopped deliveries to homes, schools, stores and similar establishments.

Teamsters Local 361 and the dairy management held a 12-hour meeting to settle the dispute. The drivers wanted supermarkets to charge more for their milk because home-delivered prices are higher.

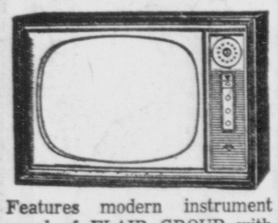

Terms of the agreement were not disclosed.

While the talks were in progress, most stores quickly sold out their supplies of milk as housewives heard of the strike.

Several small milk package stores reported they had been threatened and sheriff's deputies were assigned to escort out-of-town deliveries into the city. No violence was reported.

Faye M. Brown Becomes Bride Of Mark G. Roberts

A hymn traditional for weddings in England was sung at the marriage of Miss Faye Marie Brown and Mark Glenn Roberts Thursday night in the Yellow Creek Presbyterian Church.

Palms and ferns highlighted the setting for the candlelight rites performed by the Rev. Richard Beidler.

Mrs. Wilda Shafer sang the Anglican hymn, "The Voice That Breathed O'er Eden," which has been used for weddings in the family of the bridegroom's mother for many years.

She also sang "The Prayer Perfect." Mrs. Olive Clark presented a 15-minute recital of nuptial organ music.

The bride is the daughter of Mr. and Mrs. George V. Brown of the Elkton Rd. and is a 1958 graduate of David Anderson High School at Lisbon.

She is a student at the A. & H. Beauty School in East Liverpool.

Son of Mr. and Mrs. Glenn B. Roberts of Glasgow, Wellsville, the bridegroom was graduated in June from Ohio State University at Columbus and is doing graduate work at Geneva College, preparing to enter medical school next year.

Given in marriage by her father, the bride was attired in a ballerina-length gown designed with a Sabrina neckline and long tapered sleeves. The waistline was accented with tiny ruffles and the full skirt was of nylon tulle over taffeta. A crown of seed pearls held her veil of illusion.

An arrangement of white roses and pink carnations highlighted the white Bible she carried, a gift from her parents. Her single strand of crystals and matching earrings was a gift from the bridegroom.

Miss Loretta Brown was maid of honor for her sister and wore a ballerina-length gown of pink ruffled net. She carried a Colonial bouquet of pale blue tinted carnations.

Bridesmaid was Miss Virginia Orr who wore an aqua color ballerina-length gown of ruffled net and carried a Colonial bouquet of pale pink carnations.

Jack Henry was best man and Richard Crews was usher. Both are friends of the bridegroom.

Navy blue was worn by Mrs. Brown and pink carnations and white roses formed her corsage. A pink wool jersy ensemble was worn by Mrs. Roberts.

A reception for relatives, friends and out-of-town guests followed in the social rooms. Aides were members of the Couples' Club of the church headed by Mrs. Ruth McIntosh.

After a motor trip through upper New York State and Canada, they are residing in an apartment at the home of the bridegroom's parents.

New Officers Are Selected For Women's Association

Officers were elected by the Women's Association of the Wellsville First Presbyterian Church at its third meeting of the year Friday night in the social rooms. Forty were present.

Named were Mrs. William Shoub, president; Mrs. Cedric Stanway, program vice president; Miss Ina Otterson, fellowship vice president; Mrs. Carolyn Vogel, World Service vice president; Mrs. Gladys McIntosh, secretary; Mrs. William Ferguson, treasurer, and Mrs. Samuel Mortland, assistant treasurer.

Named to serve on the nominating committee were Mrs. Fred Bright, one year; Mrs. William Frail, two years, and Mrs. Ruth Olmstead, three years. Mrs. Frail, Mrs. Charles Calhoun and Mrs. Helen Geer were elected circle leaders.

The slate of officers was presented by Mrs. Kathryn Scheets, nominating committee chairman.

Preceding the meeting a prayer circle was held in the primary room with Mrs. Carolyn Vogel in charge.

Mrs. Philip Fletcher, retiring president, opened with prayer. The budget for 1959 was adopted. A few changes were made in the constitution. Mrs. Fletcher urged members to attend the fall sessions of Presbyterial District 1 to be held today at the Second Presbyterian Church in East Liverpool. The Fellowship of the "Least Coin" cards were collected.

The Naomi Circle was in charge of the program on the theme "The Church Must Educate for All of Life." It was presented in the form of the television program "This Is Your Life," with Mrs. Ruth Runyon as mistress of ceremonies. Mrs. Robert Runyon was picked from the audience as "Mrs. Church Woman." Taking part were Mrs. McIntosh, Mrs. Richard Bratt, Miss Otterson, Mrs. Raymond Plate and Mrs. George Curry.

The Mary Martha Circle had the fellowship with the theme "Autumn Leaves." In charge were Mrs. Marie Jenkins, Mrs. Isabel Calhoun, Mrs. Genevieve Wolf, Mrs. Stanway and Mrs. Mortland.

Members of the Dorcas Circle were hostesses. The table was set with a color scheme of yellow and green. Fall flowers were used. Mrs. Elizabeth McNichol was in charge.

The Executive Board will be in charge of the program at the next meeting Dec. 5.

Hammondsville PTA Will Meet On Oct. 20

HAMMONDSVILLE — Mrs. Betty L. James of Alliance, district director, will discuss "Policies and Procedures" when the Parent-Teacher Association meets Oct. 20 at 7:30 p. m. (DST) in the elementary school.

A musical program by students will also be presented and the Celli Music Center, Inc., of East Liverpool will display instruments for interested parents. A question-and-answer period will follow a talk by Mrs. James. Mrs. Eva Parsons, president, will preside for business.

Calcutta Group Airs Possible Zoning Levy

Proposed plans to submit a levy placed on the November ballot for zoning of St. Clair Township were discussed at a meeting of the Calcutta Area Development Association Monday night in the Calcutta School.

A public meeting will be held later this month at Beaver Local High School to present the need for the proposed seven - tenths mill levy. A Youngstown zoning engineer will speak.

Fifty were present. Dean Wilhelm, president, presided. Paul Brown reported on the proposed township zoning.

Mrs. Emil Dominick was named membership chairman. The organization will meet the first Monday of each month at the school.

Zoning Conference Slated For Georgetown

New ordinances and a zoning map will be presented to Georgetown Borough Council for consideration when Council confers with the Borough Planning Commission and William Moore, secretary of the Beaver County Zoning Commission, Thursday night at 7:30.

Plans for the conference were announced at Council's meeting Monday night. Anthony Decapio, president, presided.

Two new street lights are being erected on 2nd St. and streets are being graded in preparation for blacktopping.

Kiwanians To Meet

LISBON — Dr. Raymond Horn, psychologist, and Miss Amy Allen, special education directors of the State Department of Education, will be guest speakers at the Kiwanis Club luncheon Thursday noon at the Christian Church. James L. McBride, county school superintendent, is program chairman.

Band Mothers Discuss Rummage Sale Project

Plans for a rummage sale were discussed at a meeting of the Purple and Gold Band Mothers Monday night at Chester High School.

Mrs. Paul McHenry said the rummage sale is scheduled Nov. 17-22 in a storeroom at E. 4th and Washington Sts. in East Liverpool.

Mrs. Ralph Rossy, treasurer, reported $350 netted from refreshment sales at three home football games and $40 from a bake sale Saturday.

The group made plans to transport the high school band in cars to the Newell game Friday night.

The group will sell fruit cakes for Thanksgiving and Christmas. Mrs. Alton Johnson, president, was in charge. The next meeting will be Nov. 3.

Women Begin Duties Guarding School Pupils

LISBON — Mrs. George Riggle, 313 W. Washington St., and Mrs. Robert McCamon, 318 W. Lincoln Way, started duties today as school crossing guards at W. Lincoln Way and Thomas Rd.

Mrs. Riggle serves the morning watch and Mrs. McCamon the afternoon turn. They will split the $414 set for the nine-month school term, each working about 50 minutes per day.

This makes three guarded crossings — N. Market St., E. Lincoln Way and now W. Lincoln.

Council and the School Board are expected to meet shortly to decide how much each will pay for the new guards.

20 Attend Park Outing For District Ministers

About 20 attended a picnic for ministers and families of Presbyterian Churches of the Northern Panhandle area Monday evening at Tomlinson Run State Park.

The group included the Rev. and Mrs. William Claghorn and the Rev. and Mrs. Robert Backstrom of Chester, the Rev. and Mrs. Ray Brugler of Newell and the Rev. and Mrs. William Flurkey of Pughtown.

PTA To View Movies

SALINEVILLE — Slides and movies of the West will be screened by Mr. and Mrs. Eugene Yohst at a meeting of the Parent-Teacher Association Thursday night at 8 at the high school cafeteria. Plans will be discussed for the school fair, and lunch will be served by the first grade homeroom mothers.

Lisbon Driver Hurt In Wreck

Man Hospitalized In Mishap Near Mingo

A Lisbon area man was hospitalized in Steubenville after he lost control of his auto and smashed into a bridge near Mingo Thursday night.

Theodore Davis, 32, of R. D. 1, was admitted for observation when he was unable to remember his name after the wreck on Route 151, about a mile and a half south of Mingo at 8:20 p. m., the Wintersville Highway Patrol reported. He may have suffered chest injuries.

Officers said Davis apparently lost control, veered off the highway and crashed into a bridge, damaging the auto moderately. An investigation still is pending, the patrol said.

The Patrol also cited Thurston Brand, 28, of Toronto after his auto struck the rear of another at 6:20 p. m. yesterday on Route 213 some 200 feet south of Hammondsville.

Brand's auto hit one operated by William Bass, 43, of Uhrichsville, who was halted because the car in front of his had a fire in the motor, the patrol said.

Brand was slated for a hearing Monday at 4 p. m. before County Judge Helen Miller Huntsman of Toronto on a charge of failure to stop within the assured clear distance. Moderate damage occurred to both vehicles, officers said.

Trial Slated Thursday For Village Green Case

Municipal Judge George L. Brokaw today scheduled a jury trial Thursday at 10 a. m. for Alfred Nitsche, 820 Ohio Ave., Midland, and Harry S. Pease of near Rogers, who face gambling charges in connection with alleged booking of horse race bets in the Village Green tavern.

Prior to the trial, the judge will hear arguments on a defense motion to "suppress" evidence in the case allegedly seized by State Liquor Control Department agents whose investigation led to the arrest. The motion will be heard at 9:30.

The defendants previously requested a jury trial. The jury will be drawn at 11 a. m. Monday, the judge said.

Midland Charities Campaign Nears End $4,000 Under Goal

The Midland Area Charities Fund drive will close Monday, $4,000 short of its $29,940 goal, Paul McGeehan and Harvey Sponcer, co - chairmen, announced at a directors' meeting Thursday night.

Hope remains the drive still can succeed if only 20 per cent of some 1,500 Crucible Steel Co. payroll deduction cards, representing Midland area workers, are signed in the near future, McGeehan said.

Some $26,000 has been received in cash and pledges from individuals and industries with some to report yet. Atty. Edwin Wallover said Crucible's check was received this morning in the mail and many other workers have pledged their donations.

The 1,500 payroll cards, McGeehan said, were received late in the campaign and will be distributed to block captains, area captains and directors at a meeting Monday night at the McGeehan Insurance Agency. Workers will also then turn in all money collected.

The cards must be taken to each worker and signed by him and the solicitor. The campaign committee will then turn them over to Crucible. Under the payroll deduction plan, only 50 cents a month is deducted from a worker's pay.

Any worker who wishes to sign his card or others who wish to make voluntary donations for the 18 participating agencies may do so by contacting any board member or his office, McGeehan said.

He blamed the lag, not only on the lateness of the deduction cards but also because the goal was set during "good" times before the recent recession and unemployment.

Last year, the goal of $21,200 was exceeded. Donald Green, publicity chairman, and Lloyd Murphy, block captain, also attended.

Income Tax

(Continued from Page One)

the city for the period prior to Oct. 1.

Separate report forms probably will be sent also to businesses, manufacturers and persons who have income not subject to withholding. These individuals and businesses already have filed income estimates for the period May 1 - Dec. 31 and some of them made tax payments based on the estimates.

Their final reports also will balance out their tax payments. They will report on their actual income or profits between May 1 and the tax cut - off date. If they already have over - paid the tax, they will receive refunds. If they have made payments, but less than the total liability for the period, they will be asked to pay the difference.

For instance, if a businessman estimated earlier that he would have profits between May 1 and Dec. 31 that would subject him to $100 tax, which he paid, and the new report shows that his total tax liability is only $90, he will receive a $10 refund.

On the other hand, if the taxpayer's report shows a total tax liability of $100, of which he has paid only $50, he will be asked to pay the remaining $50.

Police Cutback Seen In Conneaut Tax Loss

CONNEAUT — Discontinuance of walking beats and checking of doors from midnight to 8 a. m. was threatened by Police Chief Jack Sanford if cutbacks result from the repeal Tuesday of Conneaut's income tax levy.

"If cutbacks are made in the police department, we will have to shut down business," he said. "You can't spread a few men over the city 24 hours daily."

Repeal of the tax, which started April 1, was approved 2,242 to 1,912, but an accompanying proposal to refund taxes collected since April 1, which total $75,589.29, was defeated, 2,214 to 1,912.

Mayor Tom Perkio reported there is enough tax money to meet present payrolls. He said the city may continue all services until Jan. 1.

Several councilmen have indicated they favor resubmitting the income tax question to the voters.

Business-School Day

Trucker Cited For 'Swinging' On Physician

An East Liverpool truck driver, who allegedly punched an Alliance physician in the nose as the result of a traffic disagreement, was arrested in Chester Thursday on charges of hazardous driving and assault.

Ray Baumgarner of Ohio Ave. posted a $60.50 bond for a hearing Saturday before Mayor Burton Ward.

Police Chief Floyd Lyons said the incident started in East Liverpool, when Dr. George E. Ewing, 36, headed east on 3rd St., halted for a traffic signal at Broadway.

Baumgarner in a truck behind him, pulled around Ewing's car and started east, but the physician also continued east and passed the truck before reaching the Chester Bridge.

Police said the trucker attempted to pass Ewing on the bridge, but could not. Ewing is the son of Mrs. C. W. Ewing of Carolina Ave., Chester.

When the doctor stopped to make a left turn on Carolina Ave. to enter the driveway of his mother's home, Baumgarner drove his truck past the car to block it, then got out of the cab, opened the door of Ewing's car and hit him in the nose, Chief Lyons said.

Georgetown Autoist Hurt

Passenger Injured In Beaver Accident

A Georgetown area motorist and his passenger were injured and a second passenger escaped unhurt early today when their car plunged over a six - foot embankment on Route 30 in Beaver County, Pennsylvania State Police at Carnegie reported.

Joseph Rosak, 19, of Georgetown R. D. 1, the driver, and Joseph R. Hacker, 19, of Hookstown R. D. 1 were treated at City Hospital for injuries in the mishap at 1:05 a. m.

Rosak suffered abrasions of the scalp and lacerations of the hand, right arm and right knee. Hacker received lacerations of the scalp. Dale Allison, 21, of Georgetown R. D. 1 escaped injury, officers said.

State Police said Rosak apparently was traveling too fast and lost control in Greene Township, about a mile and a half from the West Virginia - Pennsylvania line.

Rosak claimed the accident occurred when he swerved to avoid an oncoming auto. Police said Rosak will be charged with speeding.

Democrats

(Continued from Page One)

day's elections greatly increased Democratic congressional strength, were given out at Johnson's Capitol office.

When the Democrats agree with the President, they will try to support him, Johnson said, and when they disagree, they will try to present constructive alternatives.

Some of the proposals Johnson outlined today appeared certain to win opposition from Eisenhower, who re-emphasized at a Wednesday news conference what he called the dangers of reckless spending.

Without specifying what he had in mind, Johnson called for a new farm program, saying, "There is something wrong when the government must spend 53 cents for every net dollar the farmer takes in."

Eisenhower told reporters Wednesday he contemplated no change in the administration's farm policy.

Johnson called for legislation to help areas of chronic unemployment. Eisenhower vetoed an area development bill passed at the last session which far exceeded his own recommended program.

And the senator called for stepped-up water development in the West, a lowering of interest rates he said are slowing down economic growth, a "bold housing program which will set as its goal a home for every American family" and an expanded airport building program.

In addition to housing, urban renewal, airport building, a new farm program, water development, depressed area help and lower interest rates, Johnson said Congress must face up to:

A review of foreign policy "so that bold, new, imaginative programs can be recommended to responsible officials."

A "consistent policy for Latin America which will help our neighbors to help themselves."

The need to breathe new life into the newly created space agency and launch a program to explore outer space.

The need for a program to develop the peaceful uses of the atom with emphasis on an atomic merchant marine.

Passage of a labor bill "to protect honest, constructive labor from the selfish schemes of the racketeers."

2 Youths Arraigned

SPRINGFIELD, Ohio (AP) — Two area youths, Jack Leroy Hudson, 18, of the Lower Valley Pike, and an unidentified companion, 16, have been arraigned before the U. S. Commissioner on charges of possessing counterfeit coins. Police say the pair made and passed counterfeit nickles and half-dollars.

Road, Ditch Repairs Authorized By Trustees

Road and ditch repairs were authorized at a meeting of the St. Clair Township trustees Monday night.

Clearing of a ditch and sloping of an embankment at the property of Melvin Chestnut of Annesly Rd. was approved, and repairs of holes in the Sprucevale Rd. were authorized at the request of Peter Henderson, Frank Conkle and Sylvester Smith.

Procedures for having a private road converted a township road were explained to G. H. Thompson of the Smiths Ferry Rd. who is contemplating improving a roadway at his farm.

Further plans for a public meeting on zoning Oct. 20 will be made at the next meeting of the trustees Monday night.

2 Charter Officers Cited

Society's 50th Anniversary Marked

Two charter officers were given recognition Monday night at a dinner marking the 50th anniversary of the Women's Missionary Society of the Second United Presbyterian Church.

Miss Anna Martin, left, was first vice president and Miss Lu Hanley, right, was president. They were presented bookmark gifts from the group by Mrs. Lyle Anderson, center, president.

The group held its first meeting Oct. 6, 1908, at the home of Mrs. Mertz A. Eakin, wife of the pastor. Two other charter members from the 12 at the initial meeting still are living but were unable to attend. They are Mrs. Minnie Davis of Ambridge, who was secretary, and Mrs. Cora Calhoun Porter, who was treasurer.

Many of the members have been honored with life memberships and their sewing projects have gone to Indian missions throughout the states.

Some 22 attended the event including, former members and guests. The doxology was sung for the blessing and Mrs. Raymond Unger, secretary, was program chairman.

"On the Lake" was the opening piano solo by Mrs. Anderson, followed with the welcome by Mrs. Unger.

After the group hymn, "He Leadeth Me", Scripture was read by Mrs. Grayce Chambers, followed with prayer by Mrs. Robert Helstrom.

During the memorial service under the direction of Mrs. Anderson, candles were lighted by Mrs. Clyde Powell and Mrs. Chambers. A small white covered table with lighted candles in crystal holders was the setting.

Mrs. Samuel Bowers sang "I Never Walk Alone," preceding the recognition of the honored members by Mrs. Anderson.

Letters from former members were read by Mrs. Unger. For closing, the group sang "Blest be the Tie That Binds" and Mrs. Unger offered the benediction.

Former members who attended were Mrs. Esther Smith of Lewistown, Pa., widow of a former pastor, the Rev. Charles Smith; Mrs. W. C. Hultz of Beaver Falls, Mrs. Ralph E. Chambers of Beaver and Mrs. John L. Robbins, Mrs. J. E. Hannahs, Mrs. James Reaney and Mrs. John F. Cooper, all of East Liverpool.

Others were Mrs. Norman Furry and Mrs. Vera Whittaker, both of Buffalo. Mrs. Helstrom is the wife of the student pastor now serving the local church. They reside on St. George St.

Table decorations featured the golden theme accented with pink. An arrangement of pink rosebuds intermingled with gold spears in a gold bowl highlighted the setting. Rippling maline with dashes of pink and lighted pink tapers in gold candelabra completed the motif. Favors were miniature pink and white flowers attached to placecards.

Members of the Ethel Chambers Missionary Society of the church served the meal.

Bringing Up A Family

By GARRY C. MEYERS

Travel Throws Light On Foreigners' Trials

This past summer, Mrs. Myers and I spent 75 days traveling in Portugal, Spain, Norway, Finland, Sweden, Denmark and Belgium. It was our third trip to Europe. Speaking only English, we became aware, more than ever on this trip, of what it means to be a "foreigner." Everywhere people were very kind to us. Everywhere many could understand and speak English. We felt inferior, however, as we looked at all the signs on streets and business places, and met so many persons who could speak English well, while we could neither understand nor speak their language.

By Garry Meyers

—:—

IN REPLY to our question, asked hundreds of times, "Where did you learn to speak English so well?" the answer was "At school."

In all the countries we visited, children from about 12 to 14 are taught English along with one or two other foreign languages.

But what impressed us most was their kindness to us. Nobody laughed at us or treated us as inferior because we could not understand or speak the native tongue.

All the time we traveled among these kind people, I kept imagining how thousands of emigrants, who came to America to make their homes must have felt when they arrived in this strange land.

Often I felt like apologizing to our hosts for the discourtesies English-speaking Americans may have showed their countrymen in the United States.

I've kept thinking of the thousands of American children whose parents grew up in Europe, who have never learned their parents' language because they were ashamed to be thought of as foreigners.

—:—

YOU AND I also know that some refugee parents and children in our land, even now, feel like unwelcome strangers in our midst. They feel as inferior as Mrs. Myers and I felt last summer when we mingled with people whose language we could not understand.

I don't know how many times in recent weeks I have resolved to try to emulate the wonderful hospitality tendered to us by our gracious hosts and hostesses in the countries we visited.

When we attended the World's Fair in Brussels, we wondered why there were no displays in the United States building depicting the contributions made by all the European peoples to our nation.

Oh, yes, there was an excellent map naming the nationality groups settled in the various states of our America. But this map was not displayed. It was folded in a book available for purchase, called "This Is America."

We were proud as we studied this booklet to be citizens of the United States.

Wellsville Kiwanians Plan Election Tonight

Officers will be elected at a meeting of the Wellsville Kiwanis Club tonight at 6:30 (EST) at Meade's Restaurant.

Richard Jones, president, will preside. Elmer Savage of Wellsville will discuss his visit to the World's Fair at Brussels.

Kenneth Bell is program chairman. The Board of Directors Friday voted to purchase film for one of the Wellsville football games. Walter Wolfe, principal of Daw Junior High School, was approved for membership. He is a former member of the Grafton (W.Va.) club.

Beaver Man Fined, Jailed

2 Others Forfeit In City Traffic Cases

A 50-year-old Beaver County man was fined $300 and costs and sentenced to 10 days in jail when he pleaded guilty today in Municipal Court on a charge of driving while under the influence of alcohol.

Arthur R. Minor of Monaca was arrested at 4:19 this morning at E. 4th St. and Broadway after he drove through a red traffic light on Broadway at E. 3rd St., police said.

Another motorist was fined and two more forfeited bonds.

Harold Wayne Post of Densmore Ave., LaCroft, was fined $10 and costs when he pleaded guilty to operating an auto with illegal license plates. He was cited at 7:05 p. m. Monday in LaCroft by Liverpool Township Constable Wilbert Taylor.

Billy Joe McEwen, who gave his address as Waterford Park Race Track, forfeited a $31 bond on a charge of driving an auto without an operator's permit. He was arrested at 1 this morning on Washington St.

Mildred K. Wilson of R. D. 2 forfeited $11 on a charge she crashed a stop sign at St. George St. and Virginia Ave. She was cited at 3:54 p. m. Monday.

Charles W. Hollinger of Russell Rd. is due for a hearing Wednesday on a charge of passing over a double yellow line. He was arrested on Route 7 at 6:40 p. m. Monday by the State Highway Patrol.

Plans Pushed For 17,000 Idled Pupils

By The Associated Press

Plans are being made to provide educational facilities for some of the 17,000 youngsters idled by school closings in Arkansas and Virginia and the dynamiting of the high school at Clinton, Tenn.

Fourteen schools are shut down in the three states. In several sections, legal sparring continued between state and federal authorities while statements on the integregation crisis came from Washington and Florida.

Supreme Court Justice Felix Frankfurter asked Monday for a constructive use of time in school integration in general but said that lawlessness if not checked is the forerunner of anarchy. He issued an opinion concurring with the court's unanimous decision in the Little Rock case last week.

In Little Rock, Gov. Orval E. Faubus expressed belief that private all-white schools would be in operation by mid-October. He made the statement a few hours after an appellate court in St. Louis extended until Oct. 15 a ban on operation of the four high schools as private, segregated institutions.

Dr. T. J. Raney, president of the Little Rock Private School Corp., said his group planned to begin operating as soon as possible in private buildings with private donations without waiting for the Oct. 15 federal court decision.

At Clinton, state and federal authorities continued searching for clues to the identity of the dynamiters while 850 high school pupils, including 11 Negroes, prepared to shift classes to an elementary school at Oak Ridge six miles from Clinton.

It takes POWER
to reach the goal

It is predicted Ohio will be the Number One industrial state by 1967.

Ohio's electric companies share this optimism. They'll "run interference" for this "power play" by continuing to provide plenty of low-cost electricity to meet additional requirements. That's very important in expanding industry and increasing jobs in Ohio.

During the last ten years Ohio's electric companies have invested more than *one billion dollars* in new facilities. They have doubled the total available power. They expect to double it again in the next decade.

No matter how fast Ohio grows, its electric companies must grow even faster to keep our power supply a step ahead. These companies will meet this goal — paying their own way.

Termed 'Compact Luxury Car'

Litten Displays 1959 V-8 Rambler

American Motors' 1959 Ambassador V-8 Rambler went on display today at Litten Motor Sales, 433 Walnut St., and termed a "compact luxury car."

The custom four-door hardtop, shown here, is one of six models, hardtops, sedans, station wagons and a hardtop station wagon, on a 117-inch wheelbase.

The new grille features a single chrome bar which extends across the full width of the grille opening, accentuated by chrome strips above and below.

The redesigned fins extend from the top of the rear fender into the rear door pane.

Front and rear bumpers have been redesigned and the thickness has been increased 23 per cent for greater strength and durability.

The 1959 Ambassador line is offered in 15 solid colors and 18 two-tone combinations. The finish of the new super enamels retains a high luster.

The interiors have been restyled with new seat designs and matching fabrics and vinyls.

Individually adjustable reclining seats are offered for the first time as optional extra cost equipment on all models.

The 1959 models equipped with automatic transmission will again feature push-button controls. A new starting system is employed. A vacuum lock - out safety system prevents starter engagement when the engine is operating.

A new vacuum power assist has been incorporated into the mechanism for opening and closing of the heater door for greater ease of operation.

The improved radio in the 1959 models employs two transistors and four tubes for better tone and reception.

The Ambassador is powered by a 270 horsepower overhead valve V-8 engine with a four-barrel Holley carburetor which incorporates new refinements. The engine valve design has been revised for quieter operation and longer life.

The Ambassador is available with a standard transmission, optional overdrive, or the "Flash-O-Matic" automatic transmission, as optional equipment.

A new parking brake warning light is offered as optional equipment.

Thicker brake linings increase lining life by 30 per cent.

Like all American Motors cars, the Ambassador employs single unit body construction. The all-welded single unit structure virtually eliminates squeaks and rattles and affords greater torsional rigidity to the body.

Variety Of Options Available To Recruits

Many different options are being offered by the Army for qualified young men who join, Sgt. Emuel Bosley, local recruiter, said today.

One of these is the "graduate specialist program" which gives enlistees a choice of 107 technical training courses and women a choice of 26 courses.

Other types of enlistments available include choice of Army branch of service, training in missiles and rockets, and choice of overseas assignment in either Europe or the Far East.

Bosley is in the basement of the Post Office on Broadway.

DiSalle Raps Expense Hike To Aid O'Neill

YOUNGSTOWN, Ohio (AP) — Michael V. DiSalle said here Monday there has been an undue and costly expansion of state public relations staff payrolls and brazen exploitation of their output to further political ambitions of Gov. C. William O'Neill.

The Democratic candidate for governor said his Republican opponent does not need to have a publicity mill operating on the present scale to keep the people of Ohio informed.

"Highway publicity alone has been reported to cost more than $155,000 yearly—about three times what it cost two years ago," DiSalle told campaign rally audiences here.

He cited as examples of department publications which "have been brazenly exploited for political purposes in recent months . . .

"The cartoon-type booklet of the Welfare Department, carrying the governor's picture on the cover . . ."

A "Highway Facts" publication carrying "the name of the governor but nowhere the name of the highway director, nor, for that matter, very few verified facts."

"The press release cannot be substituted for the press conference," DiSalle said, "because it precludes the right of questioning, which the press has a right to expect. And even the press conference loses its effectiveness if it generates only a series of 'no comment' replies."

DiSalle, in speeches here and in nearby Campbell and Struthers said he had reports O'Neill supporters in Mahoning County were promising patronage to Democrats for their support.

Public To Hear Talk On Right-To-Work Law

Thomas J. Starks of St. Clairsville will discuss the right-to-work law at a public meeting to be held Thursday at 7:30 p. m. in the Civic League Building in East End by the East Liverpool Chapter of the NAACP.

Starks is an international representative of the United Mine Workers of America. James Mullen of East Liverpool, international representative of the AFL-CIO United Steelworkers, also will be present.

Caesar Peters is president of the NAACP Chapter.

Local Issues Settled

DAYTON, Ohio (AP) — Aero Products, part of General Motors' Allison Division at nearby Vandalia, returned to producing aircraft propellers today as about 1,000 members of United Auto Workers Local 947 returned to work. Local issues which had kept workers idle since last week were settled Monday, international representative Tom Hendricks announced.

4 Motorists Forfeit $145 At Hanoverton

LISBON — Four motorists forfeited a total of $145 in bonds Monday in the court of George Wilson, acting mayor at Hanoverton. All were cited by Constable Ray Painter of Hanover Township. They were:

Lee Hastings Cusick, 22, of Lisbon R. D. 3, $125 for driving while intoxicated; Earl Hawkins, 39, of Kensington, $5, for passing violation; Robert G. Grouse, 27, of Minerva and Joe Bagalini, 28, of Beaver Falls, $10 and $5, respectively, for crashing a red light.

Police To Get Booklets Detailing Liquor Laws

Part of a statewide distribution to all city and county law enforcement officers, East Liverpool police are scheduled to receive soon a 23-page pocket size digest summarizing Ohio's liquor control laws.

Designed to aid local enforcement, the booklet was prepared by Albert R. Ritcher, chief of the Liquor Control Department's training division, and Raymond J. Ripberger, head of the enforcement division. It is titled: "Officers' Guide for Enforcement of Liquor Laws and Regulations of Ohio."

The distribution is scheduled to be made this week. The pamphlet contains a quick reference to the most frequently-violated liquor laws. Under each violation are listed the elements necessary to prove the particular charge.

A separate section lists the 10 essential items of information necessary for all violations reported by police. Two other sections give the legal definition for the various intoxicating liquors and beers and explain the handling, labeling and analyzing of evidence.

City Motorist Fined $50 In Muffler Case

Clyde Davis, 18, of R. D. 2 was fined $50 and costs Monday by Judge Luther Dunbar at East Palestine for reckless operation and disturbing the peace with loud mufflers.

The judge suspended $30 of the fine, provided there is not another offense.

John Jackson, St. Clair Township police constable, said Davis was cited on the Sprucevale Rd., near Calcutta, Sunday at 6:30 p. m. He said township police are clamping down on all reckless drivers and speeders.

"I was fooled...

until I learned the so-called Right-to-Work Law favors only special interests—"

"Listen! Something dangerous is happening in Ohio. A selfish group of men are trying to saddle us with a law that would set our state back 25 years.

"Remember 25 years ago? Then, if your boss wanted you to work 72 hours a week without overtime pay, you had to sweat it out . . . or get fired.

"If he decided to cut your wages to 30 cents an hour, you had to take it or get fired.

"And if he thought you were too old for the job, he simply fired you. No pensions. No explanations. Just a pink slip that said: 'Don't come back.'

"There certainly has been a big switch. Today, minimum wages, minimum hours, old age pensions, security on the job, no work on holidays . . . all are accepted as part of our way of life.

"But these social and job benefits had to be fought for and won. The boss didn't hand them over on a silver platter.

"Please remember that the greedy and the selfish never give up. Certain business groups in our state would like to weaken these benefits and eventually try to eliminate them entirely.

"They have conspired to write a trick law with a clever name, 'right-to-work.' Instead of that misleading name, it should be called 'a law that favors special interests.'

"Let's safeguard our future."

Current Officers Re-elected By Lutheran Church Group

Officers were re-elected when the United Lutheran Church Women of St. John's Evangelical Lutheran Church met Monday night.

They are: Mrs. Alvin Arner, president; Mrs. Robert Deitz, first vice president; Mrs. Kenneth Scott, second vice president; Mrs. Stanford Ramsey, secretary; Mrs. Harold Bricker, treasurer, and committee chairmen, Mrs. George Spratley, membership; Mrs. Deitz, education; Mrs. Edwin Carson, Christian service, and Mrs. Alfred Stoddard, offering.

The nominating committee was comprised of retiring circle leaders, Miss Alice Peddicord, Mrs. Richard Walker and Mrs. Spratley.

"Let Christ be Magnified" was the theme for the devotions by Mrs. Scott. "Take My Life and Let It Be" was sung, accompanied by Mrs. W. T. Wilson.

During business conducted by Mrs. Arner, she thanked all committees for the past year's service. Mrs. Stoddard gave the thank-offering thought and prayer. She reported eight life memberships were received.

Retiring chairmen stressing the accomplishments of the work were Mrs. Frank Miller, education; Mrs. John Schneidmiller, Christian service; Mrs. Elmer Shirley, membership; Mrs. Lee Bricker, social, and Mrs. Scott, altar care.

Members were reassigned into three circles with the new leaders, Mrs. Frank Miller, Sara; Miss Peddicord, Kathryn Von Bora, and Mrs. Wilbur Brooks, Ruth.

Articles were displayed for the bazaar to be held at Passavant Hospital, Pittsburgh.

Officers will be installed at the morning church service Nov. 23 and Mrs. Eric Garing, president of the West Conference of the Pittsburgh Synod, will be the guest speaker.

The group will help with the congregational dinner Dec. 10.

For the combined circle meeting Dec. 15 in the Sunday School room, Mrs. Stoddard will present "Christmas In Bethlehem." A Christmas shower for the nursery will be held and the annual offering will be received for the Orphans Home at Zelienople. Articles will be brought for the Epileptic Home in Rochester.

A dessert-luncheon preceded the meeting and Mrs. Wilson gave the blessing.

The social committee included Mrs. Alfred Walker, Mrs. Richard Walker, Mrs. Robert Brooks, Mrs. Wilbur Brooks, Mrs. Ross Baker, Mrs. Walter Schneider and Mrs. Matilda Fahnert.

Mrs. Arner and Mrs. Stoddard poured.

Tables featured twin cornucopia with fruit, pumpkins and gold weeds on an ecru lace cloth. Six tall pottery holders held orange lighted tapers. Gold tea and coffee service was used. Mums were used throughout the room.

The meeting closed with the missionary benediction and the reading of an original poem from the annual convention at Theil College.

$18,000 Contract Canceled

Met Opera Drops Callas

NEW YORK (AP)—Soprano Maria Callas, whose fiery temperament has plunged her into hot water on two continents, has been dropped by the Metropolitan Opera.

Met General Manager Rudolf Bing Thursday canceled the singer's $18,000 contract for the 1958-59 season, citing her refusal to fulfill terms of the pact.

Bing, although extolling the 35-year-old Miss Callas as an artist, added that "The Metropolitan is nevertheless also grateful that the association is ended."

The Brooklyn-born star, of Greek parentage, is appearing with the Dallas (Tex.) Civic Opera Co.

Bing accused Miss Callas of trying to force through a last-minute change of the repertoire agreed upon for this season.

Miss Callas said she objected to singing two "Traviatas" or two "Lucias," both light roles, between performances of "Macbeth," a heavy part. She termed the alternation of roles "really dangerous technically."

Bing said ample rest had been provided between the roles. He sent Miss Callas a telegram last Wednesday, asking her to abide by the agreement. The telegram said her contract would be considered canceled if she did not reply by 10 a.m. Thursday.

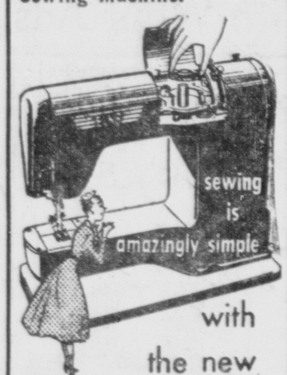

Miss Callas did not reply. In Dallas she said she was too busy with dress rehearsals to answer what she called Bing's "ultimatum."

Despite her tempestuous tendencies, Miss Callas has received tremendous public and critical acclaim throughout the world. She was cheered lustily in appearances last season at the Met. A similar greeting was accorded her last season in London.

In 1955, Miss Callas broke with the Lyric Opera of Chicago. In 1957, both the Vienna and the San Francisco operas dropped her. Last January Miss Callas walked out of the Rome Opera part way through a performance saying she had voice trouble. Later she publicly apologized.

Last June she announced she was shunning Milan's famed La Scala Opera because of a disagreement with the management.

Defense To Give Case In Murder Trial Of Ohioan

FLEMINGSBURG, Ky. (AP)—The defense was to present its case today in the murder trial of a Hanging Rock, Ohio, man being tried for the slaying of Pearlie Mae Bush, 21.

One source said Edward Eugene Henry might take the stand in his own behalf. Henry's attorneys refused comment.

The prosecution introduced as evidence Thursday a confession which it said Henry, 34, signed. About a dozen witnesses testified concerning the content and circumstances of its signing.

Henry is charged with shooting Miss Bush to death near here two months ago. Her body was found on a county road.

One state witness, J. P. Walters, said Thursday Henry pawned a gun at Walters' Ironton, Ohio, shop after the date of the killing. Fred Watson, state police ballistics expert, testified the pawned gun was the one with which Miss Bush was killed.

The prosecution rested its case at the end of Thursday's session.

A NAACP queen will be crowned at a meeting of the East Liverpool Chapter tonight at 7:30 at the Second Baptist Church. Nathaniel C. Lee, president of the Youngstown chapter, will be guest speaker.

Candidates for the popularity contest are Dorothy Pope of Midland, Helen Maxie of East Liverpool and Gladys Payne of Wellsville.

Lee is a member of the Executive Board of the Ohio State Conference of NAACP, a member of the Youngstown mayor's committee for human relations and director of the Dunbar Choral group.

Mrs. Elizabeth Carter is program chairman. The Major and Minors Keys choral group will sing. Caesar A. Peters is president of the local chapter.

Physical Exams Given 38 First Grade Pupils

A total of 38 first grade youngsters at Calcutta and Oak Grove Schools were examined in clinics held Wednesday, Dr. C. S. Palmer, Columbiana County health commissioner, reported. He examined 15 at Oak Grove and 23 at Calcutta.

First graders at Rogers School were being examined Thursday. Dr. Palmer is assisted by Mrs. Violet Peterson and Mrs. Mary Alice Rumberger, county nurses, and Mrs. Virginia Torrence, Beaver Local nurse.

Blood Donors Sought For Mobile Unit Visit

EAST PALESTINE—Recruiting has been started for some 180 needed donors for the fifth visit of the Red Cross bloodmobile Nov. 24 at the Presbyterian Church, the Rev. Chalmers Goshorn, general chairman, announced.

Robert Hunston is recruitment chairman. The unit will be set up from 11 a. m. until 5 p. m. The program is sponsored by the Registered Nurses Association and local physicians, and provides blood for use at Salem hospitals.

Painter Dies In Fall

NILES, Ohio (AP) — Murray Weddell, 37, Mineral Ridge house painter, was killed Thursday in a 24-foot fall from a ladder.

East Palestine Woman On Poll Duty Although 90

EAST PALESTINE — One of the oldest Democrats in Columbiana County to be elated at party victories in Tuesday's general election was Mrs. Annie Wilkinson, 90, of E. Martin St. who served as a poll worker in the balloting.

Mrs. Wilkinson has been active in poll positions for about 40 years, having been presiding judge for many years. The poll for Precinct 1-A is at her home.

Mrs. Wilkinson observed her birthday anniversary Saturday when some 100 relatives and friends gathered at her home.

She received telegrams and cards from Sen. Frank Lausche, Rep. Wayne L. Hays, Dr. Norman Vincent Peale, who was a college roommate of her son, Cecil Wilkinson, and Lt. Gov. Paul Herbert, brother of her son's wife.

French Seek Moslems To Run For Offices

PARIS (AP) — Premier de Gaulle's government is waging a quiet but determined campaign to get reluctant Moslems in Algeria to offer themselves as candidates for the new French Parliament.

With the deadline for filing Sunday midnight, only a few Algerians have formally declared their candidacies.

The territory's moderate Moslems fear reprisals from the nationalist rebels.

In the elections Nov. 28-30, Algeria is to name 70 representatives to Parliament. De Gaulle has decreed that at least two-thirds of these, or, 46, must be Moslems.

Woman Driver Fined $20 By Chester Mayor

A New Cumberland area woman was fined $20 on a traffic charge Thursday night by Mayor Burton Ward of Chester, and a Pittsburgh motorist forfeited a bond when he failed to appear for a hearing.

Sarah Minesinger of New Cumberland R. D. 1 was fined on a charge of hazardous driving. She was cited Saturday by Special Officer Lennens.

Chester Sayre forfeited $15.50 bond for speeding. He was cited Saturday by Special Officer Harold Ash.

Own Daughter Hurt

ZANESVILLE, Ohio (AP) — A Zanesville patrolman, Paul Thompson, arrived at the scene of a school bus - auto collision Thursday to learn his daughter, Nonie, 16, and another Zanesville High School student, Sandy McGovern, also 16, had been injured. Also hurt was Mrs. Chester Newman, 28, of Zanesville, identified as the driver of the car which collided with the 20-passenger bus.

Students in charge of decorations are Jim Clunk and John Starkey. Committees and their chairmen are:

Ceiling — Debbie Weston, chairman, Gracie Hutchman, Steve Moore, Sheridan Battistelli, Honey Migliore, Marilyn Smith and Terry Reese; stage and walls — Carol Riggs, chairman, Jane Thornberry, Debbie Dawson, Darrell Smith, Kenny Guy, Kaye Davis and Jack Vincent; tables — Lou McComas, chairman, Lynne Stover, Cindy Calcott, Tom Wallace, Nancy Vaughn, Craig Burbick and Judy Laughlin.

Concern Hoping UAW Will Reconsider Pact

CINCINNATI (AP)—Officials of Trailmobile Inc. have hopes today striking United Automobile Workers will reconsider their rejection of a contract that had been recommended by the union bargaining committee.

But there are no signs of further meetings or new negotiating sessions.

A strike of the 950 workers started 10 days ago.

Negotiators arrived at an agreement early this week on a new contract but the workers voted, 301 to 161, Wednesday night to reject it.

Legion Expects 200 For Dinner At Lisbon

LISBON — Approximately 200 members are expected to attend the Veterans Day banquet of the American Legion Post Saturday at 6:30 p. m.

Bill Veeck of Cleveland, "the Barnum of Baseball," will be the guest speaker. Veeck is now president of a Cleveland public relations firm, Gallagher, Samuel & Veeck, Inc.

Veterans Day will be observed Wednesday at 6:30 p. m. by Veterans of Foreign Wars Post 4111.

Maj. William Murtaugh of the Salvation Army in East Liverpool will be principal speaker.

2 From District Given Probation

Two district persons — a Chester youth and a New Cumberland woman — and a Salem man were placed on probation by Judge Joel H. Sharp at Lisbon Thursday.

Orin Clyde Barrett, 19, of Church Ln., Chester, and Mrs. Elsie Lyons Moore, 33, of New Cumberland were each placed on 5 years probation.

Barrett was held for auto theft and Mrs. Moore for armed robbery of the Golden Dawn store in East End July 21, 1955. She served 34 months in the Women's Industrial School in Pennsylvania and was released recently to face the local charges. She was indicted with Robert Yeager of Glenmoor and Abraham Cisco of Shippingport and both men are confined in prisons in Pennsylvania.

Howard A. Bauman, 29, of Salem was placed on a year's probation for second degree manslaughter in the death of Mrs. Laura Vollmer of Salem, hit by Bauman's car Jan. 12.

All must pay court costs and Barrett must be at home between the hours of 12 and 8 a. m. for the next two years, be of good behavior and obey all laws, keep steady employment and avoid places where intoxicants are sold, the judge decreed.

PTA Executive Board Has Business Session

The Executive Board of the Fairview Parent - Teacher Association met in the Ohio Township school Monday night. Mrs. William Shriver, president, conducted brief business.

Mrs. Shriver announced the dates that will be allowed for homeroom parties as announced previously by Frank Meredith, supervising principal.

It was decided to give a prize at the December PTA meeting. The program for the meeting Nov. 20 was announced as "Personality In the Making." Mrs. Eleanor Ripper, reading specialist and coordinator, will be the speaker and will discuss "Reading Problems In the Elementary School." A "buzz session" will follow. The seventh grade mothers will furnish the refreshments and Mrs. Mike Selak will be in charge of serving.

Board Accepts Lisbon Firm's Bid For Coal

Elementary Teacher Resigns; Buildings Rented City Groups

The Mineral Fuel & Supply Co. of Lisbon was awarded a contract to supply East Liverpool city schools with coal for the current term at the meeting of the Board of Education Monday night.

The Lisbon firm was the low bidder among two companies submitting offers.

It will supply stoker and nut coal at $7 per ton and lump coal at $8.50.

Dale H. Schon of Chester asked $7.50 per ton for stoker and nut coal and $9 for lump coal.

Supt. Ralph W. Betts said the two firms were the only ones submitting bids among the 13 contacted.

The board accepted the resignation of Miss Willia McDonnell as an elementary teacher and approved the appointment of Mrs. Helen Todd as a regular cafeteria helper at Westgate School.

It also authorized the continuation of a carpenters' course, which will be co-sponsored by the State Department of Education, the board and the local carpenters' union.

The union will pay half of the instructor's salary with the state paying the remainder. Paul Hamilton will be the instructor for the class which will meet one night a week for four hours until the first of June.

The board approved the rental of Memorial Auditorium on Oct. 31 to the LaCroft Parent - Teacher Association for a concert by the Sunshine Boys Quartet. The charge will be custodial fees only.

It authorized the rental of East Junior High to East End Girl Scouts for a Juliette Lowe tea on Oct. 26 for custodial fees only and rental of Westgate Auditorium to the International Brotherhood of Operative Potters on Oct. 22 or 23 for an address on the proposed "right - to - work" law. The rental fee will be $20.

Miss Kathryn Liebschner, clerk-treasurer, reported a balance of $102,901.13 in school funds. The balances include $34,766.73 in the general fund, $57,359.64, bond retirement; $9,756.86, cafeteria; $1,-711.65, improvement; $15, firemen's training; $16.50, foremen's training; $391.60, carpenters' training, and $191.17, night school. There is a deficit of $1,308.02 in the workbook account, she reported.

The board was reminded of a state conference of superintendents and board members Nov. 11-13 in Columbus.

It approved Brenda Powers as a tuition pupil from Beaver Local school.

Jury Hears Testimony In Fraud Check Case

A verdict is expected this afternoon in the Common Pleas Court trial of Floyd Looman of Mulberry St., charged with passing fraudulent checks.

Testifying for the state Monday were Gladys and Elmer Conkle, Mary Powell, Emanuel Green, Clarence O. Powell and Police Lt. Clyde Boso.

Looman is charged with cashing a check July 12 for $38.72 at Green's Service Station and a $62 check on July 8 at Brookside Tavern, on Route 7 south of Rogers.

Jurors sworn in yesterday morning by Judge Raymond S. Buzzard were:

Edwin S. Dawson, Margaret A. Lozier and Ruth Lind of Salem; Virgil Kornbau and Earl A. Frost of Wellsville; Emma Walker and Bernice M. Bennett of Lisbon; Roy H. Rowland of East Palestine, J. Grayson Miller of Columbiana, John Hofer of Homeworth, Agnes Crawford of Kensington and Faye Mangus of Alliance R. D. 5. Ira A. Burbick of East Liverpool is alternate.

Ike Can't Visit Ohio

COLUMBUS, Ohio (AP)—President Eisenhower said Monday he will not be able to campaign in Ohio on behalf of Republican candidates for Congress. He was invited by U. S. Sen. John Bricker (R-Ohio) to speak in Cleveland Oct. 23, but he said in a letter his schedule is too tight.

THIS IS A DOG'S LIFE? Mr. and Mrs. Neil Shope of Blazer Ln. returned from a weekend away recently and found this stray dog and her litter of eight pups had moved in under their tool shed. It took three days before the mother would allow anyone near her pups but now they have grown fat and sassy, much to the amusement of Julie Hall and brother, Everson Hall Jr. Mrs. Shope gives Julie credit for taming the dog and she has named it "Dutchess." With the weather growing colder, the family has been moved to the garage attached to the house. In a few weeks, the Shopes hope to find good homes for the pups, which are short-haired. Mr. and Mrs. Everson Hall of Park Way Ext., parents of Julie and Everson, had a similar experience a couple of years ago when a stray beagle arrived with a litter.

16 In Hancock To Leave For PTA Sessions

Sixteen Hancock County residents will attend the 36th annual convention of the West Virginia Congress of Parents and Teachers at Williamson Wednesday, Thursday and Friday.

Guest speakers will include Mrs. Ralph Hobbs, vice president of the National Congress, Vernon Staggs, president of the state Education Association, Virgil Rohrbough, state superintendent of schools, and Dr. Arthur E. Beckett of the First Methodist Church in Huntington.

The program will feature panel discussions, award presentations, demonstrations, films and skits. Special lunches and dinners are planned.

Planning to attend from Northern Hancock are Albert Shroades and William Schladen from the Grandview PTA at Chester and Mrs. Stanley Zapor, Mrs. Claude Ford and Mrs. Durward Hurst from New Cumberland.

Weirton delegates will include Mrs. Matthew Javersak, Mrs. A. W. McConnell, Mrs. Michael Sheposh, Mrs. James Simmons, Mrs. John Stankiewicz, Mrs. Vincent Chilenski, and Mrs. J. W. Manley.

The group will leave by chartered bus at Wheeling Wednesday morning.

Delegates must present membership cards when registering.

Chester Youth Unhurt In Route 14 Collision

Charles E. Swisher, 17, of Chester escaped injury when a Cleveland man's auto struck the side of his car on Route 14 a mile and a half north of Salem Monday night about 7:10, the State Highway Patrol at Lisbon reported.

A car driven by William W. Jones, 43, headed south, attempted to pass a third car and Swisher's auto, but pulled back in the lane too quickly when he saw an oncoming vehicle. Jones' car hit the side of Swisher's car the patrol said.

Jones was cited for failure to pass in the assured clear distance.

Lack Of Interest Cited

City Pastors Drop Plans For Evangelistic Crusade

The East Liverpool Ministerial Association voted to cancel a proposed evangelistic crusade in February at its meeting Monday at the First Methodist Church.

The association said the plans were withdrawn "due to lack of interest." Sixteen were present. A committee was instructed to continue plans for a community religious census.

Guest speakers included Walter Myers of Steubenville, executive secretary of the Upper Ohio Valley Development Council; Safety-Service Director Dan Maggianetti, and John Webber of the East Liverpool Trades and Labor Council.

Myers discussed the development of the UOVDC and related the churches' aid in the development. He complimented East Liverpool on its progressive administration.

Maggianetti spoke on the city's financial status and the income tax. Webber discussed the right-to-work proposal which will appear on the November ballot.

The Rev. Russell Owens, president, presided. Committees were named for the coming year. They include, with chairmen named first:

John Pommert, the Rev. Marven Bowman and the Rev. Gail McQueen, radio; the Rev. Howard Canon, the Rev. Robert Fogal, the Rev. Ray E. Banks and the Rev. Glenn Brunstetter, program; Dr. D. Finley Wood, the Rev. M. Rudolph Miller, the Rev. William Claghorn and the Rev. Carl Beighley, union and special day services; the Rev. John Mostoller, the Rev. Robert Tanguy, the Rev. James Gardner and the Rev. James Hunton, Christan education; Maj. William Murtaugh, the Rev. A. F. Hanes, the Rev. R. L. Lattimore and the Rev. T. Victor Scott, churches and ministers; the Rev. Quentin Caswell, the Rev. Robert Turner and the Rev. Raymond Miller, public relations, and the Rev. Wilbert T. Wilson, the Rev. Hunton and Pastor Elmon H. Roy, hospital.

The union Thanksgiving service will be outlined at the meeting Nov. 3 at the First Methodist Church.

3 New Members Join Chester VFW

About 22 attended a meeting of the Chester Veterans of Foreign Wars Post 6450 Monday night when three new members — Charles Blazer, Harry Williams and John Jordan—were enrolled.

Ralph D. McElfresh of Weirton, state VFW chaplain, explained a new VFW membership program and benefits, and thanked the post for its community service projects.

A contribution of $25 for the East Liverpool Child Counseling Center was authorized. Trustees were instructed to purchase new furniture for the post home.

Robert Milby, quartermaster, read an announcement for a memorial week Oct. 25 for the VFW Cottage near Ripley. Lunch was served by Allen Cornell and Kenneth Williams.

Willard Enochs, senior vice commander, presided. The next meeting will be Oct. 20.

Teachers Get Leaves To Attend Meetings

EAST PALESTINE — A number of teachers were granted professional leave to attend various workshops and state meetings by the Board of Education Monday night.

Bills paid for September amounted to $9,111 which Supt. T. R. Hersh explained was above average due to payment for 62 new lockers at the junior high school along with new poles for lights at the football field.

The board authorized purchase of basketball baskets for the Negley School playground, to be installed by the Negley Parent-Teacher Association.

The board also suspended classes for Oct. 17 to enable teachers to attend the Northeast Ohio Teachers Association meeting at Cleveland.

City Jaycees Outline Events

Get-Out-Vote Drive Will Be Conducted

Reports on forthcoming activities were heard by the Junior Chamber of Commerce Board of Directors Monday night at the C. of C. office.

Art Conkle, chairman, said plans are nearly complete for the "get-out-the-vote" campaign. A headquarters will be established at American Legion Post 4. Persons needing transportation to the polls Nov. 4 can contact the post.

Two telephones will be set up to handle the calls. City auto dealers will furnish cars and drivers.

The board voted to sponsor a high school bowling league for boys and girls. The Jaycees will provide the trophies. The youths will play at the Don-Bus Bowling Alleys.

Richard Emmerling reported the annual "Bosses Night" dinner will be held Jan. 14.

Clayton Laudrille of Chester and Darrell Serafy of East Liverpool were approved for membership.

The ways and means committee will hold a public spaghetti supper Wednesday, Nov. 5, at the First Methodist Church.

A Halloween party will be held later this month.

Mayor Fred Lawrence will be guest speaker at the general membership meeting Monday, Oct. 20, at 6:30 p. m. at the Travelers Hotel. Robert Betts of Barnesville, a national director, also will be a guest.

The next board meeting will be Nov. 3 at 8 p. m.

Fire Prevention Film Screened At Wellsville

A film on fire prevention was screened at Wellsville High School today by Fire Chief Robert Lewis in connection with the observance of National Fire Prevention Week. Lewis also talked briefly to the classes.

Firemen will present a demonstration of equipment Wednesday at 6 p. m. (EST) at the 4th St. square. The Glenmoor Civil Defense unit will remain on standby at the station while the trucks are out.

Boy Scouts and members of the Wellsville Junior Chamber of Commerce and CD units will distribute home safety literature in a door-to-door canvass Thursday.

A poster contest is being conducted in all Wellsville schools with a prize for the winner in each grade to be given Friday.

College of Hard Knocks for Your Children?

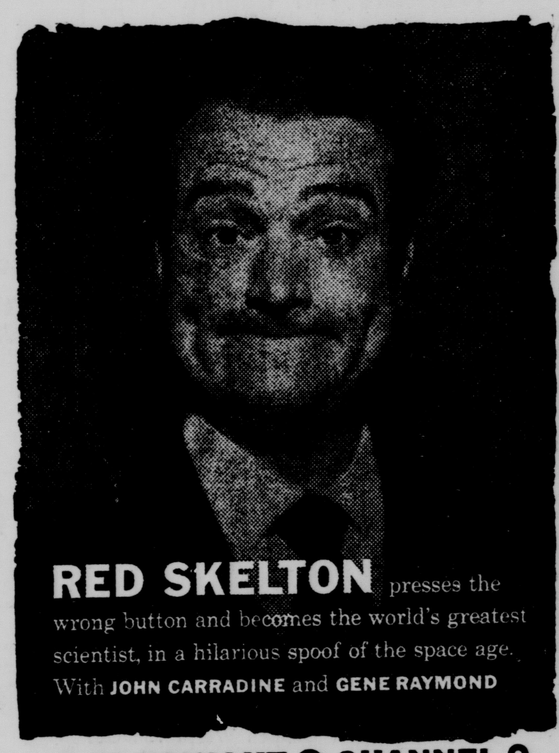

Not if you can help it, of course. But can you? By the time they reach college age, will the college you choose be able to take them in?

Let's hope so. But maybe not!

Many college classrooms are overcrowded today. By 1967, applications are expected to double. On top of that, low salaries are driving too many gifted teachers into other fields *and* reducing the number of capable people training for teaching careers today.

By the time your children are ready for college, there's a good chance the college of their choice just plain won't be ready for them—unless we take steps to remedy this situation *now*. You can help, by helping the college of your choice *now*.

Keep In Trim

By IDA JEAN KAIN

Date Serves As Special Reducing Goal

Singing star Patti Page always hit a blue note on dieting until she set an important date by which she determined to be shapely weight. One TV performance, six weeks away, was to be put on film.

Ida Jean Kain

Patti realized the film would be around for a long time and she wanted to appear glamorous instead of pudgy fat. That did it! From then on, it was no hardship to stay on slimming fare and to exercise daily. By the set date, she was silken slim. Most important, she has kept her weight right.

The plan does work. Would you be happy to lose 16 to 20 excess pounds and wear a size smaller dress two months from this very date! And would you feel set free if you could greet spring in your perfect size dress? Then why not give it a wholehearted try! Set the date, March 21, and from this day forward work expectantly toward your goal.

—:—

ONE READER has made up her mind to start slimming now ere this year slips beyond time's horizon. She writes:

"My husband use to refer to me as 'My little wife.' How I'd love to hear that again! But to hear it, I will need to lose 50 ugly pounds.

"I am only 5 feet 3 tall and weigh 180 pounds — a far cry from the 116 pounds I weighed when I married. I figure if I start now I can be shapely weight by spring."

Good! This courageous woman has taken the first important step in reducing—she has made a resolute decision. It's indecision that robs us of energy.

If you are 40 to 50 pounds overweight, why not make an appointment with spring? Let the first day of this lovely season be your long-term goal. Have a near goal by aiming first at your next smaller dress size in time for the holiday season.

It's a fascinating fact that you can set the approximate date by which you can achieve ideal weight. The rate of weight loss is set by your calorie deficit. If you normally use 2,000 to 2,200 calories a day and you cut down to 1,000 or 1,200 calories, you will burn approximately 7,000 stored calories from body fat each week. Since each pound of body fat counts 3,500 calories, it's easy to figure that you will lose 2 pounds a week.

—:—

IN ALL likelihood, you will lose rapidly at the start, perhaps five pounds the first week and four the second week. After the soft watery fat is lost, your reducing rate will be one to two pounds a week.

Also be prepared to hit a weight plateau—an aggravating three to four weeks in which no weight is lost, despite the calorie deficit. Keep on the protective diet and sooner or later you will resume reducing. And here's a tip—exercise daily and you'll continue to lose inches even though pounds refuse to budge.

TV Crime Shows Seen On Decrease

A recent survey of television programs that appeal to children reveals that "crime on TV has reached an all-time peak, with more brutality being televised today than ever before." The results of this study, carried on by the National Association for Better Radio and Television, drew from the organization's president, Clara S. Logan, the comment that the "crime show situation has become completely disheartening."

By Garry Meyers

—:—

THE PROSPECT ahead, as President Logan sees it, is even more ominous "because the national networks have taken the lead in presenting death and sadism in programs which reach millions of youngsters each week." These programs are all scheduled before 9 p. m.

So reports Editor Morton Edwards in the September issue of "Your Today's Child" formerly "2 to 5 World News."

The September issue of "Your Today's Child," now in its sixth year of publication, devotes four pages to the report. It names and describes programs appealing to children on TV as Excellent, Good, Fair, Poor, Objectionable, Most Objectionable.

During the week that the National Association for Better Radio and Television monitored programs in the Los Angeles area (most of which are telecast nationally), 223 killings were shown, 161 of them murders.

Also there were 192 attempted murders, 83 robberies, 24 conspiracies to commit murder and 15 kidnappings.

—:—

During this survey week, one national network televised 500 per cent more killings than it did during a survey week in 1952.

J. Edgar Hoover recently wrote: "In the face of the nation's terrifying juvenile crime wave, we are threatened with a flood of movies and television presentations which flout decency and applaud lawlessness."

If enough parents really cared about their children, they would write the broadcasting companies, applauding them for their wholesome TV programs and pleading with them to discontinue those depicting human violence.

In the meanwhile, these parents should control the TV dial. But in these days when so few parents are able to deny their children anything, or wish to do so, the picture is not bright even for children of 2 to 6.

Pastore To Ask Congress Repeal 22nd Amendment

PROVIDENCE, R.I. (AP)—Sen. John O. Pastore (D-RI) says he will ask the new Congress to repeal the 22nd Amendment, which limits presidents to two terms.

He said he is convinced the "lame-duck strait jacket" in which the amendment encased President Eisenhower was partly responsible for Tuesday's Democratic landslide.

Pastore, who was re-elected Tuesday, also said in an interview: "The only Republicans elected to the Senate were anti-Eisenhower Republicans like Barry Goldwater. Nixon even went to Boston and advocated a tax cut. The President can't keep anybody in line. Everybody's jockeying for power. A week before the election the whole Republican organization was in a state of confusion."

Two Convicted Embezzlers Are Wards Of State

CLEVELAND (AP)—Two convicted embezzlers have been made wards of the state—Dr. Richard Barnes as a mental patient and his former receptionist, Mrs. Iris Miller, as a prisoner at Marysville Reformatory.

Both were convicted earlier this year of taking part in a quarter-million-dollar auto insurance swindle engineered by city councilman-elect John J. Tobin Jr. Tobin is serving a term in Ohio Penitentiary.

Judge John W. Ford of Mahoning County Common Pleas Court Thursday sentenced both Dr. Barnes and Mrs. Miller to three concurrent terms of one to 10 years.

However, Judge Ford declared the 30-year-old physician mentally ill and ordered him into custody of the Ohio Department of Public Welfare. Dr. Barnes prison sentence was deferred.

Mrs. Miller, 32, formerly of Ashtabula but now of Mansfield, will be taken into custody Monday and placed in the Marysville Reformatory. She was free on bond.

Dr. Barnes was convicted of embezzlement for providing medical statements used in collecting insurance claims on fake automobile accidents.

Lady Crossing Guard Just Likes Her Work

BALTIMORE (AP) — In 1943 when manpower was scarce during World War II, Miss Laura Gise did her part by serving as a crossing guard for Western Maryland Railroad.

She liked it so well she's been in the masculine world of railroading as a crossing guard ever since.

Gas Firm Will Use New Line On Nov. 25

The Manufacturers Light & Heat Co. will conduct an informal ceremony Tuesday, Nov. 25, at 3 p. m. to turn into operation a new $151,000 gas line running from Chester to Newell.

Termed a "vital link" in the supply system serving Chester, East Liverpool, Wellsville and Newell, it is the last of four separate projects started in 1955 to improve the area service. Officials of area communities will be invited.

An informal get-together session and dinner will be held later in the afternoon at the Country Club.

Turley Blanks Braves, 7-0, To Keep Yanks' Hopes Alive

Wednesday's Hurlers Seen Spahn, Ditmar

By JOE REICHLER
Associated Press Sports Writer

MILWAUKEE (AP) — Two - time Milwaukee winner Warren Spahn and New York's Art Ditmar appeared to be the logical candidates today to pitch Wednesday's sixth game of the World Series.

Bob Turley shut out the Braves 7-0 Monday. That gave the Yankees their second victory in five games and fanned their faint hopes of becoming the first team in 23 years to overcome a 3-1 handicap.

Neither manager — Fred Haney of the Braves or Casey Stengel of the Yankees — has announced his pitcher as yet. They said enough, however, to indicate that Spahn and Ditmar would get the call.

Asked whether he thought Spahn, who pitched a brilliant two-hitter in the fourth game Sunday, would be sufficiently rested by Wednesday, Haney replied: "He's got all winter to rest."

Spahn said: "I'll be ready, but it's up to the manager. If he asks me, I'll try to do the job for him."

Stengel listed four possible pitching choices . . . Don Larsen, Ryne Duren, Johnny Kucks and Ditmar.

"Right now Ditmar would be the closest man that should pitch," he said. "He's better now than he was last year. I haven't had to use him in this series yet, but he's been my No. 1 early inning relief man all the way through. I didn't use him because I had no spot for him."

Stengel was especially pleased by the way his charges went to work on Lew Burdette Monday once they had the Yankee-killer on the ropes.

After touching him up for a run on Gil McDougald's third-inning home run, the Yankees routed him with four hits in the sixth. By the time lefty Juan Pizarro put out the fire, the Yankees had scored six runs and the game was no longer in doubt.

It was the first time the Yankees had been able to beat Burdette in five fall meetings.

Burdette didn't appear depressed.

"They got only one good hit off me in that sixth inning," he said, referring to Yogi Berra's double.

"As for McDougald's homer, it was a freak. The ball hit the screen alongside the foul pole. It would have been a foul ball in our park."

Burdette would have had to pitch a shutout to match Turley's brilliant work. The strong-armed right-hander doled out five hits, all singles, and fanned 10. He walked three and was in trouble only once. That was in the sixth when Bill Bruton led off with a single and Red Schoendienst followed with a soft liner to left center that had 'base hit' labeled all over it. Elston Howard, playing left field in place of Norm Siebern, dashed in and made a spectacular sprawling catch in the outstanding defensive play of the series. Scrambling to his feet, he threw to Moose Skowron, doubling up Bruton. The Braves did not threaten after that.

Yanks 6-5 Choice To Win Wednesday

MILWAUKEE (AP) — The Yankees have been made 6-5 favorites in man-to-man odds to defeat the Braves Wednesday and square the World Series at three games apiece.

The Braves are listed as 11-5 favorites to win the best of seven game series for the second straight year.

Howard's Catch In 6th Was Key Defensive Play

NEW YORK (AP) —Some persons say Elston Howard is a fine outfielder, others say he is even a finer catcher. But as far as the New York Yankees are concerned today he is the finest catcher they have in their outfield.

His diving, twisting catch of Red Schoendienst's sinking line drive with Bill Bruton on first base and none out in the sixth inning of Monday's game is proof positive.

His throw doubled Bruton at first base, nipping a budding Milwaukee Braves rally that could have tied the score 1-1 as Ed Mathews, the next batter, singled.

"That double play by Howard was the turning point for me," Yankee right-hander Bob Turley said after hanging up the 7-0 victory that cut the Braves' margin to 3-2.

"That catch of his (Howard's) was a real boost to the morale of this club. It showed them we could get those other guys out, and you saw what we did when we came to bat that inning," Yankee Manager Casey Stengel said. His boys pumped across six runs off loser Lew Burdette to sew up the game.

Howard shrugged off the whole incident amidst a barrage of popping flash bulbs, insistent reporters and the plaudits of his own teammates.

"Aw, listen," he said, "I'm a better catcher than I am an outfielder, but I'll tell you this, if they want me to play in the outfield, then I'm a better outfielder than I am catcher."

"Look, I'm no stranger in that outfield," Howard parried a questioner who wondered which position he preferred. "Before this year I was always out there."

In three previous World Series, Howard played the outfield twice, and last year was a first baseman.

During the regular season, Stengel had him in the oufield, and catching, as Howard compiled a net .314 season's average, with 11 home runs and 66 runs batted in.

New Plan Set Up For Qualifying For U.S. Open

NEW YORK (AP) — There will be no more of that annual muddle on golf courses across the country when it comes time to qualify for the National Open.

The U. S. Golf Assn. today adopted a new plan whereby local 36-hole qualifying round on May 18 at 70 locations will provide a field of about 500 for sectional qualifying June 1 over the same distance.

In the past, qualifying has been done strictly on a sectional level, with upwards of 1,200 competing for 162 spots. The new plan will cut the final field to 150, including those exempt from sectional qualifying rounds.

Locations under consideration for the local rounds include four each in New York and California, and three each in Florida, Ohio, Pennsylvania and Texas.

The Open is slated for June 11-13.

Notre Dame halfback Pat Doyle was a star sprinter in Heelan High at Soux City, Iowa.

Auburn Takes Over Lead In Football Poll

By The Associated Press

Auburn's Tigers, back in the familiar spot at the top of the national college football rankings, take on Kentucky next Saturday in an effort to become the first team to hold that place for more than a week this season.

Auburn, national champion last year, was rated only fifth in the preseason Associated Press poll of sports writers and broadcasters. Ohio State was picked as No. 1. In just two weeks those position have been reversed.

Ohio State slid after its second straight close call, a belated 12-7 decision over Washington.

Auburn climbed to the top with rather impressive victories over Tennessee and Chattanooga, drawing a rush of first-place votes from the experts to lead Oklahoma by 99 points this week.

According to the voting, the Game of the Week should be the meeting between third-ranked Army and fourth-ranked Notre Dame at South Bend, Ind., Saturday. Another meeting of top 10 teams pits Michigan State, No. 9, against Pittsburgh, No. 10, at East Lansing, Mich.

Auburn drew 43 first-place votes from a total of 107 ballots this week and 813 points on the usual scoring basis of 10 for first, 9 for second, etc. Oklahoma trailed with 24 first and 714 points.

Behind them were Army, Notre Dame, Ohio State, Wisconsin, Mississippi, Clemson, Michigan State and Pitt in order. Although the ranking order was completly shuffled, the only newcomer to the top 10 was Pitt, replacing Iowa.

The leading teams, with first-place votes in parentheses:

1.	Auburn (43)	813
2.	Oklahoma (24)	714
3.	Army (7)	678
4.	Notre Dame (7)	654
5.	Ohio State (8)	589
6.	Wisconsin (6)	456
7.	Mississippi (1)	357
8.	Clemson (4)	301
9.	Michigan State (1)	248
10.	Pittsburgh (2)	214

The second 10:

Nonpareil Club Expects 140 At 'Parents Night'

About 140 are expected to attend an annual "Parents Night" for parents of East Liverpool football players and managers sponsored by the Blue and White Nonpareil Club tonight at 8 in the Elks Lodge.

The program will include introduction of the Potter coaching staff and movies of the East Liverpool-Youngstown Rayen game. Head coach Lou Venditti will speak and show movies.

Refreshments will be served following the program. Frank C. Dawson and Ed Hester are co-chairmen of the affair. H. A. Tullis, president, will conduct a brief business session.

Bob Turley Was A 'Cutie' Rather Than Powerhouse

NEW YORK (AP) — The New York Yankees are still alive in the World Series because Bob Turley had rather be a "cutie" than a powerhouse on the mound.

The 6-foot-2, 214-pound speedballer risked Manager Casey Stengel's wrath and a niche in the doghouse in pitching the Yankees to a 7-0 victory Monday at Yankee Stadium.

He didn't do it with blinding fast balls, for which he is renowned. He did it with curves and sliders which had Milwaukee's sluggers gawking with bats on their shoulders.

He was taking a gambling chance.

After Turley had been shelled from the mound in the first inning of the second game at Milwaukee, with the Yanks finally losing 13-5, Stengel reportedly was fit to be tied.

"The fancy stuff got him," Stengel said. "He is a fast ball pitcher. He should stick to his fast ball."

On that occasion, Turley's curves, sliders and sinkers were missing the plate, forcing him to come in with his hard one. This was all the Braves wanted. They waited and teed off.

They waited again Monday, but without the same luck. Turley's teasers were clipping the corners and bending over the plate. The Braves' big guns — Bill Bruton, Hank Aaron, Eddie Mathews and Wes Covington — were constantly being caught off balance.

"I guess about three fourths of my pitches were curves or sliders," he said. "I threw sidearm and overhead. I felt I was in control all the way."

Stengel had reason to be pleased.

"The difference in the way he pitched today and last week," commented the dour manager, manager, "was that today when he threw a curve it was a strike and they couldn't hit it. In the other game when he threw a curve it was a ball and they didn't have to hit it."

Turley Equals Series Mark

By BEN OLAN
Associated Press Sports Writer

NEW YORK (AP) — Figuring the World Series:

Bob Turley is only the second pitcher in World Series history to strike out 10 or more batters in two series games. The Yankee right-hander fanned 11 Dodgers in the sixth game of 1956 and set down 10 Braves Monday. The only other pitcher to fan 10 or more in two games was Walter Johnson.

The Yankees will be out to snap a four-game series winning streak at home by the Braves Wednesday. Milwaukee won its last two games against New York in 1957 and the first two in County Stadium this year.

In addition to tying one series record — most hits (59) and setting another most total bases (97) Yogi Berra of the Yanks also has broken the record for most times at bat in the series. He has batted 215 times. The old mark was 199 by Joe DiMaggio.

McDougald's third inning homer Monday put him in seventh place in the all-time series listings. Gil has six. Babe Ruth leads with 15 followed by Mickey Mantle 11, Lou Gehrig and Duke Snider 10 each, Joe DiMaggio 8 and Goose Goslin 7.

The Yanks are out-slugging the Braves. New York has a slugging mark of .361 with 57 total bases in 158 times at bat. Milwaukee has an average of .358 with 62 total bases in 173 trips.

By scoring six runs in the sixth inning Monday, the Yanks tied a series record. The New york Giants, in the third game of 1933, and the Boston Braves, in the fifth game of 1903, also had six runs in the sixth frame.

Haney's Switch In Style Brings Second-Guessing

By TED SMITS
Associated Press Sports Editor

NEW YORK (AP)—Might things have been different in the fifth game of the World Series if Manager Fred Haney of the Milwaukee Braves had followed his usual style of play in the sixth inning?

With New York Yankee bats booming for the first time in this series, it is hard to see how anything could have turned the tide in favor of the Braves, but take a look at this situation.

The Yankees were leading 1-0 going into the sixth.

Billy Bruton, first man up for the Braves, singled to left center. Up to bat came Red Schoendienst. Normally Haney would call for a sacrifice in such a tight game. But Schoendienst was allowed to swing away.

Red lifted a short fly to short left center that might have been a hit if Elston Howard had not made a fine diving catch. Howard bounced to his feet and threw to Moose Skowron, who tagged Bruton to complete the double play.

Eddie Mathews then singled, and Hank Aaron ended the inning by striking out.

But if Schoendienst had advanced Bruton to second on a sacrifice, Bruton would have scored on Mathews' single and the game would have taken a different complexion. This might have given Lew Burdette, the Yankee-tamer, an inspiration to go on. Instead the roof fell on Lew in the bottom of the sixth and the Yankees won the game 7-0 and kept alive their series hopes.

The Yankees went on a rampage in the sixth. Hank Bauer opened with a single and after Jerry Lumpe had bunted foul on the third strike, Mickey Mantle singled to center, sending Bauer to third.

Yogi Berra doubled to right, scoring Bauer and sending Mantle to third. Elston Howard was purposely passed. Skowron, however, came through with a sharp single to right that scored Mantle, and left the bases loaded.

Out came Burdette and in went Juan Pizarro. Gil McDougald, who had a homer in the third, greeted him with a double to left which scored Berra and Howard.

Tony Kubek struck out, but Bob Turley helped his own cause with a single to left that scored McDougald and Skowron. Bauer, up again, struck out, ending the inning.

Brown Says Not Giving Up Key To Spectacular Running

CLEVELAND (AP) — Fullback Jim Brown of the Cleveland Browns has a simple explanation for his spectacular running: "It's just a matter of not giving up."

"When you make contact," Brown said, "if you don't think about it, if you haven't practiced it, you sort of concede the tackle."

"But lots of times, if you give an extra surge, you can pull out," he said and added:

"Lots of times they think they've got you and sort of let up."

And when the tackler lets up, the 228-pound Brown is apt to be off for another touchdown.

Last year, when he was the National Football League's rookie of the year, Brown led the league in rushing with an average carry of 4.7 yards. He gained 237 yards in a game against the Los Angeles Rams. That broke the record of 223 yards in a single game set by the Rams' Tom Wilson in 1956.

When Brown went 23 yards for his first touchdown in the 45-12 victory against Pittsburgh Sunday he appeared to be stopped several times.

His second touchdown came on a wide swing around end that was good for 59 yards. A defensive halfback, the safety man and a linebacker had chances to tackle Brown, but he shook them off.

The Browns will have to go in the home opener against the Chicago Cardinals Sunday without veteran end Pete Brewster and rookie halfback Leroy Bolden. Brewster has a fracture of the bone under his right eye and Bolden was shelved with a shoulder fracture. Both are expected to be ready for the Oct. 18 meeting with the Steelers here.

Little League's Graduation Set Wednesday Night

An estimated 450 are expected to attend the second annual Little League graduation exercises Wednesday night at 6:45 in East Junior High School when managers of teams will present diplomas and pins to boys graduating from the league this year.

About 40 12-year-olds will be presented diplomas and pins in recognition of league activity, while the Metz team will receive a trophy for winning the city championship. Hap Tullis will be master of ceremonies and retiring commissioner Don Schreckengost will speak and will introduce the 1959 commissioner, Dick Forzano. A treasurer's report will be presented by Lawrence J. Zollinger. Mayor Fred Lawrence will also speak.

John Klinsky is chairman of the graduation and Dick Waggle is chairman of the program committee. Klinsky's committee includes Don Gruver, Ed Morse and Forzano. A buffet luncheon will be served immediately after the program which is scheduled to be concluded by 9:30 in order that the youths present may return home early.

280-Mile Pigeon Club Race Won By Rambler

East Liverpool's Homing Club held its final race of the year Sunday with "Rambler," owned by William Allison, winning the 280-mile race from Greenfield, Ind., in a time of 7:47-11.

Second place went to Victor Gioveneo's "Blue Laddie" which flew the distance in 7:47-50. "Baby," owned by Charles Papendry, was third in a time of 8:8-24. A total of 127 birds representing 10 lofts participated.

Bond Issue

(Continued from Page One)

trict on condition the bonded indebtedness is raised to 9 per cent and a half-mill levy is approved to repay about $100,000 in 23 years. The $209,000 bond issue would enable the district to meet the qualification for required indebtedness and would provide further funds for building.

Voters would have to approve the issue by Jan. 6 — the deadline for the state grant which was offered Sept. 8 for a 120-day period.

At New Waterford, the unofficial count showed 125 in favor of the bond issue for a sewer project, with 110 in opposition. Requiring a 55 per cent affirmative vote for approval, the bond issue apparently was rejected by 5 votes.

As only one precinct is involved, the village could obtain a recount by posting a $10 deposit with the Election Board. The recount petition would have to be filed by 5 or more electors who would certify that they voted for the bond issue and that they represent the proponents of the measure, Frank R. O'Hanlon, clerk of the board, explained.

The final tabulation on the bond issue vote will be available Saturday when the Election Board completes the official canvass.

Provisions of state law that govern the establishment of a date for a special election probably will mean that the new vote will be held in early December.

The law says a special election cannot be held 10 days before or after Thanksgiving, Easter or Christmas. In addition, a special election cannot be held within 30 days after a special, general or primary election.

The subdivision also is required to obtain certification from the county auditor 40 days in advance of the special election. The auditor determines the tax millage required to retire a bond issue and over what span of years it must be collected.

Weirton Driver Jailed For Route 2 Accident

NEW CUMBERLAND—A Weirton motorist was jailed for two days as the result of an accident on Route 2 early Thursday night in which he lost control of his car and crashed into a utility pole while traveling at a high rate of speed, sheriff's deputies said.

George Vojnovich, 25, was also fined $25 and costs by Squire John D. Herron after the crash on a sharp curve where Route 2 intersects with Gas Valley Rd., at 7:15 last night.

Deputies said the 1958 model auto was demolished but the driver escaped uninjured. The auto damaged a utility pole and several sections of guardrails. It skidded about 300 feet, officers reported.

Wright - Patterson Air Force Base near Dayton, $9,182,000 for airmen dormitory building, electrification outlets, fire station, readiness crew and operations buildings, storage buildings, high temperature test facility.

Injured Driver Cited For Truck Collision

Lawrence Lytle, 48, of LaCroft, injured in a collision with a dump truck on the Smiths Ferry-Calcutta Rd. Thursday morning, was cited by the State Highway Patrol at Lisbon for passing without the assured clear distance.

Officers said Lytle, headed east on the road about a half mile east of Calcutta, passed a vehicle and his car collided head-on with the truck operated by John Gamble, 23, of Hoppels Corners. Both truck and car received extensive damage, the patrol said.

Lyttle, who received facial injuries, faces a hearing before Mayor John Todd of Lisbon.

Warren Extends Lead Over Massillon In Ohio's Grid Poll

Latin Retains 3rd Spot And Alliance 4th

By FRITZ HOWELL
Associated Press Sports Writer

COLUMBUS, Ohio (AP)—Warren Harding clung to the top spot in The Associated Press weekly high school football poll today, extending its lead over second-place Massillon.

The Black Panthers turned in a nifty 30-12 conquest over sixth-ranked Mansfield to get the nod from 40 sports writers. The Tygers had surrendered only eight points to three previous victims before running into Gene Slaughter's powerhouse.

Cleveland Cathedral Latin, 50-0 winner over Glenville, retained third place, and Alliance's Aviators held the fourth spot with a 28-14 verdict over Barberton's Magics, first loss for the Junie Farrell'js team.

From there on the standings were scrambled. Elyria whipped Cuyahoga Falls 22-0 to move from eighth to fifth, Cleveland Benedictine's idle defending state champs dropped a notch to sixth. Toledo Libbey won 22-0 over Toledo Scott to scoot from ninth to seventh, pushing Springfield down a peg to eighth as the Wildcats squeaked by Middletown 8-6.

Mansfield dropped out of the elite list after losing to Warren, and Youngstown East also landed among the also-rans after winning 14-8 over Youngstown Ursuline.

Marion Harding moved into ninth place, and Lou Juillerate's Troy team, with 31 straight victories, vaulted into tenth by beating Greenville 28-0. Gordon Larson's Marion team gained stature with its 40-0 verdict over Dahton Roosevelt.

Fom here and there: Painesville Harvey's fabulous John Mummey, last year's state scoring leader, played only the first half in Friday's 58-6 romp over Geneva. But he added 28 points to his total to reach 106 for the season as the Red Raiders made it 13 in a row. Wellston also made it 13 straight by sneaking past Pomeroy 8-6.

Sophomore fullback Carl Surrett scored all four touchdowns in Jackson's 28-8 win over Nelsonville.

Wendell Wiekel has thrown 10 touchdown passes to Tom Urban in Jeromesville's four six - man games. As Gil Smith's Van Wert team made it 41 in a row against Shawnee Friday, Charley Young returned the opening kickoff 95 yards—only to have the score nullified by an offside penalty. Young has booted 14 straight extra points.

Massillon's 19-7 win over Steubenville's Big Red came late. Steubenville took a 7-6 lead with seven minutes to go, but Massillon's Jim Snively, a 150-pound sub halfback, ran the kickoff back to the 11 and then scored two plays later. Massillon scored again with seconds to go.

Lorain quarterback Dave Young has completed 21 of 33 passes for 336 yards and four touchdowns. Lorain beat Cleveland John Hay 44-0 last week despite nine fumbles and 10 penalties which cost 120 yards.

Alliance quarterback Walter Zingg threw two scoring passes, and gained 143 yards on four of five completions against Barberton.

Chairman Of Board Of Goodyear Retires

AKRON, Ohio (AP) — Board Chairman P. W. Litchfield of Goodyear Tire & Rubber Co. retired Monday.

The 83-year-old executive, who spent 58 years with Goodyear, was succeeded by E. J. Thomas, 59, Russell De Young, 49, steps up from executive vice president to fill the presidency vacated by Thomas.

Litchfield will remain as an honorary board member.

Harvard is playing its 85th season of football.

Daily Double Pays $232.80 At Waterford

Sir Twinkle in the first and Fleet Rite in the second — numbers 8 and 6 — combined for a daily double payoff of $232.80 Monday at Waterford Park.

Jockey Francisco Saumell, 29-year-old Cuban, rode Sir Twinkle and two other winners during the day to boost his total for the first 25 days of the meet to 41. Sir Twinkle returned $7.40, $4.20 and $2.80. Jockey R. L. Belanger was on Fleet Rite, which paid $22.20, $8.20 and $7.60 across the board.

Burdette, Yank Killer, Not Ready To Abdicate

MILWAUKEE (AP) Lew Burdette, the Yankee killer of 1957, isn't quite ready to abdicate.

"The only ball they hit hard was (Yogi) Berra's double," said the Milwaukee right - hander about Monday's 7-0 defeat by the New York Yankees. "He hit a sinker downstairs (a low ball) to right field."

The 31-year-old pitcher who had beaten the Yankees four straight before his fifth-game knockout, was only slightly subdued in the clubhouse after the game.

"I pitched as well as the other day," he said, referring to his 13-5 victory in the second game. "I just didn't have the atom ball. (Burdette's atom ball is one hit right at 'em). I always said it takes nine men to win a ball game.

"This was the same Yankee club as last week. I had just as much stuff."

Did Lew want another crack at the Yankees?

"It's up to the man (Manager Fred Haney)," he answered. "I'm ready Wednesday if he wants me."

Of the big Yankee, sixth Burdette had this to say:

"The ball (Hank) Bauer hit had eyes. (A single). Mickey (Mantle) dunked a blooper (another single) but they've got to play him deep.

"Berra hit a sinker, and I walked (Elston) Howard on purpose.

"I jamed (Bill) Skowron on the fists. He didn't swing. If he did he would have shattered the ball all over the place. He just punched it (another single that finished Burdette.)"

Morris And Cullen Tied For Lead In Scoring Race

Halfback George Morris helped East Palestine to maintain its unblemished record and edged into a first place tie in the district scoring race by notching a touchdown on a nine-yard plunge plus a two-point conversion run in the Bulldog victory over Lisbon Friday night.

Morris now has seven touchdowns and three extra points for a 48-point total in four games and is deadlocked with Phil Cullen of New Cumberland who got his eighth touchdown in the Raiders' victory over Paden City.

Rich Dunlap scored the lone Salineville tally in its victory over Irondale and now has six touchdowns for the season, moving into the third spot ahead of South Side's Chuck Brooks, who failed to score in his last outing.

Denny Reese of Lisbon and Jim Summer of United Local each scored a touchdown in their last games and are locked in a tie for fifth place with five touchdowns apiece.

Leetonia fullback Bob Osterling and Denny Johnson of Lisbon each hit paydirt on a single occasion in their last appearances and are tied for the sixth spot with 28 points each.

Tied for the seventh position are Don Shaw, Chester fullback, and halfback Lou Slaby of Salem. Shaw brought his scoring output to 24 points by racing 35 yards for the only Chester touchdown against Warwood Saturday night. Slaby did not score in the Salem loss to Brookfield.

East Palestine, which boasts the only perfect record in the district, trails New Cumberland in total offensive scoring, 104-117, but has played one less game than the Raiders.

Tumbled from the unbeaten ranks over the weekend were Midland and Chester. Midland lost a 9-7 heartbreaker to undefeated Braddock while the Panthers were humbled by Wardwood, 25-7.

Salineville jumped to the second spot in the district by defeating Irondale Saturday. New Cumberland is third with a 3-1-1 record.

The Golden Eagles of United Local have turned in the district's best defensive performance to date, allowing their opponents only 24 points.

Pirates Sign Young Righthanded Pitcher

PITTSBURGH (AP) — The Pittsburgh Pirates announced today the signing of right-handed pitcher Donald Newhart of Meshoppen, Pa., to a 1959 contract with their Clinton, Iowa, club of the Class D Midwest League.

Newhart, 19, had a 17-1 record last year with the Meshoppen sandlot team.

Logart Wins On Decision

NEW YORK (AP) — Having avenged his loss to Rudell Stitch, Cuba's Isaac Logart today made preparations for a fighting tour of South America.

"We'd like to get another shot at Virgil Akins (welterweight champion) but we know we won't get that for a long time," said Manager Eddie Mafuz. "So we're going to keep busy and get ready just in case a title shot opens up."

Mafuz said his fifth-ranking welterweight contender will meet Gerald Gray of Jamaica at Kingston, Jamaica, Oct. 26.

Loser of three straight fights including an Aug. 27 decision to Stitch in Louisville, Aug. 27, Logart broke the streak by scoring a unanimous decision over Stitch in a non-television ten-rounder at St. Nicholas Arena Monday night.

Logart, 146 pounds to Stitch's 143½, sealed the verdict with a blazing finish in the tenth round. He rocked his broad-shouldered opponent with a fierce barrage to both the head and body.

Stitch, who earned a No. 10 ranking on his upset of Logart in August, had his winning streak snapped at eight. His record is 15-4. Logart's record now is 53-10-5.

Injuries Are Fatal

CINCINNATI (AP) — John Kelley, 67, died Monday in St. Francis Hospital here of injuries he received when he was struck by a car last July 20.

Northwestern Back Tops Big 10 Scorers

CHICAGO (AP) — Northwestern halfback Ron Burton took over the Big Ten all-games football scoring lead this week with two touchdowns in a 28-0 victory over Stanford.

Burton now has four touchdowns for the season and a total of 24 points. Four others are tied for second with 18 points each. They are Don Clark of Ohio State, Ed Hart and Dale Hackbart of Wisconsin and Bob Jarus of Purdue.

The leaders:

HOME TOWN STORES CAN SERVE YOU BEST

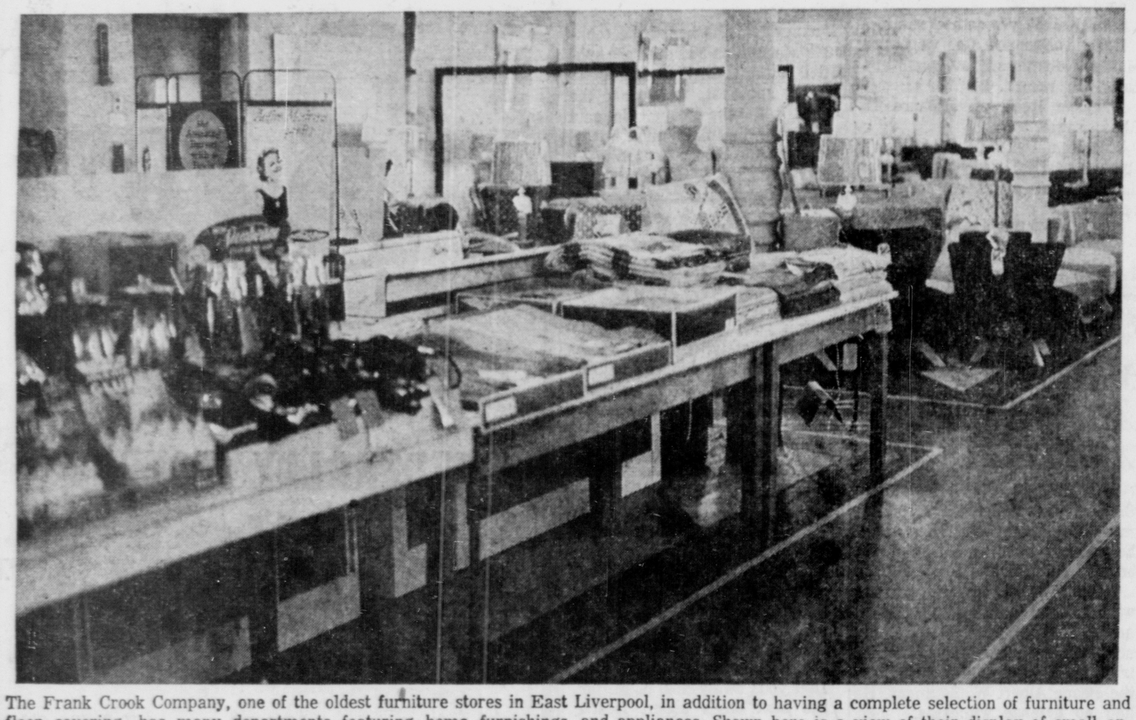

The Schell Heating Company is a firm well known to most residents of the Tri-State district. This business establishment is located at 301 Pennsylvania Avenue and is recognized as an authority on engineering plans for the installation of heating and air conditioning equipment for homes and commercial buildings.

The above photograph shows just a portion of the sales room of Hollywood Fashions. This store has become a popular shopping center, specializing in women's fashions and maternity wear. Hollywood Fashions is located at the busy intersection of East Sixth street and Broadway.

One of East Liverpool's busiest intersections is shown in the above photograph — Market street at East Fifth street, including two important shopping blocks on East Fifth street. Traffic is greater at this point than at any other section because Market street is also U. S. 30 which connects with other important highways. Most of the city's retail stores belong to an aggressive merchants association which is constantly on the alert for opportunities to make East Liverpool additionally attractive as the shopping center for the Tri-State district.

The Frank Crook Company, one of the oldest furniture stores in East Liverpool, in addition to having a complete selection of furniture and floor covering, has many departments featuring home furnishings and appliances. Shown here is a view of their display of small appliances and another of blankets and comforts. This store is located at 112 East Fifth Street.

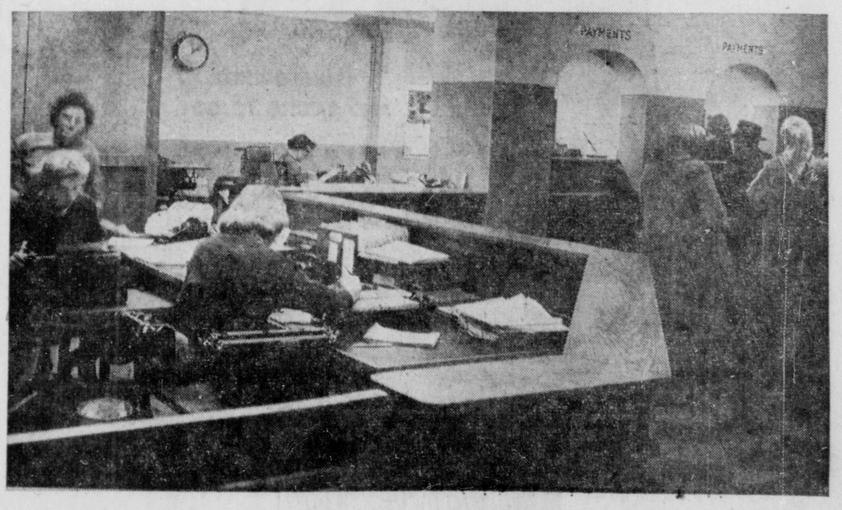

The J. C. Penney Company has been a part of the retail family of stores in East Liverpool for longer than most of us can remember. Over the years it has grown steadily in size and popularity until today it is considered one of the larger department stores in the city. Here is a photograph of their second floor which contains their millinery and women's apparel departments.

King's Bargain Center, with entrances at 508 Washington street and 509 Broadway, has two floors and a basement stocked with a wide variety of merchandise including furniture, home furnishings, wearing apparel and household needs. The above view is one of its first floor departments.

The Consumer Loan Department of the First National Bank is just one of the many services offered by this financial institution. Here is a scene of this busy department where Tri-State residents have learned to like its friendly and convenient service.

If Voters Approve Amendment

Urban-Suburban Problem May Be Solved On Nov. 4

(Ohio's dozen metropolitan counties need help in handling many of their interrelated governmental affairs. They can't get it unless the other 76 counties vote "yes" along with them on Question No. 1, on the Nov. 4 ballot. Question No. 1, the metropolitan federation amendment proposal, is vital for the 12 counties, could have no effect on the 76. What it means is outlined in a series of four articles written for the Review, of which this is the first.)

By GILBERT F. SHEPARD
Brush-Moore Staff Writer

The problem of urban-surburan cooperation—a serious matter in many parts of Ohio — may move a step closer to solution on Nov. 4.

That is, if the state's voters approve the metropolitan federation amendment to the state constitution.

Intended as a tool to provide citizens in metropolitan areas with better municipal services at lower cost, the issue, to be known as Question No. 1 on the ballot, actually will affect only 12 of the state's 88 counties.

-:-

PROVISIONS contained in it stipulate that only those counties which include a city of 50,000 or more population within their borders may use the federation approach to solving civic problems.

But this fact should not veil the importance of the question. It is equally important to cities as big as Cleveland or as small as McVittys in Hardin County, because both have a stake in Ohios future.

A local charter would permit the largest city in eligible counties to unite with other adjoining governmental units in a federation.

Purpose of a union like this might be to deal more effectively with problems connected with police and fire protection, highways, sewage and water service, welfare, recreation or a host of other issues.

-:-

CITIES, TOWNSHIPS or the entire county would be permitted to unite for as many or as few of these purposes as residents on the area feel would best serve their common interest.

County government itself could be placed under federation control if the voters wanted it that way.

Federations, as a rule, however, probably would not replace all functions currently performed by cities, counties and townships.

Only those specifically assigned to them by voters in the affected area would come under their jurisdiction.

-:-

EVERYTHING ELSE would remain under the same control as at present.

School districts would be unaffected by federation because they are regulated by the general law of Ohio under separate statues.

Despite the fact that only a dozen cities in the state are now large enough to make use of the federation plan, the issue has vital importance to rural communities as well.

The welfare of larger communities bears a definite relationship to the well-being of the state and its citizens as a whole.

Anything that limits the orderly expansion of these cities and hampers solution of day-to-day administrative problems is bound to have definite repercussions elsewhere in the state.

-:-

THE LOSS of effectiveness by one governmental unit is a loss of effectiveness by all in the long run.

As an instance, vital industrial development which might add substantially to Ohio's tax revenue may well go to some other state if vital water, sewage, police, fire and other facilities are not available in the major cities.

Moreover, industries already located in suburban spots where township or village governments are unable to furnish enough of these services are hindered in their production and the state economy thus is affected adversely.

The State Legislature in 1957 voted to place the federation amendment before the voters this year.

-:-

ITS SPONSORS were Reps. Frances McGovern (D-Summit), John J. Chester (R-Franklin), Eugene J. Sawicki (D-Cuyahoga) and B. S. Broughton (R-Geauga).

The resolution, designated, H.J.R. 24, bears a family relationship to H.J.R. 18, passed by the Legislature at its last session.

The latter eased voting requirements for counties of 500,000 or more population and made it simplier to adopt a countywide charter for home rule.

Results of the 1960 census are expected to show that six counties in the state have a population of more than a half million and thus will be eligible to adopt county charters if they wish.

-:-

LIKEWISE, the 1960 census is expected to indicate that 15 counties in Ohio have cities of more than 50,000 within their borders. They would be eligible to adopt the federation plan to solve their problems.

As the years pass, of course, many other cities might grow to this size and become eligible to participate.

Counties which presently would benefit from passage of the amendment at this fall's election and their principal cities are:

Allen (Lima), Butler (Hamilton), (Cleveland), Franklin (Columbus), Hamilton (Cincinnati), Lorain (Lorain), Lucas (Toledo), Mahoning (Youngstown), Montgomery (Dayton), Stark (Canton) and Summit (Akron).

Three others — Jefferson (Steubenville), Muskingum (Zanesville), and Richland (Mansfield) — are expected to qualify with the necessary 50,000 population, after the census is taken two years hence.

-:-

AN IMPORTANT fact to keep in mind, however, is that passage of Amendment 1 in November does not force any of these counties to take action toward federation of any sort.

It only permits them to do so if their citizens feel that this form of arrangement will better suit their governmental requirements.

Each step necessary to put a home rule charter into effect is subject to the vote of those affected by its regulations.

Keep In Trim

By IDA JEAN KAIN

Government Gals Bewail 'Federal Spread'

Government girls are faced with a bulging sit-uation. From the nation's capital comes this note: "Due to the nature of our jobs, we sit most of the time. And sitting for eight hours a day is no help to a gal's silhouette. It has led to the Federal spread. We need your help!"

Ida Jean Kain

Right! But, let's analyze the problem. It isn't sitting of itself that causes the spread—rather, it's soft muscles that come from lack of exercise. Not being used, these flabby muscles afford a quiet, undisturbed parking place for fat...and there you are. To make matters worse, the designers of today's skirts seem to have taken it for granted that all women have svelte hips!

—:—

THESE NARROWED skirts have everyone on the spot. Not only the hips, but the thighs need slimming and toning.

Two sets of muscles are involved. The bulky muscle which pads the backsides of the hips, the gluteus maximus, forms the buttocks, or, as the French term it, the derriere.

On the side of the silhouette is the gluteus medius, which forms the amphora curve of the hip. Those muscles are not easily brought into direct action, so pincushions of fat are wont to perch there, ruining the fit of a narrow skirt.

The first exercise is aimed directly at those bulges as well as helping to curb the spread. Swing into action:

Position: Sit on floor, leaning slightly back, and bend knees, keeping legs together. Shift a bit until you are in the position to bring weight to bear on the bulges.

Movement: Roll slowly and heavily along one thighline, back across hips to other thighline. Roll 12 counts, gradually increasing to 25 counts.

Resistance adds to the effectiveness of hip slimming. Also if you can force the hip muscles themselves to take the lift in an exercise, so much the better. Start with this easy lifting exercise.

Position: Lying on floor, face down, head pillowed on folded arms.

Movement: Begin with this toning movement—pinch buttocks muscles together hard, and hold. Follow by raising right leg rearward about 5 inches only, hold to slow count of 10, return to starting position and then raise left leg. Repeat 10 counts, alternating legs.

—:—

NOW, TRY THIS touch lifting exercise. Position: Lying face down on floor, hands under chin.

Movement: Keeping knees straight, raise legs and thighs off floor, separating legs to touch toes to floor in stride position. The count is stride-together-stride etc. Be sure to lift thighs—do not slide. Do all the lifting from the hips. Repeat a half dozen times, later more.

Send a long, stamped, self-addressed envelope for illustrated exercise leaflet entitled "Slim Hips In A Hurry." Address your request to Ida Jean Kain, in care of this newspaper. Post card requests can not be answered.

Few Dreamed He'd Beat Bricker

Democrats Make Belated Donation To Young Drive

By JAMES B. SIBBISON

WASHINGTON (AP) — Democrats here made a belated contribution of $2,500 to the senatorial campaign of Ohio Democrat Stephen M. Young. Few, though, dreamed he could beat Sen. John W. Bricker (R-Ohio)—as he did.

The contribution was made in the closing days of the campaign by the Democratic Senatorial Campaign Committee. It was among those reported, as required by law, to the House clerk.

Young had complained during the campaign that he wasn't getting help from the Democratic group. This was called to the attention of the committee chairman, Sen. George A. Smathers (D-Fla).

The $2,500 contribution followed.

Even so, a number of the other Democratic candidates for the Senate were given more money than Young, according to the report.

For example, the West Virginia Democratic candidates, Robert C. Byrd and Jennings Randolph, both successful in their senatorial campaigns, were given more than $5,000 each by the committee.

All of this, of course, is in line with the policy of both parties: When you have so much to spend, you don't invest much of it in a campaign written off as a lost cause.

Many Democrats were privately calling Young's campaign just that.

Other reports of late campaign contributions show Young was continuing to get some help from other sources.

The Machinists Non-Partisan Political League gave Young $1,000, the National Committee for an Effective Congress gave $500, and the Trainmen's Political Education League gave $250.

As for Republican spending, another report shows that in the closing days of the campaign former Secretary of the Treasury George M. Humphrey and five other Ohioans contributed $6,500 to the GOP.

They were the only six Ohioans giving $1,000 or more each to the Republican National Committee in addition to 14 others previously reported as having contributed $24,500.

Humphrey, a steel executive in Cleveland, gave $1,000.

The other five Ohio contributions were from:

William Levis, Toledo, $1,500; Loron M. Berry, Dayton, $1,000; H. S. Leyman Jr., Cincinnati, $1,000; Owen Clarke, Cleveland, $1,000; H. M. Cronk, Cleveland, $1,000.

News Story Enables Ohioan To Resume 'Familiar Life'

COLUMBUS, Ohio (AP) — The Columbus Dispatch has made it possible for Thomas (Yonnie) Licavoli to resume an old and familiar way of life.

Licavoli may not be very happy about it, though.

He's back in Ohio Penitentiary after a couple of years of what the Dispatch calls privileged living at the Hocking Honor Camp.

Maury Koblentz, director of the Ohio Division of Correction, ordered the 54-year-old Toledo underworld figure back to Columbus within hours after the Dispatch printed a story about him Thursday.

Among other things the story said, Licavoli, a convicted murderer, has been allowed unlimited visitors on other than regular visiting days, uncensored mail, unlimited access to a telephone, permission to wear non-regulation clothing, private, home - cooked meals and a small cabin for private talks with visitors.

In returning Licavoli to the penitentiary, however, Koblentz said he was only acting in the interests of the Hocking camp, and not because Licavoli was guilty of violating any camp rules. It was done, Koblentz said, "as a result of the recurring rumors which were not for the best interest of the camp."

He said it was the first rumor of favoritism he has received since the honor camp system was begun. The program has been in operation 8½ years and has handled more than 2,000 inmates in 15 camps.

For Licavoli, the transfer means a return to a long-familiar habitat. He entered the penitentiary in 1934 and remained there for 21 years before going to the honor camp three years ago this month.

Whether he stays there temporarily or permanently, Koblentz said, is up to Warden Ralph W. Alvis. In the meantime, authorities will continue their investigation into the favoritism allegations.

Authorities Seek To Piece Clues In Hunt For Slayer

WILMINGTON, Ohio (AP)—The State Highway Patrol along with officers from Cincinnati and Clinton County continued today to try to piece together clues which might lead them to the slayer of Mrs. Martha Louise Bergen, 32, of Cincinnati.

The burned body of Mrs. Bergen, a Cincinnati transit firm employe, was found near Lake Cowan Saturday.

Thursday, officers found her glasses and one shoe along a road in the park area at the lake. They expressed belief that might have been the spot where she apparently was struck on the head.

Dr. Frank Cleveland, Cincinnati pathologist, said an autopsy showed Mrs. Bergen was not dead when her body was set afire. He declared, however, skull fractures would have caused her death even if she had not been burned.

Mrs. Bergen disappeared after leaving her place of employment a week ago Thursday night.

Peace Accented By Russians In Moscow Parade

MOSCOW (AP)—The Soviet Union placed the accent on peace today in a Red Square parade celebrating the 41st anniversary of the Bolshevik Revolution.

The display of military equipment contained nothing new. The equipment rumbled past the reviewing stand atop the Lenin-Stalin Tomb in seven minutes.

Marshal Rodion Malinovsky called the tune in a speech hailing the "fight for peace," which he said is "meeting stubborn resistance from the ruling circles of the United States and Britain."

"Thanks to the tireless concern of our people, of the Communist party and the government," the Soviet defense minister said, "the Soviet armed forces have everything necessary to deal a destructive counterblow at the aggressors should they dare to unleash a new world war . . .

"Unity of the Socialist (Communist) camp makes it invincible."

Malinovsky's order of the day, published in Soviet papers, called for "revolutionary watchfulness"—indicating a need for alertness against espionage as well as maintenance of military security.

Youth Canteen Holds Contest At Fairview

The Fairview Youth Canteen held a dance in the Fairview Grange Hall Saturday and Nancy and Fred Rice, brother and sister, won free passes for the next dance Saturday.

Chaperones were Mrs. Ted Ryms, Mrs. Pete Prodonovich, Mrs. Ann Holava, Mrs. John Krizan, Miss Dorothy Brdar, Mrs. Joseph Smyda, Mrs. John Flasco and Mrs. Gen Gianvito. Records provided the music.

The Advisory Board of the canteen will meet at the home of John Flasco on Tuesday.

Eluded Traps 4 Years

Ex-'Wild Dog' Maverick Leading Life Of Luxury

By RALPH DIGHTON

VAN NUYS, Calif. (AP) — The monsters finally got him—then it turned out they were more like angels.

That's the way it was with Maverick, the stray Doberman Pinscher who eluded baited traps and nets for four years. He almost drove the dogcatcher crazy before he was shot down with a tranquilizer dart.

He went to sleep and woke up in a cage. The two-legged beings who had harassed him all those years came to look and marvel and bid for the right to own him.

One day the cage door opened and Maverick was driven away to a place that must be pretty close to a dog's idea of heaven.

He has his own bedroom, with an oil painting above his king-size bed. A veterinary prescribes his diet—all he can eat, three times a day. And he has two king-size playmates, Afghans Sheba and Sahib, to teach him the ways of civilization.

"Not that he needs much teaching," says his mistress, Mrs. Doris Crown, who paid $130 for Maverick at an auction last month. "It's not training that he needs, but pampering, and he's getting it."

Life with Doris and Harry Crown is quite a change for Maverick, who used to sleep in alleys and raid garbage pails.

On the other hand, life with Maverick is quite a change for the Crowns.

"It's almost grounds for divorce," says Doris, a tall, attractive blonde. She said her husband sometimes pays more attention to the dog than he does to her.

Despite some inconveniences, however, the Crowns figure Maverick is worth far more than he cost.

"We've had to give up our social life," says Doris. "You can't imagine how much money we've saved that way. And Harry has had to give up cigars because Maverick doesn't like them."

Doris and Harry have found they are healthier since Maverick came. Every morning and evening they take the dog for a stroll around their 2½-acre estate. It's the only way they can get him to exercise.

Maverick has attached himself to Harry like a leech," says Doris. "He doesn't know how to play by himself or with the other dogs. All he wants to do is stay right at Harry's side. If Maverick needs a walk, Harry has to take one too. So, to avoid losing Harry completely, I join them."

Mayor's Silent After Conviction And Fine Of $157

AURORA, Ill. (AP)—Paul Egan, the usually voluble mayor of Aurora, was silent Thursday after he was convicted by a jury of disorderly conduct and fined $157.20.

Egan, who has been feuding with Police Chief Donald Curran and the 68-man police force, did not testify during the four-hour trial presided over by Justice of the Peace Albert W. Zettinger. He had no defense witnesses.

Curran and two other witnesses testified against the 60-year-old mayor, who was arrested by Curran Oct. 14 at a meeting Egan had called in an attempt to mobilize citizens to replace the police force.

Egan's City Attorney Sidney Podolsky asked the verdict be dismissed on grounds the state law provides that the maximum possible fine on the charge is $100. Egan's fine was $141 plus costs of $16.20.

Ike Hunts Ways To Cut Spending, Then For Ducks

WASHINGTON (AP)—President Eisenhower flies to Ohio today to hunt ducks after hunting first for ways to cut federal spending.

Before leaving, the President arranged to confer with Budget Director Maurice Stans on the government spending program for the fiscal year starting July 1.

At the exclusive Cedar Point Club on the Lake Erie shore near Toledo, Ohio, Eisenhower will be the guest of George M. Humphrey, his first secretary of the treasury.

The President is stopping there for an afternoon of duck shooting on the way west to Tacoma and Seattle, Wash. He will spend the rest of the weekend at the home of his brother Edgar, an attorney in Tacoma.

On Monday, Eisenhower will address a meeting of the representatives of the Colombo Plan nations in Seattle. He intends to set forth recommendations for economic development of South and Southeast Asia.

Study Of Sewer Rates To Be Made In Chester

Plans for study of sewer rates for the proposed Chester sewage disposal plant were discussed at a meeting of the Chester Sanitary Board Thursday night at the City Hall.

The board is to study the rates as part of a sewage disposal ordinance to be presented for enactment at the next Council meeting Nov. 19.

Glenn Fortney of Charleston, representative of the West Virginia Health Department, and A. T. Knabb, Hancock County Health Department sanitarian, reported plans for the proposed plant are being made by the board in a satisfactory manner.

Fortney told the board the sooner all information and data are submitted to the state Water Commission for approval, the sooner the project will take shape. He said the site for the plant must be approved by the health departments.

Mayor Burton Ward presided.

Schools Of Hancock To Mark American Education Week

"Report Card U. S. A." is the theme for American Education Week to be observed by schools in Hancock County Monday through Saturday.

Each school has planned individual activities under the direction of Supt. Robert H. Hall, who is also school education chairman for the County Council of Parent-Teacher Associations.

Supt. Hall said of the 38th observance, "people are welcome to visit schools in Hancock anytime but we are making a special effort to have all citizens of the county visit the schools during American Education Week.

Many PTA units are holding open house observances, with Chester Central and New Cumberland Thursday night. Wells High School at Newell will hold open house Friday night with a program to be presented by the students.

Due to construction work, open house will be held at Weir High School in Weirton only during the daytime Thursday and Friday while other schools may be visited during the day also.

Mrs. Matthew Javersak of Weirton, president of the County PTA Council, said "the report our schools can give this year is particularly good because of the many improvements brought about by the support of the public in voting additional revenue."

Hancock schools will keep a register and all visitors will be asked to enter their names so that a complete and accurate record may be obtained, according to PTA officials.

CEK Mixer Return Again Wins Bull Award

SPRINGFIELD, Ohio (AP) — CEK Mixer Return, senior yearling bull owned by Mr. and Mrs. C. E. Knowlton of Bellefontaine, has come away with the honors once again. The bull was declared grand champion of the Buckeye Eastern National Polled Hereford Show here Thursday.

CEK Mixer Return was grand champion of the American Royal Livestock Show at Kansas City recently and top bull of breed at the Ohio State Fair in August.

2 Killed, 2 Safe When Logs, Rocks Rumble Down Hill

SILETZ, Ore. (AP)—A hillside covered with logs and huge rocks rumbled down Thursday on four men clearing an earlier slide from a mountain logging road.

Two workmen were caught and killed by the slide. Another was buried but dug his way out. The fourth was pelted with rocks but scampered to safety.

The giant slide—300 feet wide and 800 feet long — buried and killed Harley Norton, 50, and Peter Jacobs, 44, under three feet of mud and debris.

Ronnie Olman, about 30, jumped under his tractor. The tractor was buried, but he dug his way out.

Jim Bergen, about 30, was working when he saw the slide.

"I slapped Jacobs on the shoulder and said 'Let's go — run,'" Bergen said.

Bergen said he, Jacobs and Norton began running along the road.

"I ran 100 yards," he said. "I heard a big roar behind me. And then I was pelted with small rocks. When I looked back I was the only one there. The slide had just missed me."

Five hours later a crew of men found the bodies of Jacob and Norton.

Firehouse To Get Flasher Signals

Installation of red flasher signals for traffic control when fire trucks are entering or leaving the Glenmoor fire station was authorized at a meeting of the Glenmoor Fire Association Thursday night.

Two floodlight flasher signals will be installed in a few weeks to halt traffic when the fire trucks are moving in the area of the fire station.

Permission was given to Frank Rizer, scoutmaster of the Glenmoor Boy Scout troop, to use the fire station for troop meetings. The troop will meet Wednesday night at 7, according to Rizer.

The Cub Scout Pack was granted permission to use the fire station for meetings on Saturdays.

About 16 attended the meeting at which Martin Christen, president, was in charge. The volunteer firemen will meet Thursday night at 7.

2 Youths Hurt In Grid Game

Hospital Treats Man Suffering Dog Bite

Two boys hurt playing football at Westgate School were treated Thursday at City Hospital along with six youngsters and adults injured in separate accidents.

Edward Carnes, 15, of W. 2nd St. suffered an injury of the right knee, and Robert Barnes, 15, of Union St., was treated at the same time for a cut of the eyebrow. Carnes is the ward of Ralph Cunningham, and Barnes is the son of Mr. and Mrs. James Barnes.

Robert Risinger, 55, of Blackmore St. was treated yesterday afternoon for an injury of the right leg received when bitten by a dog.

Christopher Sachs, 1, son of Mr. and Mrs. John Sachs of Park Blvd., received a laceration of the scalp in a fall.

John Newhouse, 29, of Lincoln St., Salineville, suffered a cut of the lip when struck by a falling brick while at work at the McLain Fire Brick Division of the H. K. Porter Co.

Daniel Timmons, 3, son of Mr. and Mrs. Carl Timmons of S. Surrey Rd., received a cut of the eyebrow in a fall.

Dean Hamblet, 2, daughter of Mr. and Mrs. Harold Hamblet of Railroad St., suffered a cut of a finger on a bottle.

Margaret Tauber, 24, of Cedar Ave., Wellsville, was treated for a laceration of the hand received on a beverage bottle.

Immunization Shots Given To More Pupils

LISBON—Second-round immunization shots were given today for Salineville and Summitville first graders, according to Dr. Palmer, Columbiana County health commissioner.

Thirty-three Rogers first graders were given physicals Thursday morning by the County Health Department.

He was assisted yesterday by the school nurse, Mrs. Virginia Torrence of East Liverpool R. D. 2, and county health nurses, Mrs. Mary Alice Rumberger and Mrs. Violet Peterson.

Ohio 5-Day Forecast

Temperatures will average near normal. Normal high 51 north to 55 south. Normal low 35 to 36. A little warmer Saturday, colder Sunday, warmer Monday and colder again Tuesday or Wednesday. Precipitation will average one-tenth to three-tenths of an inch with showers Saturday night or Sunday morning and a chance of snow flurries then near Lake Erie. Rain likely again Tuesday or Wednesday.

Italy Claims Insult By Montgomery's Pen

LONDON (AP) — Italy complained officially today it had been insulted by Field Marshal Lord Montgomery's war memoirs, and the British Foreign Office hastened to express regrets.

A Foreign Office statement emphasized, however, that the British government could not be held responsible for opinions expressed by an army officer in his personal capacity.

Montgomery wrote that Italian soldiers were "unreliable when it came to hard fighting." Then he described Italy's change of sides in World War II as "the biggest double-cross in history."

Out Of The Air

By JOHN CROSBY

Sunday TV Had High Hilarity

The Sid Caesar show in the Dinah Shore spot last Sunday night had all the hallmarks of his unique genius; it was satiric, extravagant, contemporary and frefrequently overdone.

John Crosby

It was wonderful having him back, warts and all. For the first time in a long time, he had space to work in — he needs a lot of it — and a trio of marvelous co-workers and foils in Art Carney, Shirley MacLaine and Cliff Norton.

He needs good people to work with (as who doesn't?) and I suppose I was not alone in thinking that Art Carney and Shirley MacLaine would make marvelous permanent companions, if that were possible and I suppose it isn't.

Right at the outset, Caesar — in this his first show from Hollywood —poked a little fun at those tremendous fanfare openings that come out of the West. Then he and Carney and Norton sank their teeth into televised electioneering.

-:-

THIS HAS BEEN done before and done better. But it had its moments, particularly when Carney, as an advertising man in politics, was moaning "if only he could be sprayed on or if you could take him home and try him for 30 days."

Humor, for years now, has been getting too mild, too bland, too harmless, and it's a pleasure to welcome back some real mean humor. There were some wonderfully telling slashes in a satire on "Playhouse 90," particularly on those long trailers.

"We'll now show you Act II of our play three weeks from tonight, an original repeat by our alternate sponsor."

Even meaner and truer and deadlier was a little parody on the Dick Clark show with Carney playing the part of a disc jockey.

"And now the Draculaires sing 'You Drove a Stake Through My Heart,'" cried Carney cheerily. "Really, you have no idea how much money I make out of you kids. I'm especially fond of this label because I get an awful lot of money plugging it."

-:-

AND THE SKETCH ended with Caesar, playing the part of a manic teen-ager, grabbing Carney and in a truly inspired bit of comedy that was both funny and tragic, crying: "You're all we got, Johnny! I mean — is this it? Is this life — jumping around to this dopey music? We need help!"

I don't know why that got a bark of laughter out of me except that laughter and tears are always closer than we think.

Caesar still needs editing. It was an untidy hour, but it had class and exuberance and originality and, oh brother! do we ever need all those things!

-:-

IT WAS A GOOD night for comedy, actually.

Over on Steve Allen's program earlier, Elaine May and Mike Nichols made a return appearance with a devastatingly funny bit about finding an apartment in this crowded and unreasonable town.

This bit hasn't the tremendous originality or the sheer bite of truth of some of their earlier duologues but it was very funny, surer and perhaps more commercial.

Like Caesar, these two use sheer outrage to shake laughter out of you. Miss May's look of icy scorn when Mr. Nichols said he had children, for example.

"But they don't have to like us . . . We're not even very close, really . . . Sometimes I could kill my wife for having them."

This is the humor of wild exaggeration and you had best be sure-footed about it. My only reservation about Nichols and May is that they seem a little limited in scope.

That is, the routines seem rooted to a pair of stools and until they get up and move around a bit, perhaps engage in sketches, I can't be completely unrestrained but otherwise I find them the freshest and most engaging comics to come along in some years.

-:-

I'M AFRAID I can't be that enthusiastic about a bit Allen did with his regulars, Tom Poston, Louis Nye and Don Knotts, revolving around a bunch of drunken wine tasters.

This was amateur night, a bad idea to start out with, terribly long and infinitely dreary.

Earlier there was Jacques Tati, the very funny Frenchman who was quite a lot less than that in his brief appearance on the Allen show.

But you can't have everything. As comic evenings go, last Sunday was a high-water mark and we haven't had one of those for some time.

Search Resumes For 5 Canadians In Rig Capsizing

ERIE, Pa. (AP)—A search resumes today for five Canadians reported missing after a portable drilling rig capsized in Lake Erie 15 miles north of here.

The U.S. Coast Guard began the search Thursday after a plane sighted what appeared to be the wreckage of the barge-supported drilling rig owned by the Underwater Gas Development Corp. of Canada.

A Coast Guard cutter out of Erie battled 15-foot waves to reach the scene. A spokesman said the rig, which towered 20 feet above the water, apparently capsized during a gale Wednesday night. The lake is 40 feet deep where the rig was drilling.

It was reported the barge carried an inflatable raft with capacity for 12 men, plus life preservers and a smaller raft.

Two Canadian Air Force planes joined in the hunt for possible survivors. The cutter returned to port late Thursday night to wait for daybreak before continuing.

Candidates' Cost Reports Due By Dec. 19

Candidates who ran in the general election Tuesday and committees that supported or opposed any office - seeker or issue have until 4 p. m. Dec. 19 to file sworn campaign expense statements with the County Election Board.

Frank R. O'Hanlon, clerk of the board, explained that both winning and defeated candidates must file. Those who had no receipts or expenses must file sworn statements to that effect, he added.

Under state law, failure to file before the deadline disqualifies candidates from running in any election for the next five years.

Statements of county candidates and committees are filed with the County Election Board. District candidates, except Congress, file with election boards in the most populous county of their district. Candidates for state office, U. S. senator and Congress and committees operating statewide, file with Secretary of State Ted W. Brown at Columbus. Candidates for state senator in the 20th-22nd District file with the local board.

The reports must be accompanied by receipted bills for every expense of more than $25, the law provides. Statute permits public inspection of the reports.

Law forbids the secretary of state or the Election Board to issue certificates of election to winning candidates unless they file the statements before the deadline, which statutes fix at 45 days after the election.

Protestant Men Told To Diversify Church Efforts

COLUMBUS, Ohio (AP)—Protestant laymen can no longer concentrate their efforts only within the confines of the local church, says the general director of United Church Men, men's organization of the National Council of Churches.

Making his annual report today during the three-day meeting of the board of managers of the men's organization, general director Samuel J. Patterson Jr. of New York said:

"This is no age of isolation. The local program is already united with that of the presbytery, synod or assembly and, through them, with other denominations.

"There is only one kind of men's work in this country. While there are two areas—denomination and cooperative—they are the same. On this will be built the strength of protestant men."

Cancer-Stricken Lad Has One Of His Wishes Come True

PORTSMOUTH, Va. (AP) — "That's my grandma."

Ten-year-old Bobby Summers held out his small arms and for the first time in nearly two weeks a smile crossed his face.

Mrs. Else Otto of Lichtenfels, Germany, moved to the edge of Bobby's bed in the Portsmouth Naval Hospital and gathered Bobby into her arms. Her visit was the answer to the first of two great wishes expressed often by Bobby.

The second wish will not come true. Bobby wants to be out of the hospital and home with his parents, M. Sgt. and Mrs. Robert Summers of Ft. Monroe, Va., in time for Christmas. But doctors say cancer of the bladder will take his life within a few weeks.

Bobby doesn't know he has such a short time to live. He was stricken in May and after a period of hospitalization returned home. But he had to enter the hospital again Oct. 27 and this time the doctors said he would not leave alive.

Bobby's mother and father were married while Summers was stationed in Germany. After his father was reassigned to the States, Bobby often expressed the desire to see his grandmother.

For the past two weeks that has been one of his biggest wishes. But after paying for the doctors and medicine, his parents didn't have enough money left over to send for Mrs. Otto.

The Newport News Daily Press reported the plight of the lad and radio station WGH conducted a drive to raise funds to have Mrs. Otto brought here.

In no time at all $4,000 was raised and Mrs. Otto was on her way. She arrived in New York and was met by Bobby's parents. They arrived at the hospital Thursday.

12 Youths To Compete In Declamation Event

EAST PALESTINE — Twelve contestants are slated to take part in the annual Prince of Peace declamation competition Sunday night at 7:30 at the Grace Lutheran and the Evangelical United Brethren Churches.

Six contestants will vie at each church. Winners will receive bronze medals and take part in the county contest Dec. 7. The district contest will be held Jan. 4, and the state finals are scheduled Jan. 27 at Columbus with the winners to receive college scholarships.

Vet Charged In Kidnaping, Luring Girl, 5

CINCINNATI (AP)—A 35-year-old man who voluntarily entered a Veterans' administration hospital several weeks ago and then left has been charged with kidnaping for immoral purposes and rape in the luring of a little girl from a church bingo party.

The man is Robert Miller, a mental patient. He is a veteran of World War II.

Detectives Lytle Young and John Green said Miller admitted taking Vicky Pierce, 5, from a church auditorium here Wednesday night to a roadside park in adjoining Clermont County and attacking her.

The child still was with Miller when a county patrolman spotted his car. She was eating an ice cream cone.

Police said Miller lured her away from the bingo party with a promise of a malted milk. Her parents, Mr. and Mrs. Gordon Pierce, were playing bingo and Vicky and other children were playing in a hallway. The search started when other children told of Vicky leaving with Miller.

Sgt. Wilbur Earle said Miller told him he entered the veterans' hospital Sept. 10 but left Sept. 27. Dr. Guene Stern, director of the medical staff at the hospital said, "He was not a committed patient and we had no legal authority to hold him".

Wellsville Woman Hospitalized After Fall

A Wellsville woman, hurt in a fall, was admitted Wednesday to City Hospital where a boy and man were treated following separate mishaps.

Mrs. Mildred Jackson of Washington Ave., Wellsville, is in "fairly good" condition with an ankle injury suffered in a fall down porch steps last night.

Farnum Shasteen, 12, son of Mr. and Mrs. Charles Shasteen of Lisbon R. D. 2, suffered a laceration of the tongue while playing football at Beaver Local Public School.

Harry Parsons of E. 3rd St., truck driver for Gerace Brothers Market, was treated this morning for a foot injury suffered when a tire and wheel fell on his foot.

Hancock Gets $40,000 Fund

Check Issued For Public Utility Tax

First-half payments of the tax bills of public utilities in the state to meet the assessed 1958 valuation of their properties totaled $8,709,644.

The State Auditor's Office at Charleston, in announcing the first-half payments which were due Nov. 1, reported today that checks totaling $6,909,875 were mailed to West Virginia counties and municipalities.

Hancock County received $40,000, Brooke, $55,000, and Ohio, $90,000.

The Board of Public Works placed the assessed valuation of utility properties at $858,705,900 last June. Taxes totaling $17,275,687 were laid last month on the basis of the assessed valuation.

Harry C. Deisher, chief of the utility tax division in the Auditor's Office, said the difference between the amount collected and the total of checks in the first-half distribution was because of a million or more dollars which will go to the State Sinking Fund Commission for bond debts of the localities involved.

That payments will not be made until about next May 10, Deischer added.

Localities get utility tax receipts according to the proportion of the over-all assessed valuation located in each. Second half payments will be made next spring, with the first-half checks only rough approximations.

Kanawha County received $900,000, with the checks ranging down to $6,000 for little Wirt County.

DAV Post Will Send 2 To State Conference

Paul Brand, commander, and Albert Caruso, service officer, will represent the Disabled American Veterans Chapter at a state conference Saturday and Sunday in Columbus.

An instruction school for service officers will be held Saturday afternoon, and the auxiliary will hold a conference at the same time.

A joint conference with the auxiliary will be held Sunday morning with Sam Rothenberg, department commander, as the speaker.

80% Of $11,085 Snatched In Bank Theft Recovered

NEWARK, Ohio (AP) — FBI agents and Licking County Sheriff's men have done some digging —overhead and underfoot — to come up with about 80 per cent of the $11,085 taken a week ago in a bank robbery.

At first it was thought more than $13,000 was taken from the Kirkersville branch of the Park National Bank of Newark, but an audit showed $11,085 to be the amount taken.

Charles Abrams of Pataskala, his wife, Alberta, and Paul Earl Collins of North Kenova in Lawrence County are being held in connection with the robbery.

Agents and deputies were going over the Pataskala trailer court where the Abrams couple lived when an officer spotted a crack in the plasterboard of the washroom ceiling Thursday. When the board was torn away, searchers found a .38 caliber revolver and 150 $1 bills.

The gun is believed to be the one used in the robbery.

Officers were continuing their search when they received a call from an unnamed tipster that sent them to a fence line at the rear of a Licking County trucking firm about 12 miles east of Columbus.

About eight inches below ground they found $9,089 buried in an innertube.

Business Figure Dies

DETROIT (AP)—Leon G. Winkleman, 61, chairman of the board of Winkleman's women's ready-to-wear clothing stores, died Thursday of a heart attack. Winkleman, one of Detroit's leading merchants, with his brother Isadore developed a chain of more than 30 stores in the Detroit area since 1928.

Killer Says He Doesn't Care If Caril Lives, Dies

LINCOLN, Neb. (AP) — Killer Charles Starkweather says he doesn't care whether his ex-sweetheart Caril Ann Fugate lives or dies.

But testimony of the 19-year-old, himself condemned to death, stood today as the most damaging to date against Caril, 15, charged with first-degree murder on the identical counts on which Starkweather was convicted.

Starkweather completed a dramatic two-day appearance at Caril's trial Thursday. Prosecutors expected to rest their case today after introduction of a statement taken from Caril after her capture. Its contents have not previously been divulged.

Starkweather pictured Caril as his willing accomplice on a killing spree last January.

He disowned as "a bunch of hogwash" his earlier statements which portrayed her as an unwilling helper.

He lied to protect the girl, he said.

In fact, he related, some stories he told were fabricated jointly by Caril and himself while they lived together for several days at Caril's home after Starkweather killed three members of Caril's family.

Caril is charged with aiding and abetting Starkweather in the shooting of Robert Jensen, Bennet, Neb., schoolboy. Jensen is one of Starkweather's 11 admitted victims.

City Painter's Entry Wins In Butler Show

An oil painting by Hans Hacker, East Liverpool artist, has been judged best in the landscape division at the annual fall show at the Butler Institute at Youngstown.

It is titled "The Scene of the Horn Switch," looking from the A. & P. super-market lot down the railroad tracks to St. Clair Ave.

Hacker is employed by Commercial Decal, Inc. He also entered a crayon drawing. Both will be on exhibit until mid-December at the institute.

Mediation Office Due

AKRON, Ohio (AP)—The Federal Mediation Service has announced that an area office to cover Summit and Stark Counties will be opened here soon. Edward L. Phillips, now working in Columbus, will be transferred here to head a two-man office. The last Federal Mediation Service office in Akron was closed in June 1952.

Potters Will Bid For Second Victory Tonight At Toronto

End Pat Cooper Is Only Regular On Ailing List

With a losing football campaign already in the books, East Liverpool High's once-victorious Potters can only boost their stock percentage-wise by disposing of Toronto tonight.

For the first time this season, the Potters will not be an underdog and are given a chance to halt the Knights, who have a 3-5 mark and who upset once-beaten Tiltonsville last week.

Kickoff time is 7:45 p. m. at the Toronto High Stadium.

Potter coach Lou Venditti ventured that the Blue and White can chalk up its second victory of the season "if the team wants it bad enough" but cautioned that Toronto "is a dangerous club and has improved in the last few games".

Although the Potters are not completely hale and hearty this week, the only East Liverpool regular still on the ailing list is senior end Pat Cooper. Bill O'Neil, 170-pound fullback, and Dave Goodballet, 155-pound halfback, will not be in peak condition, however.

Cooper, O'Neil and tackle Craig Burbick missed last week's game with injuries. Burbick has recovered from a hand ailment and is scheduled to start at left tackle. O'Neil, although not listed as starting fullback, probably will enter the game early, Venditti hopefully reported.

However, should he not get into the game, the job will go to either sophomore John Goodballet, a 145-pounder, or John McCullough, 155-pound senior. Both have looked good in practice sessions this week, Venditti said.

Bob Mackall, 155-pound junior who stole the spotlight in last week's game with Salem by scoring two touchdowns and reeling off several long runs, will start at quarterback. Goodballet and Dave Zelch will team up at the halfback posts.

On the forward wall for the Potters will be Ron Prince and sophomore Tim Archer at ends, Burbick and Carl Ludwig at tackles, Nick Musuraca and Jim Bise at guards and Joe Leigh at center. Archer and Burbick have been turning in outstanding defensive performances in practice drills, Venditti commented.

The Toronto line will weigh about the same as East Liverpool's, except at the tackles where there will be a definite advantage in the Red Knights' favor.

Jack Kirkpatrick, right tackle, scales 220 and is a letterman, while Bob Carman on the left side goes over the 200 mark also. Burbick, left tackle for the Potters, weighs 185, while Ludwig is near the 170-pound mark.

Tonight's game will end the regular season schedule for Toronto, with "Dad's Night" to be observed. The Potters will have one game left, that against Alliance, Ohio's top-rated team, at Patterson Field Nov. 14.

The Potters will be seeking their 230th victory in the school's history tonight. Since 1910, they have won 229, lost 208 and tied 23.

Should the team lose tonight and also to Alliance next week, it would be the leanest season since 1947 when the Potters won one, lost eight and tied none. Before that year, the poorest season was in 1918, when the Potters showed one victory and three defeats after a flu epidemic led to an unfinished season.

Against Toronto, East Liverpool teams have won 16 and lost 6, with the only tie in the series being a 6-6 score last season.

In eight games this year, the Potters have scored 84 points to the opposition's 158. Mackall leads in point production following last week's outburst against Salem. The junior quarterback has 20, Prince is second with 18 and Musuraca third with 16. After that come Dave Goodballet with 14, Archer with 8, O'Neil with 6 and McCullough with a rushing conversion for two.

ELHS Band To Feature Drill Routines Tonight

East Liverpool High's Marching Band under the direction of Don Allen will present two precision drill routines to the music of "Col. Bogey March" and "Mr. Touchdown, USA" at halftime of the East Liverpool-Toronto game tonight. Majorettes will also present a dance routine to "Side by Side." Transportation to the away games is provided by the ELHS Key Club and the Hall-Snyder Bus Co. Kickoff is 7:45 p. m. at Toronto High Stadium.

Rocky Colavito Named 'Indians Man Of Year'

CLEVELAND (AP) — Outfielder Rocky Colavito has been selected as the Cleveland Indians' "Man of the year" by the Cleveland chapter of the Baseball Writers' Assn. of America. He will be honored at the chapter's annual Ribs and Roasts dinner Jan. 19.

Colavito, whose strong finish helped the Tribe win fourth place, barely edged pitcher Cal McLish, who had a 16-8 record for the season. Colavito got eight votes to six for McLish. One writer voted to honor the pair together as men of the year.

Rocky led the Indians in home runs with 41 and runs batted in with 113. His home run production was second only to Mick Mantle's 42 in the American League race.

Swede Balks At U.S. Plans

GOTEBORG, Sweden (AP) — Swedish heavyweight Ingemar Johansson, the European titleholder, will not go to the United States if he cannot fly the shorter distance over the North Pole, Edwin Ahlquist said today. Ahlquist is a boxing promoter and former manager of Johansson—now his advisor.

"The American sponsors who invited Johansson to visit Seattle have changed the travel plans three times, which is a little too much. Now they want us to go via New York which nearly doubles the travel distance compared with the North Pole route. This is impossible because Johansson will not have time for that. He has his program here in Sweden with exhibition matches which he promised long ago."

Ahlquist said he will inform the sponsors—a Swedish - American organization in Seattle—of his decision today.

"But if we can agree we will leave for San Francisco on Nov. 18 and go to Seattle via Los Angeles," Ahlquist added.

About the program for the 10-day tour, Ahlquist said he has given no promises for a six-round exhibition match against Harry "Kid" Matthews.

"We are invited to a banquet and a television appearance — that's all we have promised," he said.

Adolphus Defeats Youngstown By 26-20

YOUNGSTOWN, Ohio (AP) — Youngstown came within one foot of spoiling Gustavus Adolphus' perfect football season Thursday night but the Penguins dropped a 26-20 decision.

Youngstown drove to the Golden Gusties' 5-yard line with a first down late in the fourth quarter. Four plays put the ball on the one-foot line with 4:20 remaining in the game. The winners took over and ran out the clock.

It was Gustavus Adolphus' eighth victory as it closed without a loss or tie.

Miami, Wittenberg Ready For Crucial Loop Battles

COLUMBUS, Ohio (AP) — Miami's Redskins and Wittenberg's Tigers step up to the championship payoff window Saturday in two of the feature attractions on Ohio's 23-game collegiate football program.

Miami goes against Marshall under the lights at Huntington, W. Va., and should the Thundering Herd (1-3) defeat the Redskins (4-0) in the season's big upset, it would clear the way for Kent State to take a crack at the Mid-American crown in next week's fray against Western Michigan. Kent currently is 4-1 in the loop. A Miami win would wrap up the laurels for the Oxford crew.

Wittenberg, under the canny coaching of Bill Edwards, has won five in a row in the sprawling Ohio Conference, the only unblemished record in the league. Ohio Wesleyan, Saturday's foe with 3-1, is third, behind Muskingum's 4-1. Only once in the last 29 years have the Tigers trimmed the Battling Bishops, a 20-13 conquest last year giving Wittenberg a share of the title with Denison. A Tiger wins grabs the title. A loss probably would give it to Muskingum.

In all games Wittenberg and Wesleyan have identical 6-1 records, although the Tigers' lone loss was erased as Baldwin-Wallace forfeited its 26-6 victory. Wittenberg has a 241 scoring total to Wesleyan's 240.

Cincinnati, with one loss and two ties in three Missouri Valley tilts, entertains tough Tulsa in another headliner, while Dayton plays Villanova in the Gem City in an eye-catcher.

Other games on Saturday's slate are Purdue at Ohio State, Ohio University at Bowling Green, Marietta at Muskingum, Mount Union at Wooster, Kenyon at Hiram, Akron at Denison, Capital at Oberlin, Allegheny at Case, W. & J. at John Carroll, Western Reserve at Western Michigan, Kent State at Louisville, Ohio Northern at Alma, Central State at Lincoln, Bluffton at Centre, Defiance at Anderson, Xavier at Toledo (N), Baldwin Wallace at Heidelberg (N), Northern Michigan at Findlay (N), and Otterbein at Ashland (N).

Gustavus Adolphus defeated Youngstown last night 26-20.

Hamilton Labels Current Pitt Best Team In 10 Years

PITTSBURGH (AP) — Tom Hamilton, Pitt's astute athletic director, tabs the school's current football team as the best he's seen since coming here 10 years ago.

And Hamilton feels strongly that the unranked Panthers, a one-touchdown underdog, can take Notre Dame in their crucial game at Pitt Stadium Saturday.

"We can do it," he said emphatically Thursday. "These boys can beat Notre Dame. I know they can. If they do, Syracuse and Michigan State will be forgotten."

Hamilton was referring to the only losses Pitt has incurred this season against four victories. The Panthers also fought to a 14-14 tie with Army.

No one knows better than Hamilton that a victory over Notre Dame, ranked 14th, most likely would vault the Panthers back into the top 20 and put them in strong contention for a bowl bid.

Lane Favored To Beat Godih

SYRACUSE, N.Y. (AP) — The busy lightweight division takes over the boxing front again tonight with Kenny Lane, the No. 1 challenger, heavily favored to whip Lahouri Godih in a 10-round match at the War Memorial Auditorium.

Coming only two days after Johnny Busso's upset of lightweight champion Joe Brown in a nontitle match, the bout calls for a superior effort by Lane to protect his standing.

Both the National Boxing Assn. and Ring list Lane at the top of the list of Brown's challengers on the strength of his close, but losing fight with the champ July 23 at Houston.

Brown's next opponent has not been signed. His six-month period of grace will run out in January.

COLUMBUS, Ohio (AP) — For the first time since away back when, Ohio State goes into a football game Saturday as the underdog.

Purdue's Boilermakers, their last three wins over Michigan State, Notre Dame and Illinois—while Ohio was trampling undermanned Indiana, tying Wisconsin and losing to three-touchdown underdog Northwestern — are the threat to force the Bucks another rung down the gridiron ladder.

Coach Woody Hayes of the husky Ohioans, blessed with a rugged first string and scanty in reserve strength, figures this to be a tough contest but insists his charges are rebounding from the unexpected setback at Evanston.

Hayes has been forced to stay with his starters, due to the replacement problem, while opposing mentors have been platooning or constantly tossing fresh talent on the field.

A year ago, in 10 games, the Bucks surrendered only one fourth-period touchdown — and it came on the first play of the final session on a 15-yarder by Northwestern's Ron Burton. This year the tiring Ohioans have given up 35 points in the final 15 minutes—almost half the foes' scoring total of 76.

The Bucks have either lost their potent scoring touch, or rival mentors have found a way to put a halter on the galloping backs. At the end of six games a year ago Ohio held a 189-51 scoring edge. This season the margin is 110-76.

With six games gone, each Ohio starter had a shot at 360 minutes of playing time—or 3960 minutes for the entire team. The starting 11 has eaten up 3136 minutes of the total—despite the fact Halfback Don Clark has missed a game and a half with injuries, Quarterback Frank Kremblas saw only a half-minute action in one tilt due to injuries, and most of the others played less than half time against Indiana.

Eleven times in six games players have gone the entire 60 minutes. End Jim Houston has played 320 of a possible 360 minutes, going without relief the last two. Tackle Jim Tyrer has a 253-minute record, and Guard Oscar Hauer, who this week lost his job to Danny James, holds the top mark with 327 minutes, including three all - the - way performances and one for 59 minutes.

Playing times for the other regulars: Center Dan Fronk 283, Guard Ernie Wright 268, Tackle Jim Marshall 313, End Dick Schafrath 312, Kremblas 261, Clark 221, Halfback Dick LeBeau 281, and Fullback Bob White 206.

While Ohio's offensive output has skidded from last year, along with its defense, Purdue has gone the other way. Last season, after six games, the Boilermakers had a 109-81 scoring edge, but this year it's 132-67. Purdue has a 5-1 record to Ohio's 4-1-1.

Fourteen of the 33 on the Boilermaker traveling squad are residents of Ohio, but Fullback Bob Jarus, Parma junior and the Big Ten's second best scorer with 54 points, may be out with injuries.

Ohio is reported in tip-top shape. Some 83,000 fans are expected to crowd the stadium for the 1:30 p.m. kickoff.

Homecoming At Wellsville Slated Nov. 14

Wellsville's annual homecoming observance, sponsored this year by the Key Club of the high school, has been set Nov. 14 when the Tigers conclude their 1958 football campaign against Lisbon at Nicholson Stadium.

Crowning of a homecoming queen at halftime of the game will highlight the event. Dick Wilk, senior class president, will conduct crowning ceremonies.

A dance, sponsored by the student council, will be held in the high school immediately following the football game.

Queen candidates include Sandy DeJane, Mary Ola Hickman, Shirley McDevitt, Lana Phillips and Kay Provost. Student Council will purchase flowers for all candidates.

The Key Club's homecoming committee includes Bill Winland, chairman, Wilk, Anthony Grande and Bruce Falconer.

Syracuse Eyes Boston U. As Another Step To Bowl Bid

Big 10 Topper Pits Badgers And Wildcats

By JACK CLARY
Associated Press Sports Writer

The weekend's football activity begins tonight on a paradoxical note. If Saturday's activity follows the trend, it will end the same way.

Syracuse, an Eastern independent not picked to do much before the season, meets Boston University in another step up the ladder to a bowl bid. The Orange is ranked 12th in The Associated Press poll on the basis of its 5-1 record, and last week's 16-13 victory over Pitt.

Boston (3-3) has been up and down all year and faces the nation's seventh-ranked team in rushing defense and top-scoring outfit with 26.7 points per game.

Down South, Miami University, ranked 15th before the season, has won only once in five starts and has scored a meager 31 points. The Hurricanes play a tough Florida State team (6-2).

Alabama, winner of its last two and 3-3 for the season, plays Tulane at New Orleans in a Southeastern Conference game to wind up the major activity tonight.

Saturday the fireworks begin in the Big Ten, while the rest of the conferences are comparatively quiet. There are a number of intersectional games.

The top game in the Big Ten pits fourth-ranked Northwestern against Wisconsin (No. 7). Dick Thornton and Ron Burton, who led the Wildcats to their 21-0 victory over Ohio State last week, will face a Wisconsin defense that has allowed only 6.7 points a game in running up a 4-1-1 record. Northwestern is 5-1.

Iowa conceivably can take all the Big Ten marbles and a spot in the Rose Bowl if it defeats winless Minnesota, if Ohio State loses to Purdue and Wisconsin beats Northwestern.

Iowa, second-ranked, has a 4-0 conference record. The Gophers haven't won in nine games.

Top-ranked Army travels to the Southwest for the first time, to meet Rice (No. 13) in the top intersectional game. Halfback Pete Dawkins and fullback Harry Walters are both ready for offensive duties after injuries, bolstering the Cadets' top-ranked offense.

The nation's top defensive team, Auburn (No. 5), has an SEC game with Mississippi State, which has lost two in a row but ranks 10th in total defense. Oklahoma (No. 6) has a Big Eight Conference date with Iowa State.

Ninth-ranked Mississippi plays non-SEC member Houston, but the game is counted in the SEC standing since Ole Miss could not schedule the required minimum of five conference games.

The Air Force Academy (No. 10), with only a tie against five victories, plays Denver (2-5). Texas Christian (No. 11), winner of its last four, plays Marquette in an intersectional tilt, while Notre Dame (No. 14) has an intersectional date with Pitt (4-2-1) in Pittsburgh. This game will be regionally televised in the East.

Jim Tatum goes after his 100th victory as a head coach when North Carolina (No. 15) plays Virginia in the day's only ACC game.

Seventeenth-ranked Clemson the ACC leader, plays Georgia Tech while undefeated Rutgers (6-0), ranked 18th, meets Lafayette.

The day's other television attractions find Illinois at Michigan in the Midwest regional telecast, Nebraska at Kansas in a Big Eight telecast and Stanford at Oregon in the Far West regional telecast.

The Pacific Coast Conference also has its leader, Oregon State (5-2), meeting Washington State (4-3) while runner-up California (4-3) faces UCLA (2-5).

Maxwell's 136 Leads Atlanta Golf 2 Strokes

ATLANTA (AP) — Texan Billy Maxwell hoped to keep rolling in those putts today as he began the third round of the $25,000 Atlanta Open Golf Tournament with a two stroke lead over the field.

The stocky 29-year-old professional from Odessa moved out in front Thursday with an amazing 8-under-par 64 over the 7,004-yard par 72 Cherokee Country Club course record.

Maxwell carded 8 birdies, 4 of them in a row. He had 26 putts, 14 on the front 9 and 12 on the back side. The 64 and an opening round 72 gave him a 36 hole total of 136.

Bill Collins, long - hitting pro from Baltimore who shared the first round lead with Chick Harbert of Northville, Mich., and J.C. Goosie of Knowville, Tenn., at 68, hung on gamely with a 70 for a 2 round total of 138.

Harbert and Goosie weren't so fortunate and slipped to 5-over-par 77s for 145 totals.

Four strokes off Maxwell's blistering pace with a 140 was Julius Boros of Mid Pines, N.C., seventh ranked PGA money winner for the year. He had a solid 66 to go with a first round 74.

Tied at 141 were Billy Casper of Apple Valley, Calif., and Bob Watson of Ardsley - on - Hudston, N.Y. Casper had a 72-69 and Watson a 71-70.

Charlie Harrison of Atlanta with a 73-73 — 146 nosed out fellow townsman Gene Dahlbender by a stroke to take low amateur honors.

The field was cut at the end of the round to include players who shot 152 and better and ties and the 10 amateurs. There will be no action Saturday to avoid conflict with the Georgia Tech-Clemson football game. Finals will be played Sunday.

Baylor Already Being Touted As NBA's Top Rookie

By The Associated Press

The National Basketball Assn. season is less than two weeks old. But already Elgin Baylor, the former college All-America from Seattle, has grabbed a headlock hold on Rookie-of-the-Year honors.

Baylor scored 26 points Thursday night to lead the Minneapolis Lakers to a 103-101 victory over the Philadelphia Warriors. The triumph gave last season's tailenders sole possession of first place in the Western Division with a 4-2 record.

Baylor collected 13 of his points in the fourth quarter as the Lakers fought off a closing rush by Philadelphia. The Warriors dropped into the Eastern Division cellar with a 2-3 mark. Dick Garmaker also helped the Lakers with 24 points while Tom Gola had 22 and Joe Graboski and Jack George 20 each for Philadelphia.

Baylor has scored 126 points in six games for a 21.0 average. He is fourth in the individual scoring race, trailing only George Yardley of Detroit 170 points, Bob Pettit of St. Louis 146 and Jack Twyman of Cincinnati, 129.

New York is at Detroit in tonight's only game.

Nashua earned $752,550 as a 3-year-old in 1955.

Minor Leagues Fail On Realignment Plan

MEMPHIS (AP) — Baseball's troubled minor leagues were right back where they started today after a two-day realignment conference that went down swinging.

Radical proposals fathered by Bill DeWitt of St. Louis, baseball coordinator and administrator of a half million dollar emergency fund, never got to first base.

The first step—a deal involving the AAA American Assn. and the AA Texas League—fizzled. That blocked everything else in the proposed chain reaction shuffle.

The only thing the two-day session produced was the transfer of the American Assn.'s Wichita franchise to Louisville. That left the American only a little better off.

The Wichita franchise replaced an American franchise at Louisville, where the Colonels were giving up the struggle. It left the Association with only seven clubs. It offered to buy the Texas League's Fort Worth club, but, Texas refused to give it up unless the Association also took over Houston and Dallas and paid $120,000 damages.

The snagged deal apparently ended at least for the time being all hopes of solving some problems facing minor leagues.

The American Assn. had hoped to acquire a healthy eighth member. Texas had hoped to ease its money troubles by selling three clubs, then rebuilding by adding three clubs from the suffering Western League.

The class A Western has a bare treasury and, worse yet, no hope of acquiring working agreements with major league clubs for caliber players, so the loop is expected to fold.

Club operators these days consider a working agreement a necessity.

Dick Butler, president of the Texas League, said Texas is prepared to open the 1959 season with the same eight clubs despite two threats: the Cardinals have said they will no longer operate Houston as an AA club, and San Antonio and Tulsa are pinched for cash.

A solution may be found at the regular minor league conference in Washington Nov. 30, Butler said.

Beagle Club Sets Annual Fall Field Trial For Sunday

East Liverpool's Beagle Club will hold its annual fall Plan-B field trial sanctioned by the American Kennel Club Sunday at the club's grounds on the old Y & O Road.

Drawing will be held at 8 a. m. and ribbons will be awarded to all place hounds. Mounted judges will include Harry Truxel, Alfred Bayless, Don Dixon and F. B. McClintock. The trial is open to anyone in good standing with the AKC and who has a hound eligible for registration.

Club members said entries are expected from all over the Tri-State area. There is no admission charge. Movies will be taken by the club of parts of the trial.

Here's Tonight's Slate For Ohio Top Teams

COLUMBUS, Ohio (AP)—Here's the Friday night schedule for the top 10 Ohio high school football teams in The Associated Press poll:

Alliance (1) vs Akron Hower, Marion Harding (2) vs Sandusky, Cleveland Cathedral Latin (3) vs Cleveland Benedictine, Massillon (4) vs Akron Garfield, Newark (5) vs Marietta, Springfield (6) vs Toledo Macomber, Elyria (7) vs Lorain, Dayton Fairmont (8) vs Greenville, Portsmouth (9) vs Ironton, and Toledo Central Catholic (10) vs Toledo Libbey.

Westgate Nips Little Tigers

Coach Bill Blair's Westgate Junior High football team concluded its football season Thursday evening by bumping Wellsville High's frosh from the ranks of the unbeaten, 14-6, at Patterson Field.

The victory gave Westgate a 3-3 mark for the season and snapped a four - game winning streak posted by Coach Carl Firm's Wellsville freshmen.

Halfback Gene Wolf armed Westgate with an early lead when he raced nine yards for a touchdown in the first quarter. Don Menough crashed over for a two - point conversion.

In the second period, the Wildcats posted another touchdown on Ted McKinney's short buck. The extra point attempt was halted.

Wellsville recovered a fumble on Westgate's 30 - yard line in the fourth period which set up their only touchdown of the game. Roger Ours climaxed the drive with a short plunge across the goal line.

Menough, 165 - pound freshman halfback, quarterback Jack Deshler, Gene Wolf and fullback McKinney were outstanding on offense for the winners. Sparking Westgate's defense was Brady Clutter, 150 - pound middle guard, and Bob Barnes, a linebacker.

Barnes and Ed Carnes were both injured in the game although not seriously. Twenty - two gridders from the Westgate squad will move up to the varsity ranks next year.

Browns To Seek Revenge Sunday Against Detroit

CLEVELAND (AP) — The Detroit Lions have always been a thorn in the side of the Cleveland Browns.

Going into Sunday's game at Municipal Stadium the Browns have never won a regular season contest from the Lions. In four championship games the Browns were victorious only once, in 1954.

And who can forget that 54-14 pasting the Lions handed the Browns in last year's National Football League championship game? Certainly not the Browns.

On the wall of the Cleveland dressing room at the League Park practice field is a clipping describing the Lions' runaway championship victory. Specially marked is a paragraph quoting Joe Schmidt, Lions linebacker and captain, which says:

"Cleveland isn't a hard team any more. They're not as tough as they used to be when they had (Otto) Graham and some of those guys."

A big, black pencil mark underlines Schmidt's concluding sentence:

"They don't hit as hard."

London Bookies To Wager On Irish Horse At Laurel

By GEORGE BOWEN
Associated Press Sports Writer

LAUREL, Md. (AP)—The reputation of Ireland's Ballymoss is so great that even the London bookmakers are going to bet on him in Tuesday's International race.

This was the word relayed today to Laurel track officials by Cyril Parker, managing director of one of England's foremost bookmakers, Ladbroke & Co.

Parker said that the firm is receiving such "a tremendous amount of money from all over the world" that it will not quote any odds on Ballymoss. It is accepting the bets and offering to pay off at the Laurel track odds if the 4-year-old colt owned by John McShain of Philadelphia wins the seventh International.

Parker added that his bookmaking establishments and others he knows about are receiving no bets on any of the nine other entries in the $100,000 International, to be run at a mile and one half on the grass.

It is his own personal opinion that "there isn't anybody in the world that can beat Ballymoss." The colt arrived at Laurel Thursday along with Tharp, another Irish colt, and Orsini from Germany. Venezuela's Escribano is due Saturday to complete the roundup.

The International will be the last racing appearance for Ballymoss. He has been sold by McShain to the English Stud for $700,000.

In addition to the three Europeans and Venezuelan entry, the International lineup includes Clem and Tudor Era of the host country, Zaryad and Garnir from Russia, Sailor's Guide from Australia, and Revoque from Argentina.

Ireland's Sensational Ballymoss Horse Snob

LAUREL, Md. (AP) — Ballymoss, the Irish sensation in next Tuesday's International race, is a horse snob.

Vincent O'Brien, his trainer, was asked whether he used work horses to lead Ballymoss on or off the track.

"No, he shies away from them," said O'Brien. "He won't have anything to do with less than a thoroughbred."

Two members of Michigan State's 1958 soccer team hail from Ghana, which is about 10,000 miles from the East Lansing campus.

Man Draws $100 Fine On Check Complaint

A 38-year-old Beaver County man was fined $100 and costs Thursday in Municipal Court on a false pretense charge alleging he obtained $20 with a check Tuesday from the Milligan Hardware & Supply Co. by claiming he had an account in the First National Bank in Midland.

Kenneth Todd of Smiths Ferry R. D. 1 was arrested Tuesday by Lt. Clyde W. Boso, head of the police Special Service Bureau. The charge alleged he passed the check by pretending he had an account in the Midland Bank, but he is not a depositor.

from outer space research come the Hoffman solar cells that give free power to this TRANS-SOLAR radio—

FREE
WITH THE PURCHASE OF A HOFFMAN TV

ONLY RADIO OF ITS KIND ON EARTH!

Flick the switch and this amazing personal radio plays with free power supplied by the sun—plays indoors under incandescent light, too—flick again and it gets its power from a battery for night time or sunless days. And the Hoffman solar cells built into the Trans-Solar's unbreakable case will *never* wear out! The Trans-Solar has six transistors, push-pull audio output and earphone jack for "private line" listening! In six fashion-right colors!

$79.95

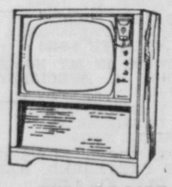

THESE ARE THE Hoffman SOLAR CELLS THAT KEEP THE VOICE OF NAVY'S VANGUARD ALIVE LONG AFTER CONVENTIONAL POWER SOURCES HAVE FAILED, THE IDENTICAL CELLS USED TO BRING YOU ENDLESS FREE POWER IN YOUR HOFFMAN TRANS-SOLAR PERSONAL RADIO.
